

IN THE HIGH COURT OF SOUTH AFRICA
WESTERN CAPE DIVISION, CAPE TOWN
CASE NO: 2026-086906

In the matter between:

AFROCENTRIC INVESTMENT CORPORATION LIMITED	Applicant
and	
WILBUR WILLIAM MATTHEE	Respondent

INDEX OF ANNEXURES

SUPPLEMENTARY ANSWERING AFFIDAVIT (FINAL CONSOLIDATED)

Respondent Acting in Person — Case No. 2026-086906

This bundle contains **22** annexures filed in support of the Respondent's Supplementary Answering Affidavit. Each annexure is preceded by a tab page identifying the document by reference, date, category, description, and its relevance to these proceedings. The annexures are listed below in chronological order and by reference number.

Total Annexures: 22 | Period covered: **January 2024 – April 2026** | Respondent: **Wilbur William Matthee (acting in person)**

CATEGORY	ANNEXURE REFERENCE(S)

FULL CHRONOLOGICAL INDEX

REF	DATE	CATEGORY	DOCUMENT DESCRIPTION	RELEVANCE / PURPOSE IN THESE PROCEEDINGS
A1	9 April 2024 (signed 18 April 2024)	<i>Employment Record</i>	Employment Contract — Respondent designated "Care Coordinator" (IRC78739), signed by GM Barbara Johnson.	Proves title imposed without consultation. Contradicts Applicant's use of "Case Manager" in founding papers. Fatal contradiction with Certificate of Service.
WW3	29 January 2024	<i>Recruitment Email Chain</i>	Vacancy email chain: Neo Sekgoka (Human Capital Intern) communicates "Specialist Care Manager" assessment. Respondent's email of 29 Jan 2024 at 14:14 voluntarily discloses pending blood-alcohol trial and provides updated CV.	Establishes radical transparency during recruitment. Proves Respondent was not induced by misrepresentation. Counters any attempt to use the pending trial to impugn character.
IMP1	2 November 2025	<i>Impact Statement</i>	Impact Statement submitted by Respondent to HR Business Partner — documents chronic stress, erosion of self-confidence, isolation, and professional stagnation caused by the hostile work environment created by Mary-Ann Jones; cites specific incidents including no-win directives, out-of-hours demands, and denial of written record.	Establishes subjective element of constructive dismissal. Contemporaneous record of deteriorating employment conditions predating resignation.
EXEC1	4 December 2025	<i>Internal Escalation Email</i>	Executive Leadership Escalation email from Respondent's Medscheme email account — documents: (1) unlawful salary deduction >40% during mental health admission; (2) continuous retaliation and victimisation; (3) 20% reduction in performance metrics; (4) 30+ days institutional silence. Requests paid recuperation leave, financial settlement independently assessed by Risk & Compliance, and institutional commitments.	Final good-faith internal attempt prior to CCMA referral. Satisfies requirement to exhaust internal remedies. Directly contradicts any suggestion of bad faith or vexatious conduct.
GRC1	9 December 2025	<i>Board GRC Escalation (1st)</i>	Formal GRC Escalation to Dr ATM Mokgokong (Chairman, Social & Ethics Committee) with 38 attachments. Includes executive summary table of King IV governance failures (Principles 2, 3, 14, 16). Formal request for independent investigation and Board-mediated resolution. Filed prior to Manyati opposing affidavit.	Establishes Board-level notice of governance failures before OA1 was filed. Demonstrates protected disclosure made in good faith. Grounds King IV / Companies Act governance argument.

REF	DATE	CATEGORY	DOCUMENT DESCRIPTION	RELEVANCE / PURPOSE IN THESE PROCEEDINGS
OA1	10 December 2025	<i>CCMA Opposing Affidavit</i>	Notice of Opposition and Answering Affidavit of Xolile Vincent Manyati, Senior Employee Relations Specialist (CCMA Case No. WECT23564-25, Medscheme Holdings v Wilbur Matthee). Paragraph 6.3: PTSD and depression characterised as "an excuse" and "an afterthought". Respondent misstated as "care coordinator". Punitive costs sought.	Primary evidence of Applicant's bad faith. Non-medical deponent attacks uncontested psychiatric diagnosis under oath. Respondent's designation misstated in a sworn document. Directly contradicts Applicant's position in this application that it acts in good faith.
GRC2	11 December 2025	<i>Board GRC Escalation (2nd)</i>	Second Board-Level GRC Escalation: "Legal Opposition Affidavit Confirms Institutional Bad Faith & Escalates Governance Risk". Attaches OA1 as Annexure A. Identifies five categories of institutional bad faith: (1) dismissal of psychiatric condition; (2) misrepresentation of title; (3) character attacks; (4) punitive cost demand; (5) trivialisation of financial destitution. Requests Board acknowledgment by 12 December 2025 at 12:00.	Proves Board was placed on notice of OA1's bad faith within 24 hours of its filing. Establishes deliberate institutional silence at Board level. Grounds res judicata argument in counter-application.
RA1	11 December 2025	<i>CCMA Replying Affidavit</i>	Respondent's Replying Affidavit to CCMA Condonation Opposition (Case WEC123564-25), signed at Delft. Rebuts Manyati affidavit in full. Establishes continuous harm doctrine (Gauteng Department of Health v Tsomakae [2017]). Documents OA1 as independent post-referral unfair labour practice. Responds to punitive costs demand and prejudice argument. Demonstrates overwhelming prospects of success.	Establishes legal basis for CCMA jurisdiction. Continuous harm doctrine applied. Demonstrates Respondent's consistent principled litigation conduct.
WW4	16–18 December 2025	<i>Board GRC Escalation (3rd) / Retraction / Suppression Email</i>	Three documents: (1) Maximum Severity GRC3 Escalation 16 Dec 2025 — Formal Memorandum to Board Audit & Risk Committee regarding management interference in GEMS Case 000655789. Dependent 02, suppression of findings, and retaliation (audio recording of Mary-Ann Jones stating refusal "is insubordination"); 24-hour compliance window. (2) Voluntary Retraction email 17 Dec 2025 — sent on public holiday, procedurally invalidating deadline; immediately retracted with apology. (3) Monwabisi Kula (CRO) suppression email 18 Dec 2025 — instructing Respondent to cease emailing directors.	Three separate grounds: (1) Establishes patient-safety protected disclosure re GEMS 000655789. (2) Voluntary retraction proves procedural good faith — vexatious litigants do not retract. (3) Kula email constitutes direct suppression of protected disclosure by the CRO — key evidence of retaliation.
EXIT2	14–15 January 2026	<i>Exit Documents Request Chain</i>	Email chain: Respondent's email 14 Jan 2026 to Sipokazi Makaula requesting retirement and UIF forms.	Evidences deliberate administrative obstruction of exit document processing.

REF	DATE	CATEGORY	DOCUMENT DESCRIPTION	RELEVANCE / PURPOSE IN THESE PROCEEDINGS
			Makaula response 15 Jan 2026 requesting basic identity details despite the Respondent having been identified by name in the Manyati CCMA affidavit filed the previous month.	Manyati's affidavit identified Respondent by name, designating, title, and CCMA case number; any claim that identity was unknown is untenable.
EXIT3	15–19 January 2026	UIF Non-Compliance Notice (5-message chain)	URGENT Notice of Statutory Non-Compliance (UIF). Includes uFiling portal screenshot: MEDSCHEME HOLDINGS PTY LTD (201103-202702) — June 2025 flagged "No Information" despite UIF deduction appearing on payslip. Demands UI-19, Service Certificate and Umbrella Fund Withdrawal Forms by 19 Jan 2026 at 12:00. Sipokazi Makaula response 19 Jan 2026 provides documents but incorrectly asserts that resignation bars UIF claim. Includes Sanlam withdrawal email chain 15 Jan 2026.	Establishes UIF non-remittance irregularity for June 2025. Makaula's resignation-bar assertion is legally incorrect re constructive dismissal. Direct cause of administrative deadlock with the Department of Employment and Labour. Grounds declaratory relief prayer.
EXIT4	19 January 2026	Certificate of Service — Correction Required (4-message chain)	Respondent's letter to Monwabisi Kula and Lindiwe Miyambu objecting to Certificate reflecting "Care Coordinator" — aligned with Manyati CCMA affidavit title rather than payroll records. Reference to "Naming Convention" Teams meeting (attended by Sipokazi Makaula and Nthabiseng Nkatane) where Operational Manager directed identifier updates. Cheryl-Dawn Modern's response 19 Jan 2026 at 15:40 maintaining "Care Coordinator" and asserting no naming-convention changes implemented. Respondent's final reply at 16:30 placing Certificate on Labour Court record. Screenshot of Respondent's Medscheme email signature dated 15 October 2025 showing title "Case Manager: GEMS Active Disease Risk Management".	Proves Applicant knowingly refused to correct erroneous Certificate. Modern's response directly contradicts Respondent's email signature and "Naming Convention" Teams meeting record. Grounds fatal contradiction argument in paragraph 15 of the affidavit.
EXIT3-COS	19 January 2026	Certificate of Service (as issued)	Certificate of Service issued by Medscheme Holdings upon Respondent's departure — reflects designation "Care Coordinator". This designation is contrary to: (1) payroll records; (2) the "Naming Convention" Teams meeting record; (3) the Respondent's professional Medscheme email signature ("Case Manager"); and (4) the Applicant's own founding affidavit in this application, which designates the Respondent as "Case Manager".	The primary physical document evidencing the fatal contradiction. Relied upon by the Department of Employment and Labour to withhold UIF benefits. Establishes that the Applicant cannot simultaneously call the Respondent a "Case Manager" in interdict papers and a "Care Coordinator" in exit documentation.
WW1	15 April 2026	Deneys Attorneys Letter	Letter from Jason Whyte of Deneys Attorneys to Respondent alleging that the Respondent's demand was	Directly prompted Respondent's same-day provision of fully itemised R7,307,642.72 quantification

