Dear Directorate for Priority Crime Investigation,

I respectfully submit the attached formal written statement (Annexure A) in support of a criminal complaint against Medscheme Holdings (Pty) Ltd, a subsidiary of AfroCentric Health Ltd (JSE: ACT).

The statement sets out in full the grounds of complaint, the chronological facts, the named responsible officials, and the documentary evidence available. I draw the Directorate's attention to the following in particular:

1. UIF contributions were deducted from my salary for June 2025 and the corresponding declaration was never successfully processed on the official ufiling.labour.gov.za portal, which continues to reflect 'No Information' for that month as of 23 February 2026 – 39 days after the employer was first placed on formal written notice.
2. On 19 January 2026, two senior HR officials – Sipokazi Makaula and Cheryl-Dawn Modern – provided written responses falsely asserting that the declaration had been submitted and that the company was compliant. The uFiling portal directly contradicts both representations on five independently verified dates.
3. On 23 February 2026 I attended Delft Police Station to open a criminal case. The Station Commander declined to do so. I recorded that interaction and the transcript is available.
4. The Department of Employment and Labour received my complaint on 10 February 2026 and allocated an integrated inspection on 16 February 2026. The matter remains unresolved.

I respectfully request that the Directorate register this complaint, assign a case number, and consider coordination with the DEL Inspectorate currently engaged with the same employer.

I am available to provide all documentation at your earliest convenience.

Yours faithfully,

Sr. Wilbur William Matthee