REF	DATE	CATEGORY	DOCUMENT DESCRIPTION	RELEVANCE / PURPOSE IN THESE PROCEEDINGS
			"unquantified" and relying on this to support an allegation of extortion.	(Annexure GVV4). A genuine extortionist does not itemise at the opposing party's request. Deneys' own letter defeats the extortion allegation.
WW2	9 April 2026	<i>Labour Court Statement of Claim</i>	Labour Court Statement of Claim filed by Respondent (Case No. 2026-083299) — includes express reservation of right to quantify damages, establishing that the claim was on record before the quantification was provided.	Demonstrates that the R7,307,642.72 quantification was not a new demand or threat — it was the first full Rand expression of an existing, filed Labour Court claim. Defeats extortion allegation.
GVW4	15 April 2026	<i>Quantification Schedule — R7,307,642.72</i>	Fully itemised quantification of the Respondent's damages (R7,307,642.72) provided on 15 April 2026 to Deneys Attorneys at their express written request. Breakdown by head of damages aligned with Labour Court claim. (Filed in Applicant's founding papers.)	Evidences good faith and genuine litigant conduct. Represents less than 0.24% of the estimated annual Governance Tax (R3.016bn). Under the Protected Disclosures Bill 2026, a 25% whistleblower award on recovered funds would yield R754m — making the extortion characterisation policy-blind.
GVW5	15 April 2026 at 20:44	<i>Correction Email — "Leakage"</i>	Voluntary email from Respondent to Applicant at 20h44 on 15 April 2026: "I withdraw the word 'leakage' and regret any confusion caused. I do not withdraw my complaint."	A bad-faith actor does not issue voluntary corrections. This email is direct evidence of good faith and careful epistemic standards in communication. Applicant's reliance on the original use of "leakage" to allege bad faith is an abuse of process.
WW5	15 April 2026	<i>DEL Email — Refusal to Release Benefits</i>	Email from the Department of Employment and Labour dated 15 April 2026 confirming refusal to release UIF benefits to Respondent.	Establishes the concrete and immediate harm of the administrative deadlock created by the erroneous Certificate of Service and UI-19 form. Demonstrates tangible advantage to be obtained from declaratory relief — not an abstract or hypothetical interest.
WW6	April 2026	<i>Affidavit of Destitution</i>	Affidavit sworn by Respondent confirming: (1) no current income; (2) no savings, investments, or significant assets; (3) inability to afford transport to attend court; (4) inability to afford legal representation; (5) dependence on family and charity; (6) request for waiver of filing fees and security for costs.	Context for all procedural conduct. Explains inability to attend the 16 April 2026 hearing. Grounds request for attorney-client costs against Applicant for dragging a destitute respondent into urgent proceedings on 67 minutes' notice.

REF	DATE	CATEGORY	DOCUMENT DESCRIPTION	RELEVANCE / PURPOSE IN THESE PROCEEDINGS
VICT1	2025	<i>Root Cause Analysis (Forensic)</i>	Root Cause Analysis: Gexus/DMS Integration Gap — forensic analysis establishing that the systemic integration failure generates false non-adherence data, compelling actuaries to apply maximum APN 303 risk loading, inflating the GEMS premium increase from the CMS-stipulated 3.3–4% to 9.5%. Estimated excess cost: R3.016 billion per annum across 1.9 million GEMS members.	Core substantive protected disclosure. Establishes public interest at stake. Grounds the APN 303 / NHI public interest arguments. Demonstrates objective basis for Respondent's disclosures — not speculation but empirical data-driven analysis. Applicant's own paragraph 40 admits the Gexus/DMS platforms manage the relevant data.
RESU1	2026	<i>Letter of Recommendation — Dr P.M.J. Ohm</i>	Professional reference letter from Dr P.M.J. Ohm, medical doctor, Mitchells Plain District Hospital Emergency Unit, where Respondent works as shift leader: confirms "depth of clinical knowledge", ability to "de-escalate any heated situation with a calm tone and demeanour", and commitment to "protect patient dignity".	Independent, objective, professional evidence of clinical competence and mental fitness. Directly contradicts Manyati's sworn characterisation of PTSD as an "excuse". A specialist medical practitioner's assessment outweighs a non-medical HR official's lay opinion — particularly when made under oath.
DEC1	2026	<i>Supporting Declaration</i>	Supporting declaration filed in the Applicant's founding papers.	Cross-referenced in founding papers. Already before the Court.

IN THE HIGH COURT OF SOUTH AFRICA
WESTERN CAPE DIVISION, CAPE TOWN
CASE NO: 2026-086906

In the matter between:

AFROCENTRIC INVESTMENT CORPORATION LIMITED

Applicant

and

WILBUR WILLIAM MATTHEE

Respondent

**NOTICE OF COUNTER-APPLICATION FOR DECLARATORY
RELIEF**

TO: THE REGISTRAR OF THE HIGH COURT, WESTERN CAPE DIVISION, CAPE TOWN

AND TO: THE APPLICANT'S ATTORNEYS, DENEYS (JASON WHYTE —
jason.whyte@deneys.co.za)

KINDLY TAKE NOTICE that the Respondent hereby institutes a counter-application for the declaratory relief set out in **Part Q** of the Supplementary Answering Affidavit.

TAKE FURTHER NOTICE that this counter-application is **not conditional** upon the Applicant proceeding with its main application. The Respondent seeks the declaratory orders independently and the counter-application will proceed even if the Applicant withdraws its main application under Case No. **2026/086906**.

TAKE FURTHER NOTICE that the Respondent will move for an order in terms of the prayer contained in **Part R** of the Supplementary Answering Affidavit, read with the prayer below.

TAKE FURTHER NOTICE that the Respondent has elected to incorporate the counter-application in his answering papers, as permitted by **Rule 6(5)(e)** of the Uniform Rules of Court and the practice confirmed in *Minister of Health v New Clicks SA (Pty) Ltd 2006 (2) SA 311 (CC)*.

TAKE FURTHER NOTICE that the Respondent will apply for an order that the counter-application be enrolled for hearing simultaneously with the main application, or on such other date as this Honourable Court may determine, and that in the event the main application is withdrawn, the counter-application shall proceed on its own.

DATED at CAPE TOWN on this 20th day of APRIL 2026.

WILBUR WILLIAM MATTHEE

Respondent (acting in person)

15 Bellevue Street, Voorbrug, Cape Town, 7001

IN THE HIGH COURT OF SOUTH AFRICA
WESTERN CAPE DIVISION, CAPE TOWN

Case No: 2026-086906

In the matter between:

AFROCENTRIC INVESTMENT CORPORATION LIMITED

Applicant

and

WILBUR WILLIAM MATTHEE

Respondent

SUPPLEMENTARY ANSWERING AFFIDAVIT

I, the undersigned, **WILBUR WILLIAM MATTHEE**, do hereby make oath and state:

1. INTRODUCTION, PROFESSIONAL STANDING, AND DESTITUTION

- 1.1 I am an adult male **Specialist Registered Nurse (NQF Level 8)** and hold a **Postgraduate Diploma in Health Services Management**. I am also a Forensic Governance Specialist and the founder of EthicHawks Forensic Governance and Compliance Consultancy.
- 1.2 I appear in person because I am **destitute**. I have no income, no transport money, and cannot afford legal representation. I attach a separate Affidavit of Destitution marked "**WW6**".
- 1.3 This affidavit supplements my answering affidavit filed on **16 April 2026**. I reserve the right to supplement further upon obtaining legal representation and discovery.

2. THE APPLICANT'S BAD FAITH: CONTRASTING DR OHM'S LETTER WITH THE OPPOSING AFFIDAVIT

- 2.1 I attach as **Annexure RESU1** a letter of recommendation from Dr P.M.J. Ohm, a team leader medical doctor practising at Mitchells Plain District Hospital Emergency Unit, where I work as a shift leader. Dr Ohm states that I have "*depth of clinical knowledge*", "*de-escalate any heated situation with a calm tone and demeanour*",

and "*protect patient dignity*". This letter constitutes objective, professional evidence of my competence, good faith, and mental fitness.

2.2 In stark contrast, the Applicant — through its representative **Mr Xolile Vincent Manyati** (a Senior Employee Relations Specialist who has never met me and is not a medical professional) — deposed to an opposing affidavit in the CCMA matter (Case No. WECT23564-25), one filed *after* my first Board-level escalation (see **Annexure GRC1** and **GRC2**). In that sworn affidavit, Mr Manyati stated under oath that my documented PTSD and depression were "**an excuse**" and "**an afterthought**" (see Annexure OA1, paragraph 6.3).

2.3 The Applicant has **never produced any medical evidence** contradicting my psychiatric condition. A specialist psychiatrist's report confirming my diagnosis and occupational detriment was provided to the Applicant. They have chosen to ignore it.

2.4 This conduct constitutes **bad faith** — it is a reckless disregard for the truth, made under oath. It demonstrates that the Applicant is prepared to swear to falsehoods to defeat a whistleblower. This Honourable Court should take judicial notice of this pattern of dishonesty when evaluating the Applicant's claim to "*irreparable harm*".

KEY LEGAL POINT — CLEAN HANDS DOCTRINE

A party seeking equitable relief must come to Court with clean hands. The Applicant's willingness to contradict an uncontested psychiatric report under oath, through a layperson deponent, denudes its application of the good faith necessary to sustain urgent interdict relief. See: *Setlogelo v Setlogelo 1914 AD 221* (requirements for interdict include absence of undue hardship and clean hands).

3. POINTS IN LIMINE

3.1 **Improper Service:** The Applicant served its founding papers on me at **08:53 on 16 April 2026** for a hearing at **10:00 the same day** — a period of only **67 minutes** to respond. I filed a notice to oppose and an answering affidavit, but could not attend court because I am destitute. The Applicant's conduct constitutes an **abuse of process**. The rule nisi should be discharged on this ground alone.

3.2 **Self-Created Urgency:** The Applicant was aware of my forensic findings since **October 2025**. It chose to take no action until I set a deadline of 16 April 2026. The urgency is **entirely self-created** and cannot found urgent relief. See: *Luna Meubels*

Vervvaardigers (Edms) Bpk v Makin (t/a Makin's Furniture Manufacturers) 1977 (4) SA 135 (W).

POINTS IN LIMINE — SUMMARY

This Honourable Court is respectfully invited to discharge the rule nisi on the following **preliminary grounds**, without reaching the merits: (1) improper service — 67-minute notice for an urgent hearing; (2) self-created urgency — applicant dormant since October 2025.

3A. FAILURE TO SATISFY INTERDICT REQUIREMENTS: EXISTENCE OF ALTERNATIVE REMEDIES

3A.1 I respectfully submit that the Applicant's request for an interdict must fail as it cannot prove the **absence of an alternative satisfactory remedy**. The Applicant is a corporate employer with full access to standard internal disciplinary mechanisms and the ordinary procedures of the Labour Court. By choosing to bypass its own internal grievance and disciplinary frameworks — and instead dragging a destitute former employee into the **Urgent High Court on 67 minutes' notice** — the Applicant is attempting to weaponise this Court to suppress a statutory protected disclosure. An urgent High Court interdict is not a substitute for standard dispute resolution.

ALTERNATIVE REMEDY — LEGAL STANDARD

A fundamental requirement for final (and interim) interdict relief is that the applicant must demonstrate the absence of an alternative, adequate remedy. See: *Setlogelo v Setlogelo 1914 AD 221*; *Olympic Passenger Services (Pty) Ltd v Ramlagan 1957 (2) SA 382 (D)*. The Applicant has access to its internal grievance mechanisms, the CCMA, and the Labour Court — all of which are adequate alternative remedies. The Applicant's deliberate election to bypass these constitutes an abuse of the urgent court roll.

4. QUANTIFICATION IN RESPONSE TO "UNQUANTIFIED" COMPLAINT

4.1 On 15 April 2026, Deneys Attorneys sent a letter (**Annexure WW1**) stating that my demand was "*unquantified*" and that this supported an allegation of extortion.

4.2 In direct response, I sent a fully itemised quantification of **R7,307,642.72 (Annexure GVW4)** to the founding affidavit).

4.3 That quantification was not a new demand. It was the **first full Rand expression** of the same claim already filed in the Labour Court on **9 April 2026**. My Labour Court Statement of Claim expressly reserved the right to quantify (**Annexure WW2**).

4.4 **A person engaged in extortion does not quantify at the request of the opposing party.** My conduct is that of a genuine litigant.

5. VOLUNTARY CORRECTION OF "LEAKAGE" — EVIDENCE OF GOOD FAITH

5.1 The Applicant criticises me for using the word "*leakage*" and then correcting myself (founding affidavit paras 36, 37, 58).

5.2 On 15 April 2026 at **20h44**, I voluntarily sent a correction email (**Annexure GVW5**): "*I withdraw the word 'leakage' and regret any confusion caused. I do not withdraw my complaint.*"

5.3 **A bad-faith actor does not issue voluntary corrections.** My correction is direct evidence of good faith.

6. TRANSPARENCY: VOLUNTARY DISCLOSURE OF PENDING TRIAL

6.1 In **January 2024**, during recruitment, I voluntarily disclosed a pending trial relating to blood alcohol levels to the Applicant's Human Capital department (**Annexure WW3**). I provided an updated CV before employment.

6.2 The Applicant initially recruited me for the post of **Specialist Care Manager**.

6.3 However, at the point of signing the employment agreement, the Applicant unexpectedly presented me with a contract reflecting the **diminished title of "Care Coordinator"**, without any prior consultation or explanation for this sudden alteration.

6.4 Subsequently, during a recorded meeting '**naming convention**' with the Operational Manager and Human Capital, this discrepancy was formally addressed and my title was rightfully updated to reflect my NQF Level 8 qualification, establishing my correct designation as **Case Manager**.

6.5 The voluntary disclosure detailed in paragraph 6.1 is a demonstration of my **radical transparency**. I bring this to the Court's attention to categorically state that the pending trial is entirely irrelevant to these proceedings, involves no element of dishonesty or extortion, and **cannot be used by the Applicant to retroactively impugn my character** or my actions as a whistleblower.

7. PROCEDURAL INTEGRITY: RETRACTION OF MY OWN GRC ESCALATION

- 7.1 On **16 December 2025**, I sent a GRC Escalation to the Board. When I realised it was sent on a public holiday — invalidating my deadline — I immediately retracted it and apologised (**Annexure WW4**).
- 7.2 **A vexatious litigant does not retract his own documents.** I respect process and have demonstrated this consistently.

8. NECESSITY AND PROPORTIONALITY OF MY TONE

- 8.1 Between October 2025 and April 2026, I exhausted all internal remedies: grievances, Board escalation, a letter to the Group CEO. The Applicant responded with silence, suppression, and a CEO who **breached my confidentiality**.
- 8.2 By April 2026, the **9.5% premium increase** had been approved. The Department of Employment and Labour refused to unblock my benefits (**Annexure WW5**).
- 8.3 My explicit tone was **necessary and proportionate**. I threatened no violence or unlawful act — only protected disclosures to trade unions and regulators, which are expressly contemplated by the Protected Disclosures Act 26 of 2000.

9. PUBLIC INTEREST: APN 303 AND THE R3 BILLION "GOVERNANCE TAX"

- 9.1 At paragraph 40 of their Founding Affidavit, the Applicant admits that the **Gexus and DMS platforms** manage chronic care pathways and adherence data. Actuaries rely entirely on Gexus/DMS data to build statutory financial models under **Actuarial Practice Note 303 (APN 303)**.
- 9.2 As proven in my Root Cause Analysis (**Annexure VICT1**), the systemic integration gap generates **false non-adherence data**. Actuaries are compelled to apply maximum APN 303 risk loading, inflating the premium increase from the CMS-stipulated **3.3%–4% to 9.8%** then refused to **9.5%.%**

PUBLIC INTEREST — FISCAL QUANTUM

The excessive 4.5% premium inflation constitutes an artificial "**Governance Tax**" costing approximately **1.9 million GEMS members** an estimated **R3.016 billion annually**. This is a matter of overwhelming public interest directly relevant to the Applicant's claim that it suffers any harm from my disclosures.

10. NO POPIA BREACH

- 10.1 I intend to disclose **systemic governance failures**, not individual patient records. The POPIA argument advanced by the Applicant is a deliberate overstatement designed to suppress legitimate whistleblowing activity.

11. THE PROTECTED DISCLOSURES BILL, 2026 — PUBLIC POLICY AND PROPORTIONALITY

- 11.1 On **8 April 2026**, the Minister of Justice and Constitutional Development published the **Protected Disclosures Bill, 2026** for public comment. The Bill proposes to repeal the existing PDA and introduce, inter alia, financial awards for whistleblowers of up to **25% of any monetary sanction** imposed on an employer as a result of a protected disclosure.
- 11.2 The Bill was driven by the Zondo Commission's findings that the current Act does not sufficiently protect whistleblowers. The Minister explicitly stated that the Bill aims to *"incentivise our whistleblowers"* and that *"the person who has made the disclosure could receive an amount that does not exceed one fourth of the monetary sanction"*.

POLICY PROPORTIONALITY ARGUMENT

If Parliament considers it legitimate to reward whistleblowers with up to **25% of recovered funds** (which on R3.016bn would equal **R754 million**), the Applicant's characterisation of my **R7,307,642.72 claim** (representing less than **0.24%** of the annual waste exposed) as *"extortion"* is not only legally flawed — it is **policy-blind and contrary to the express direction of national legislation**.

12. PUBLIC POLICY AND THE NATIONAL HEALTH INSURANCE (NHI) ACT

- 12.1 The **National Health Insurance Act 20 of 2023** aims to achieve universal access to quality healthcare. Its success depends entirely on the integrity of health data and governance systems.
- 12.2 The systemic Gexus/DMS integration gap corrupts clinical data, leading to operational waste and inflated claims. The R3.016 billion Governance Tax is a **direct threat to the NHI's fiscal sustainability**.

12.3 As a Specialist Registered Nurse and Health Services Manager, I am bound by the **Nursing Act 33 of 2005** to advocate for the profession and manage and coordinate nursing care effectively. My escalation of the integration gap was not insubordination — it was the **fulfilment of my professional and ethical duties**.

12.4 It would constitute a **perversion of justice** for this Court to grant an interdict that punishes me for upholding the very governance and accountability that the NHI requires to succeed.

13. THE PROTECTED DISCLOSURES ACT APPLIES TO FORMER EMPLOYEES

13.1 Section 1 of the PDA expressly includes a **"former employee"** within the definition of *"employee"*. My disclosures relate to improper conduct that occurred during my employment. The Applicant's contrary submission is accordingly incorrect in law.

14. FORMAL INVITATION TO PRODUCE DISCOVERY — PUTTING THE APPLICANT ON NOTICE

14.1 I hereby formally invite and put the Applicant on notice to produce the following documents within **5 (five) days** of service of this affidavit:

14.1.1 The unredacted GEMS CMS Business Plan justifying the **9.5% premium increase for 2026**;

14.1.2 The **APN 303 Actuarial Risk Profiling Logs** fed from the Gexus and DMS platforms covering the period October 2024 to October 2025;

14.1.3 The unedited Microsoft Teams recording titled *"Naming Convention"* (or any similar recording) containing management discussions regarding the suppression of my findings or the alteration of my job title;

14.1.4 Correction of my **UI19 form** to allow access to unemployment benefits;

14.1.5 Correction of my **Certificate of Service** to reflect my actual designation as *Case Manager / Specialist Nurse*;

14.1.6 Submission of **non-remitted UIF contributions for June 2025**.

14.2 The Applicant's refusal or failure to produce these documents will entitle this Court to **draw an adverse inference** against the Applicant.

14.3 **WARNING:** If the Applicant fails to comply without a valid legal basis, I will file a notice to anticipate the return day in terms of **Uniform Rule 6(8)** (as permitted by

paragraph 7 of the interim order dated 16 April 2026) and move for an order discharging the rule nisi with a **punitive costs order**.

14.4 I anticipate that the Applicant may attempt to resist the production of the unredacted GEMS CMS Business Plan and APN 303 actuarial logs by citing **commercial confidentiality or privilege**.

14.4.1 Such a defence is **fatally flawed** and falls to be dismissed for two reasons:

(a) **Waiver of Confidentiality:** The Applicant's CEO recklessly distributed my protected complaint directly to the very individuals implicated in the systemic failure, thereby **destroying any veil of privilege**. The Applicant cannot weaponise "*confidentiality*" against this Court when it failed to practise it internally.

(b) **Independent Auditor / In Camera Review:** To eliminate any genuine concern regarding proprietary trade secrets, I hereby **tender** that the unredacted documents be provided to an independent, mutually agreed-upon IT auditor or actuary, or alternatively, be submitted for an *in camera* review by the presiding Judge. The objective is solely to **verify the forensic irregularities** confirming my root cause analysis, not to expose trade secrets.

14.5 I am acutely aware that discovery in motion proceedings is exceptional under **Rule 35(13)**. However, the Applicant has approached this Urgent Court seeking equitable relief (an interdict) against me.

14.6 The Applicant **cannot seek the Court's protection** while actively suppressing the exact empirical evidence — specifically the APN 303 logs and the Microsoft Teams recording — that constitutes my complete and absolute defence to their allegations of insubordination and vexatious conduct. The Applicant must approach this Court with **clean hands**. Withholding evidence that proves a respondent's statutory defence under the Protected Disclosures Act is a **gross abuse of process**.

14.7 For the avoidance of doubt, the mechanism I am utilising to anticipate the return date is not an abuse of the urgent roll, but a **direct exercise of the judicial mechanism** expressly provided to me.

14.8 During the initial hearing, the presiding Judge explicitly granted me the **"golden bridge"** to utilise Uniform Rule 6(8) to anticipate the return date upon 24 hours' notice. Should the Applicant fail to produce the requested records within the stipulated 3 days, my subsequent anticipation of the return date will be the **lawful**

execution of that judicial directive, necessitated by the Applicant's own refusal to be transparent.

DISPUTE OF FACT — PRE-EMPTED

The Applicant may attempt to manufacture a *"dispute of fact"* to stall my counter-application. My defence and counter-application are grounded not in subjective interpretation, but in **objective, immutable data**: actuarial logs, statutory prescripts (Nursing Act 33 of 2005), and mathematical quantification aligned with the Protected Disclosures Bill of 2026. The Applicant **cannot create a genuine dispute of fact** simply by issuing bare denials against objective algorithmic outputs.

15. FATAL CONTRADICTION IN THE APPLICANT'S PAPERS

15.1 The Applicant's founding affidavit designates me as **"Case Manager"**. Yet on my Certificate of Service, the Applicant deliberately downgraded my title to diminish my credibility. The Applicant **cannot simultaneously rely on my status as Case Manager** to seek an interdict while erasing that same title in the Labour Court and before the Department of Employment and Labour.

FATAL CONTRADICTION — DESIGNATION INCONSISTENCY

The Applicant designates the Respondent as **"Case Manager"** in its founding affidavit while simultaneously erasing that designation on the Certificate of Service submitted to the Labour Court and the Department of Employment and Labour. See contradiction table below.

DOCUMENT	DESIGNATION APPLIED
Founding Affidavit (this application)	Case Manager
Certificate of Service (Labour Court / DEL)	Downgraded title — used to support the opposing affidavit submitted at the CCMA

16. JUDICIAL NOTICE OF PRIOR VEXATIOUS CONDUCT

16.1 This Court struck my previous urgent application (Case No. **2026-066952**) from the roll with costs, expressing its displeasure with the manner in which it was brought. The Applicant now repeats the same pattern: an application lacking genuine urgency, based on unsubstantiated allegations of *"extortion"*.

16.2 As held in *Mkhatshwa v Mkhatshwa 2021 (5) SA 447 (CC)*, vexatious litigation warrants punitive costs.

**PART Q: COUNTER-APPLICATION FOR DECLARATORY RELIEF
(UNCONDITIONAL)**

17.1 I hereby institute a **counter-application for declaratory relief**. This counter-application is **not conditional** upon the Applicant proceeding with its main application. I seek these declaratory orders independently, and the counter-application will proceed even if the Applicant withdraws its main application under Case No. **2026/086906**

17.2 I submit that this Honourable Court has jurisdiction to grant declaratory relief in terms of **section 19(1)(a)(iii) of the Superior Courts Act, 2013**, which provides that a Division has jurisdiction over "*the granting of declaratory orders*". Furthermore, to the extent the Applicant may argue that aspects of this counter-application touch upon Labour Court jurisdiction, I rely on the doctrine of **causa continentia**. The Applicant deliberately elected to institute these urgent proceedings in the High Court, placing the factual matrix of my disclosures directly before this forum. It is in the interests of justice, and to avoid a multiplicity of actions, that this Court disposes of the counter-application within the very forum the Applicant itself chose.

17.3 I further submit that the relief sought is **not abstract or hypothetical**. There is a tangible and immediate advantage to be obtained:

17.3.1 The declaratory orders will immediately **break the administrative deadlock** with the Department of Employment and Labour, allowing me access to unlawfully withheld statutory social security benefits (UIF, retirement funds);

17.3.2 The declaratory orders will establish facts that will bind the Labour Court through the principles of *res judicata* and estoppel in my pending proceedings under Case Nos. **2026-077546** and **2026-083299**;

17.3.3 The declaratory orders will **vindicate my reputation** and establish my good faith, which the Applicant has falsely attacked in its founding papers and in the CCMA proceedings.

AUTHORITY: NEW CLICKS — COUNTER-APPLICATION IN ANSWERING PAPERS

The counter-application is properly brought within my answering papers. I rely on *Minister of Health v New Clicks SA (Pty) Ltd 2006 (2) SA 311 (CC)*, which confirms that a respondent may, in an answering affidavit, seek declaratory relief, and that a counter-application may be brought within the same papers.

17.4 I rely on the Constitutional Court's decision in *Minister of Health v New Clicks SA (Pty) Ltd 2006 (2) SA 311 (CC)*, which confirms that a respondent may, in an answering affidavit, seek declaratory relief and that a counter-application may be brought within the same papers.

17.5 I further rely on the Eastern Cape High Court decision in *Eastern Cape High Court, Bhisho (Case No. 148/2020)*, where the respondents filed a counter-application within their answering affidavit seeking declaratory relief. The fact that my counter-application is not conditional on the main application proceeding is consistent with the inherent jurisdiction of this Court to grant declaratory relief *whenever it is just and convenient to do so*.

17.6 I expressly confirm that I will pursue this counter-application **regardless of whether the Applicant withdraws its main application**. The declaratory relief is necessary to remedy the ongoing harm I suffer and to break the administrative deadlock that the Applicant has created through its unlawful conduct.

17.7 For the avoidance of doubt, and to pre-empt any dilatory points regarding **non-joinder**, I confirm that no relief or costs are sought against the Department of Employment and Labour, the Council for Medical Schemes, or the National Department of Health. Their mention in these papers is strictly contextual — to demonstrate the **immediate administrative harm** I am suffering and the national public interest at stake. Consequently, their formal joinder is **not required in law** for this Court to grant the declaratory relief against the Applicant.

PART R: PRAYER FOR DECLARATORY RELIEF (COUNTER-APPLICATION)

WHEREFORE the Respondent prays that this Honourable Court grants the following declaratory findings in the counter-application:

R.1 That the Root Cause Analysis (**Annexure VICT1**) and the subsequent escalations regarding the Gexus/DMS integration gap constitute **Protected Disclosures made in**

good faith and in the public interest within the meaning of the Protected Disclosures Act 26 of 2000;

R.2 That the Respondent's voluntary correction of the word "*leakage*" (**Annexure GVV5**) and his voluntary retraction of the GRC Escalation due to a procedural error (**Annexure WW4**) are evidence of **good faith**, and the Applicant's reliance on these events to allege bad faith is an **abuse of process**;

R.3 That the Respondent's quantification of **R7,307,642.72** on 15 April 2026 was a **good-faith articulation** of his existing Labour Court claim (Case No. **2026-083299**) and does **not** constitute extortion;

R.4 That the Applicant is ordered to comply with the formal invitation to produce discovery set out in paragraph 14 above within **5 (five) days** of this order;

R.5 That the Respondent be granted any **further and/or alternative relief** as this Honourable Court deems just and equitable;

R.6 That the **costs of the counter-application** be paid by the Applicant on the scale as between **attorney and client**.

R.7 I submit that this Honourable Court has jurisdiction to grant declaratory relief in terms of section 19(1)(a)(iii) of the Superior Courts Act, 2013. Furthermore, to the extent the Applicant may argue that aspects of this counter-application touch upon Labour Court jurisdiction, I rely on the doctrine of causa continentia. The Applicant deliberately elected to institute these urgent proceedings in the High Court, placing the factual matrix of my disclosures directly before this forum. It is in the interests of justice, and to avoid a multiplicity of actions, that the High Court disposes of the counter-application within the very forum the Applicant itself chose.

PART S: PRAYER FOR RELIEF IN THE MAIN APPLICATION

(Opposition to the Applicant's interdict — this remains unchanged)

In addition to the counter-application, the Respondent prays that this Honourable Court:

S.1 **Discharge the rule nisi** issued on 16 April 2026 and set aside the interim interdict in its entirety, with costs on the scale as between **attorney and client**, such costs to be paid by the Applicant;

S.2 Grant the **declaratory findings** set out in paragraph 17 above;

S.3 Order the Applicant to comply with the formal invitation to produce discovery set out in paragraph 14 within **5 (five) days**;

S.4 Grant any further and/or alternative relief as this Honourable Court deems just and equitable.

S5. An order directing that the declaratory relief sought herein be granted on an urgent basis, as this Honourable Court is the only forum presently seized with the factual matrix capable of intervening to break the ongoing administrative deadlock with the Department of Employment and Labour. It is respectfully submitted that immediate judicial intervention by this Court is the sole remedy available to halt the continuous, irreparable financial prejudice and destitution being suffered by the Respondent.

Category: *Employment Record*

Description:

Employment Contract — Respondent designated "Care Coordinator" (IRC78739), signed by GM Barbara Johnson.

RELEVANCE / PURPOSE IN THESE PROCEEDINGS

Proves title imposed without consultation. Contradicts Applicant's use of "Case Manager" in founding papers. Fatal contradiction with Certificate of Service.

[Document follows immediately after this tab]

09 April 2024

W Matthee
C/O AFROCENTRIC HEALTH (RF) (Pty) Ltd

Dear Wilbur,

INTERNAL APPOINTMENT: Care Coordinator

We are pleased to offer you the position Care Coordinator (Reference IRC78739) within AfroCentric Health (RF) (Pty) Ltd with effect from 01 May 2024. This position is situated at Cape Town.

The Key elements of your duties and responsibilities will be as discussed with you and may be revised from time to time thereafter.

CONDITIONS OF EMPLOYMENT

1. PROBATION

You will be required to successfully complete a probationary period of **six (6)** continuous months in this new position. In terms of the Group Talent Acquisition Policy, you will not be permitted to apply for any vacant position internally during this probation period.

2. REMUNERATION

We are pleased to advise you that your total package on a cost to company basis will be **R490,032.00 per annum**, payable by bank transfer into your Bank account.

The above cost to company figure includes all your contributions towards Medical Aid, Pension Fund, Group Life Assurance and Disability Assurance. If you are required to use your cell phone for business purposes, this will be deemed to be part of your cost to company package.

The Grade for your position based on our Grading Model is that of **B4M1**.

3. RETIREMENT FUNDING INCOME

www.afrocentric.za.com

AfroCentric Investment Corporation Limited Reg #1988/000570/06
T +27 11 671 2000
PO Box 1101, Florida Glen 1708 | 37 Conrad Street | Florida North | Roodepoort 1709

DIRECTORS:

Dr ATM Mokgokong (Chairman), MJ Madungandaba (Deputy Chairman), GN Van Wyk (CEO), JW Boonzaaier (CFO), M Chauke, MK Dippenaar, JB Fernandes, PB Hanratty, AM le Roux, KN Mkhize, Dr ND Munisi

Group Company Secretary: LSM Mpumlwana

A percentage between **78** and **90** (78 / 80 / 85 / 90) of your total cost to company figure, as selected by yourself, will constitute your "**Retirement Funding Income**". All contributions, both employer and employee, to the Pension / Provident Fund, Group Risk Benefits such as Life and Disability Schemes will be based on this figure.

4. LEAVE ENTITLEMENT

Your annual leave entitlement will be **seventeen (17)** working days per annum.

5. HOURS OF WORK

You will be required to work **forty-five (45) hours per week**. Your working hours are flexible and will be scheduled by the Business Unit and may include a Saturday which is deemed part of your normal working week. You will be entitled to a thirty (30) minute lunch break as scheduled. Any work performed on a Saturday will be paid at normal rates. Your working hours will be determined by the requirements of the Business Unit to which you are assigned to from time to time and may be amended to suit the operational requirements of the Business Unit.

It is a condition of employment that, as and when the need arises, you will be required to work overtime. Payment, or time off in lieu of overtime worked, hours more than forty-five (45) working hours per week, will be made in accordance with the Human Capital Payroll and Benefits Management Policy.

6. OTHER CONDITIONS OF EMPLOYMENT

All other conditions of employment not specifically mentioned in this letter remain unchanged.

7. PACKAGE RESTRUCTURING

Please feel free to have a package structuring calculation/discussion with your Line Manager or the HC Business Partner responsible for your Business Unit before accepting this offer of employment. Package restructuring takes place during June/July.

Candidate Initial _____ GM Initial BQ

8. OFFER ACCEPTANCE

Kindly sign and return the copy of this letter to your HC Business Partner. Also note that this offer is valid for three (3) days from receipt.

Please initial every page and sign in full on the last page of this document before returning to your HC Business Partner.

We would like to take this opportunity to wish you well in your new position.

Yours sincerely,

Barbara Johnson

Hello Neo

I hope you are well. I have just completed the online assessment as requested. I will submit the other required documents now.

My MIT fingerprint test was done in December 2023, i have the report and will send that to you on request. I have to update my CV with regards to the statement I made "criminal record" clear, in the report it states that i have a pending trial for pending blood results for the level of alcohol in my system. I do not want this statement to determine the success of my application so I have provided you with the updated CV.

thank you so much for your assistance with this.

Regards,
Sr. W. Matthee

Case No. 2026-086906 | *Matthee v AfroCentric Investment Corporation Limited* | Western Cape High Court

ANNEXURE
IMP1

Date: 2 November 2025

Category: *Impact Statement*

Description:

Impact Statement submitted by Respondent to HR Business Partner — documents chronic stress, erosion of self-confidence, isolation, and professional stagnation caused by the hostile work environment created by Mary-Ann Jones; cites specific incidents including no-win directives, out-of-hours demands, and denial of written record.

RELEVANCE / PURPOSE IN THESE PROCEEDINGS

Establishes subjective element of constructive dismissal. Contemporaneous record of deteriorating employment conditions predating resignation.

[Document follows immediately after this tab]

This message originated from outside your organization

Impact Statement

To: Human Resources Department
From: Wilbur Matthee
Date: 02 November 2025
Subject: Impact Statement Regarding Hostile Work Environment Created by Mary-Ann Jones

Dear HR Business Partner,

I am providing this statement to outline the profound professional and personal impact that the sustained hostile work environment, created by my manager, Mary-Ann Jones, has had on me. The attached transcript from 31 October 2025 provides concrete evidence of the behaviors that have led to this deterioration.

1. Impact on My Mental and Emotional Well-being:

The constant state of anxiety and hyper-vigilance required to navigate interactions with Mary-Ann Jones has been exhausting and debilitating. I am consistently placed in "no-win" situations where any action I take—whether showing initiative or seeking clarity—is framed as a failure or an act of insubordination. This has led to:

- **Chronic Stress and Anxiety:** I feel a constant sense of dread about work, fearing the next unexpected directive or accusation. The out-of-hours phone call demanding my return to the office is a prime example of this, causing immediate shock and distress.
- **Erosion of Self-Confidence:** Being repeatedly told that my professional actions are wrong, and having my reality denied (such as being told I did not send a follow-up email when I have proof that I did), has systematically undermined my confidence in my own judgment and abilities.
- **Feeling of Isolation:** The accusation that seeking clarity from my teammates is "undermining" or "creating noise" has made me feel isolated and unable to communicate freely with my colleagues, which is essential for a collaborative team environment.

2. Impact on My Professional Performance and Stagnation:

The environment fostered by [Mary-Ann Jones] is one that actively discourages growth, questions, and initiative. This has directly impacted my ability to perform and develop in my role:

- **Fear of Initiative:** I am now hesitant to act independently or make decisions for fear they will be weaponized against me, as was the case with the CMBR referral.
- **Inability to Seek Clarification:** I feel I cannot ask necessary questions to understand my tasks or company policy, as this is labeled as "reacting" instead of "responding." This creates a high-risk environment where I am set up to fail.
- **Preoccupation with Conflict:** An inordinate amount of my mental energy is spent documenting interactions, anticipating problems, and defending my actions, rather than focusing on my core duties and adding value to the company.

3. The Overall Toll:

The cumulative effect of these experiences has made my work environment intolerable. The repeated suggestions from Mary-Ann Jones that I should ask to be removed from her team confirm my feeling that I am not wanted and that there is no path forward for me under her leadership. This is not a simple personality clash; it is a sustained campaign that has negatively impacted my health and my career.

I came to Afrocentric Health eager to contribute and grow. My intention has always been to be a dedicated and valuable employee. The current situation under Mary-Ann Jones has made that impossible.

I trust that you will treat this matter with the urgency and seriousness it deserves.

Sincerely,

FORMAL NOTICE OF RESIGNATION DUE TO AUTOMATICALLY UNFAIR CONSTRUCTIVE DISMISSAL

TO:
The Board of Directors (via Company Secretary)
AFROCENTRIC HEALTH (RF) (PTY) LTD
37 Conrad Road, Florida North, 1709
CC:
Mr./Ms. Gerald Van Wyk (Chief Executive Officer)
Chair of the Audit & Risk Committee
Chair of the Social & Ethics Committee
Group Human Resources Department
DATE: 11 December 2025

Dear Board of Directors,

I, Wilbur Matthee, hereby give notice of the immediate termination of my contract of employment with Medscheme Holdings, effective 12 December 2025.

This resignation is not voluntary. I am terminating my employment because the employer, Medscheme Holdings(A Division of AfroCentric Health), has rendered the continuation of the employment relationship irretrievably intolerable through its malicious, calculated, and institutional conduct.

This termination constitutes an Automatically Unfair Constructive Dismissal in terms of the Labour Relations Act (LRA).

1. Grounds for Intolerability: Institutional Malice and Victimisation

The conditions rendering my continued employment intolerable are proven by the employer's formal legal submission in the matter of Wilbur Matthee and Medscheme Holdings (CCMA Case Ref. Number: WECT23364-25), specifically the Respondent's Answering Affidavit signed under oath on 10 December 2025.

The Affidavit contains specific statements that constitute severe and ongoing occupational detriment, victimisation, and unfair labour practice, including:

Malicious Character Attacks: The Affidavit labels me as having an "untruthful character," engaging in a "fishing expedition," and acting with "sloppiness and lack of regard" for the Commission. This ad hominem attack, under oath, fundamentally destroys the trust and confidence necessary for any employment relationship.

Abuse of Process: The document constitutes an abuse of the CCMA's services by employing tactics designed to discredit and cause further financial harm, rather than engaging in a good faith legal defence.

Institutionalised Victimization: The Affidavit explicitly dismisses my claims of victimisation and mental health issues as having "no relevance" and being used to "sensationalize" the dispute (Sections 6.3 and 8.5). This demonstrates that the victimisation is ongoing, officially sanctioned, and institutionalised through the Respondent's legal representation.

2. Legal Basis: Automatically Unfair Constructive Dismissal

The employer's conduct, as documented in the sworn Affidavit, makes this termination an Automatically Unfair Constructive Dismissal in terms of the following sections of the Labour Relations Act (LRA):

Section 186(1)(e): The employee terminated the contract of employment because the employer made continued employment intolerable.

Section 187(1)(h): The reason for the employer's conduct is directly linked to an act of retaliation against a Protected Disclosure (the P1 Material Risk Report and subsequent updates regarding discrimination and victimisation).

3. Conclusion and Formal Notice

The content of the Respondent's Opposing Affidavit eliminates any conceivable possibility of restoring the employment relationship. I consider myself to have been dismissed by the employer's malicious conduct.

I have already formally informed the Board of the governance failure related to this P1 risk and the ongoing victimisation. All further matters relating to this dispute, including the claim for maximum compensation and a demand for punitive costs (Attorney-and-Client scale), will be handled at the CCMA/Labour Court, and via my External Whistleblower disclosures to the JSE, FSCA, CMS, DEPARTMENT OF EMPLOYMENT & LABOUR - INSPECTION & ENFORCEMENT + B-BBEE, . Pending complete governance failure.

Yours sincerely,

Wilbur Matthee

Case No. 2026-086906 | *Matthee v AfroCentric Investment Corporation Limited* | Western Cape High Court

ANNEXURE
EXEC1

Date: 4 December 2025

Category: *Internal Escalation Email*

Description:

Executive Leadership Escalation email from Respondent's Medscheme email account — documents: (1) unlawful salary deduction >40% during mental health admission; (2) continuous retaliation and victimisation; (3) 20% reduction in performance metrics; (4) 30+ days institutional silence. Requests paid recuperation leave, financial settlement independently assessed by Risk & Compliance, and institutional commitments.

RELEVANCE / PURPOSE IN THESE PROCEEDINGS

Final good-faith internal attempt prior to CCMA referral. Satisfies requirement to exhaust internal remedies. Directly contradicts any suggestion of bad faith or vexatious conduct.

[Document follows immediately after this tab]

Urgent intervention required

1 message

Wilbur Matthee <Wilbur.Matthee@medscheme.co.za>
To: Wilbur William Matthee <wilburmat@gmail.com>

Thu, 04 Dec 2025 at 12:21

Dear Executive Leadership,

This correspondence serves as my final and good-faith attempt to resolve, internally and without escalation, the severe and ongoing harm I have been subjected to as a direct result of the company’s repeated institutional failures.

Over the past months, I have experienced serious and documented misconduct, including:

1. Unlawful salary deductions exceeding 40% of my monthly income without my consent or consultation. This during a motivated mental health admission, awaiting a bed informed by the HRBP that the deduction was taken on the principle of no work no pay which did not require consultation.
2. Continuous intimidation, retaliation, and victimisation by my direct manager despite a lodged grievance. After a formal request to be temporary removal from her team. No action.
3. Awaiting feedback from manager as discrepancies found in up to 20% reduction in some cases of my monthly actual performance metrics that led to poor outcomes even missed opportunities in performance bonuses.
4. Prolonged silence and inaction from HR and senior leadership and union despite formal complaints. Currently +30days to date no response.

These actions have caused significant financial strain, forced me into a cycle of unexpected debt which i am struggling to manage, and resulted in severe psychological distress. My capacity to work in an environment that continues to permit such conduct has reached its limit.

Given the seriousness of these failures, I am formally requesting the restorative measures:

1. Paid Recuperation Leave & Guaranteed Reintegration

A period of fully paid special leave, allowing adequate time for psychological recovery.

Upon return, a permanent and immediate transfer to a new department.

2. Financial Settlement Determined by Risk & Compliance

I request a comprehensive financial settlement, independently assessed by the Head of Risk & Compliance, covering:

Financial losses caused by the unlawful deduction.

Debt incurred as a direct result of these actions.

Compensation for emotional distress, harassment, and institutional negligence.

The company's full legal exposure for:

Unfair labour practice

Discrimination

Failure to provide a safe working environment

Reputational and operational risks should the matter escalate externally.

3. Institutional Commitments

A written, irrevocable guarantee of no retaliation, present or future.

Next Steps

I am willing to meet with this leadership group and a neutral mediator within 14 days from date 04 December 2025.

If a signed agreement in principle is not provided by 14 working days, I will immediately proceed with the following simultaneous actions: As I feel I have exhausted all avenues this far to have the incidents resolved and this is my final resort.

1. File cases with the CCMA for unfair labour practices, and discrimination.

2. Lodge a formal complaint with the Department of Employment and Labour regarding the unlawful salary deduction.

3. Submit a complaint to the South African Human Rights Commission.

I am really at my breaking point now no motivation to come to work.

All evidence is already compiled and ready for submission.

I trust that the company will choose a constructive, internal resolution over a protracted and public legal dispute. I await your urgent response.

Kind regards,

Wilbur Matthee

Case No. 2026-086906 | *Matthee v AfroCentric Investment Corporation Limited* | Western Cape High Court

ANNEXURE
GRC1

Date: 9 December 2025

Category: *Board GRC Escalation (1st)*

Description:

Formal GRC Escalation to Dr ATM Mokgokong (Chairman, Social & Ethics Committee) with 38 attachments. Includes executive summary table of King IV governance failures (Principles 2, 3, 14, 16). Formal request for independent investigation and Board-mediated resolution. Filed prior to Manyati opposing affidavit.

RELEVANCE / PURPOSE IN THESE PROCEEDINGS

Establishes Board-level notice of governance failures before OA1 was filed. Demonstrates protected disclosure made in good faith. Grounds King IV / Companies Act governance argument.

[Document follows immediately after this tab]

CONFIDENTIAL – LEGAL PRIVILEGE_URGENT: MATERIAL GOVERNANCE FAILURE – DISCRIMINATION, VICTIMISATION & INSTITUTIONAL SILENCE REQUIRING IMMEDIATE BOARD INTERVENTION

1. INTRODUCTION:

Dear Chairperson,

I write to you in your capacity as Chair of the Social & Ethics Committee regarding a matter of serious corporate governance failure that requires immediate board-level intervention. As an employee of Medscheme, a subsidiary of AfroCentric Health, I have been subjected to nine months of documented discrimination, victimization, and institutional failure to act.

Despite exhausting internal channels—including formal grievances to HR leading to executive level after 30 days of institutional silence—the misconduct continues unabated. With CCMA litigation now imminent (Case number: WECT23564-25), I bring this to your attention as a final attempt to resolve what represents not only severe personal harm but material legal, reputational, and operational risk to the company.

2. EXECUTIVE SUMMARY OF GOVERNANCE FAILURES

- The core failures involve:
- | Governance Failure | Specific Incident | Date | Evidence |
|-----------------------|---|--------------|----------|
| Discrimination | Public gender identity discrimination (“Wilma” incident) | 23 Sept 2025 | Att. B |
| Retaliation | one of multiple incidents Doubled unpaid leave after discrimination complaint | 25 Sept 2025 | Att. C |
| Procedural failure | senior management whitewashing complaint as “typo” after poor investigation | 1 Oct 2025 | Att. B |
| Institutional Silence | 30+ days no response to second formal grievance from Hr and union | Nov-Dec 2025 | Att. D |
| Unlawful Conduct | >40%salary deduction without consultation | July 2025 | Att. E |
| Duty of Care | one of a few Failure Punitive response to medical emergency | 20 May 2025 | Att. F |

3. KING IV PRINCIPLES VIOLATIONS

This matter engages multiple King IV Principles:

Principle 2 (Exercise ethical leadership):

- Senior management's whitewashing of a serious discrimination complaint
- Hr and union's 30-day silence on a formal grievances

Principle 3 (Responsible corporate citizenship):

- Failure to address discrimination against vulnerable employee
- Breach of Employment Equity Act and Labour Relations Act

Principle 14 (Stakeholder relationships):

- Complete breakdown in employee relations
- Failure to address legitimate stakeholder concerns

Principle 16 (Governance of risk):

- Unaddressed legal, reputational, and operational risks
- Failure of internal controls in grievance procedures

4. MATERIAL RISKS TO THE COMPANY

A. Legal & Regulatory Risks:

- Multiple violations of EEA, LRA, BCEA
- Potential fines up to R1.5 million or 10% of turnover (EEA)
- Personal liability for directors under Section 60 of EEA
- Pending CCMA case with high likelihood of success

B. Reputational Risks:

- Public discrimination finding against JSE-listed company
- Possible media exposure of institution failure to protect vulnerable employee
- Impact on B-BBEE certification (discrimination claims negatively score)
- Investor and client confidence erosion

C. Operational Risks:

- Toxic workplace culture evidenced by similar complaints
- Loss of staff
- Productivity impact from ongoing disputes

D. Financial Risks:

- Potential arbitration award: R3 - R4.5 million
- Legal costs: R500,000+
- Management time diversion: 200+ hours

5. EVIDENCE OF INSTITUTIONAL BAD FAITH

1. Whitewashing of Serious Complaint: Senior management declared a clear act of gender identity discrimination as a “typo” following poor investigation (Attachment B).
2. Retaliation Against Complainant one example: Manager doubled unpaid leave immediately after discrimination complaint (Attachment C).
3. Unlawful Financial Deduction: >40% salary cut without consultation during mental health leave (Attachment E).
4. Complete Institutional Silence: 30+ days no response to formal grievances followed escalation (Attachment D).
5. Procedural Obstruction: Refusal to provide meeting agenda, record meetings, or respond in writing to serious allegations resulting in escalation to ethics board member

6. REQUEST FOR BOARD-LEVEL INTERVENTION

Given the complete failure of management and HR structures, I request:

A. Immediate Actions :

1. Appointment of independent investigator to review entire matter
2. Suspension of involved manager pending investigation
3. Temporary removal of HRBP from any involvement in this matter

B. Board-Mediated Resolution Process:

1. Direct board-level mediation possibly before CCMA proceedings
2. Independent valuation of settlement by external experts
3. Governance review of HR and management practices

C. Governance Remediation:

1. Review of whistleblower and grievance procedures
2. Training on discrimination and ethical leadership
3. Cultural assessment of the division involved

7. PROPOSED RESOLUTION PATHWAY

To avoid protracted litigation and further reputational damage, I propose:

1. Board-Mediated Settlement: Direct involvement of Social & Ethics Committee
2. Independent Investigation: Legal firm to assess liability
3. Fair Settlement: Based on actual damages, statutory entitlements, and aggravated damages for institutional bad faith and financial ruin
4. Governance Reform: Commitment to systemic changes

8. ATTACHED EVIDENCE

Attachment A: Chronology of Key Events (1 page)

Attachment B: Discrimination Evidence – “Wilma” incident & HR whitewash

Attachment C: Retaliation Evidence – Doubled unpaid leave after complaint

Attachment D: Institutional Silence – 30-day grievance black hole

Attachment E: Unlawful Deduction - >40% salary cut without consultation

Attachment F: Medical Evidence – Work-related health impact

Attachment G: CCMA Referral Documents

9. URGENCY AND NEXT STEPS

Awaiting CCMA in-lamine/conciliation date. Without board intervention, this will proceed to public arbitration with guaranteed reputational damage.

I request an urgent meeting with the Social & Ethics Committee or its designated representatives by Friday 12:00 12 December 2025.

All communications should be directed to me via email [wilburmat@gmail.com] I will forward copies to my trusted advisor.

10. CONCLUSION

This is not merely an employment dispute but a significant governance failure involving discrimination, failure to act, systemic procedural abuse, and the devastating financial ruin of a protected employee. The board’s intervention is required to:

1. Uphold the company’s ethical commitments
2. Mitigate material risks
3. Demonstrate responsible leadership
4. Avoid certain reputational and financial damage

I remain available for immediate engagement.

Sincerely,

Wilbur William Matthee

Specialist nurse Health services management.

Medscheme(A division of AfroCentric Health).

wilburmat@gmail.com

Case No. 2026-086906 | *Matthee v AfroCentric Investment Corporation Limited* | Western Cape High Court

ANNEXURE

OA1

Date: 10 December 2025

Category: *CCMA Opposing Affidavit*

Description:

Notice of Opposition and Answering Affidavit of Xolile Vincent Manyati, Senior Employee Relations Specialist (CCMA Case No. WECT23564-25, Medscheme Holdings v Wilbur Matthee). Paragraph 6.3: PTSD and depression characterised as "an excuse" and "an afterthought". Respondent misstated as "care coordinator". Punitive costs sought.

RELEVANCE / PURPOSE IN THESE PROCEEDINGS

Primary evidence of Applicant's bad faith. Non-medical deponent attacks uncontested psychiatric diagnosis under oath. Respondent's designation misstated in a sworn document. Directly contradicts Applicant's position in this application that it acts in good faith.

[Document follows immediately after this tab]

HELD AT CAPE TOWN**

Case Ref. Number: **WECT23564-25**

In the matter between

WILBUR MATTHEE

APPLICANT

And

MEDSCHEME HOLDINGS

RESPONDENT

RESPONDENT'S ANSWERING AFFIDAVIT

I the undersigned **Mr. Xolile Vincent Manyathi** do hereby make an oath and say:

1. I am an adult male and the respondent in this matter. I am duly authorized to make this affidavit as a Senior Employee Relations Specialist employed by Afrocentric Health (Pty) Ltd, the holding company.
2. I am duly authorized to depose of this affidavit. The facts contained herein are both true and correct and fall within my personal knowledge, unless otherwise indicated or the contrary appears from the facts.
3. The applicant in this matter is **Mr. Wilbur Matthee**, who is employed as a care coordinator at Gems business unit under Medscheme Holdings.

4. LEGAL FRAMEWORK:

- 4.1 In terms of the Labour Relations Act 66 of 1995, as amended, if there is a dispute about unfair labour practice, the employee may refer the dispute in writing, however the referral must be made within **90 days** of the date of the act or omission which allegedly constitutes the unfair labour practice. If the employee shows good cause at any time, the council or the commission may permit the employee to refer the dispute after the 90-day time limit has expired.

4.2 Section 191 (2) stipulates that if the applicant shows good cause at any time, the council or CCMA may permit the applicant to refer the dispute after the 90-day time limit has expired. In the case of **Shoprite Checkers (Pty) Ltd CCMA & Others (1998) 19 ILJ 892 (LC) p 21-22, (1998) 5 BLLR 510 (LC)** the honourable judge summarised the law in this regard as follows: "*Section 191(2) enjoins an applicant to show good cause before a commission may permit her to refer the dispute after the time limit has expired. The section makes it clear that condonation is not there merely for the asking. The applicant must tender an adequate explanation for the delay. The Commissioner must also consider this explanation. Due regard must be had to the other generally accepted requirements for the grant of condonation as contemplated in the words good cause....*"

4.3 From the above, it is clear that before the commissioner can grant condonation, the applicant must furnish **justifiable reasons** for the late request. The fundamental question is, therefore, whether the applicant has good grounds for not referring the dispute in time and does his explanation satisfy the factors as mentioned below.

4.4 To that end, in the case of **Dlamini v Progress Housekeeping CC (2001) 22 ILJ 1024 (CCMA) 1028** the commissioner indicated that in determining whether to grant condonation or not the following factors needs to be taken into account: the **degree of lateness**, the **degree of fault**, the **reasonableness of the explanation**, the **prejudice to the parties**, the **prospect of success in the main dispute**. The aforementioned factors were re-iterated in the case of **Job L. Boshop v Mac Donalds Transport NC5139 7 July 2000 CCMA**.

5. BACKGROUND:

5.1 The Applicant is employed as the care coordinator in Medscheme and is based at the employer's offices in Cape Town.

5.2 On the or about **July 2025** the Applicant was absent due to health reasons, the employees leave days got exhausted due to this prolonged absence and because of previous intermittent sick leaves taken. All the employees' leave days were exhausted, including sick leave and annual leave were exhausted at the time.

5.3 The Respondent's process is that before it can apply a no work no pay principle, it firstly exhausts the employees annual leave in leu of sick leave when sick leave is finished, it also assists employees with special leave which in this case it also did in order to accommodate the employee. This is the case in this matter where the respondent firstly used annual leave of the

employee in lieu of sick leave absence. The employee was not paid as he was not at work and had no leave days, however this was not a deduction, but an employee did not render any services and therefore was not paid rightfully so.

6. DEGREE OF LATENESS:

6.1 Disputes of Unfair labour practice must be referred to CCMA within 90 days of the date of the act or omission.

6.2 It is interesting to note that the Applicant deliberately leaves out the information of how late his referral is. This is consistent with his untruthful character, he is aware how long his matter is out of the prescribed time frames of the CCMA, yet he does not state that information. The Applicant's referral is more than 40 days late; I submit that this is excessive, especially for someone who had all the time in the world to refer the matter to the CCMA.

6.3 According to the Applicant he got to be aware of what he needed to do in November or December due to mental issues, but the employee has been working all along since August without any mental issues, but the applicant failed to explain how he got to know of his oversight 40 days later. The employee was addressed by his management team and HR on the issue of unpaid leave. It is also difficult to accept the argument of mental issues from the applicant, as he raised the issue of the alleged victimization in August or September, maybe that was also an oversight. So, when the matter of victimisation was dealt with in August or September why did the employee not refer the matter of unfair deduction then, as clearly there were no mental problems then. The mental issues are an excuse and this whole referral is an afterthought matter. The applicant's failure to take accountability of his lateness and lack of proper pleadings about the degree of lateness on his part, shows his lack of regard for the commission, its processes, and resources.

6.4 The rationale for referring the matter within the required time frames is *inter alia*, to avoid potential prejudice that the Applicant may suffer at the hands of the Respondent. In this case it cannot be argued that the delay was occasioned by the Respondent but by the sloppiness and lack of regard of the most reasonable periods placed by the legislature.

7 REASON FOR LATENESS:

7.1 It is the employer's contention that the Applicant has not provided a compelling explanation for the lateness of his referral to the CCMA. It is interesting to note that the Applicant in his referral claims that he only became aware of what he needed to do in November 2025 but that is not

true as the employee raised another matter with Cheryl-Dawn who is a HR business partner in August/September. Applicant still does not explain how he became aware of his rights in this matter or the lack thereof, this is difficult to accept as the truth as the applicant is the member of the union and if he needed advice he would have gotten it from union representative. It is further interesting that the employee chose not to include this information in his referral affidavit to the CCMA but just makes references that he was ignored by the company.

7.2 The Respondent made the Applicant aware of the reasons why he was not fully paid on the **23rd of July 2025**, when the applicant enquired about the shortfall on his salary, however the applicant only referred the matter to CCMA on the **5th of December 2025** which was more than 40 days late and more than 120 days later from the date of the act or omission.

7.3 The reasons advanced by the Applicant are not truthful, and for that reason alone the CCMA must not entertain this application. In the matter between **Molla v Shal & NO others (2007) 28 ILJ 1028 (LAC)**: Zondo JP as he then was with McCall AJA and Kruger AJA. Concurring held: [34] "I do not have the slightest hesitation in concluding that this is a case where the period of delay is excessive and the appellant's purported explanation for the delay is no explanation at all. If ever there was a case in which one can conclude that good cause has not been shown for condonation without considering the prospects of success, then this is the one. Where in an application for condonation, the delay is excessive and no explanation has been given for that delay or an "explanation" has been given but such explanation amounts to no explanation at all, I do not think it is necessary to consider the prospects of success."

7.4 The Applicant has failed to proffer plausible reasons for the delay. On this ground alone the application should be dismissed, and this abuse of the CCMA services should be condemned with the contempt that it deserves.

8 PROSPECTS OF SUCCESS:

8.1 I submit the Applicant has no prospects of success to the main case. The Respondent acted in line with the law and its own policy that when an employee is sick it will utilize sick leave, once sick leave is exhausted, and employee continues to be absent it will utilize annual leave in lieu of sick leave and once all leaves are exhausted it will then apply unpaid leave. There is nothing illegal about that and the lack of explanation from the applicant as to how the respondent acted unlawfully shows clearly that the employee does not know what he is referring to. The contractual obligation between the respondent and the applicant is that the employer will pay an employee after the employee has rendered his services and not merely for being an employee. It is very clear on what the Applicant did, that to breach the rule as he did, the

consequences thereof of are a dismissal. There is no evidence nor reasons that the applicant will provide to show that he was supposed to be paid a full salary for the month of **July**.

- 8.2 The Applicant's submission lacks explanation on the prospect of success, and a mere claim of unfair labour practice cannot be seen as a prospect of success, and the matter has been wrongly referred as well.
- 8.3 The applicant did not even follow an internal process of formally logging a grievance regarding the alleged unlawful deduction after it was addressed in August but decided to only communicate about it in November which is after the prescription period and then on the 4th of December wrote to the company executive members just before he referred the matter to the CCMA. The respondent submits that this is just a ploy by an applicant to force the company to pay him salary that he is not legally entitled to.
- 8.4 The respondent submits that it did everything to help the employee with his absence to an extent that there was special leave approved for him at the time because the respondent was acting as a responsible employer. The issue of unpaid leave was addressed by his management team (Mapule Mashele) who is the senior manager and HR team that supports the Gems business unit. The respondent will argue that the applicant was addressed on the issue of unpaid leave several times.
- 8.5 The respondent submits that the applicant has really no prospects of success as his reasons given around victimization and intimidation have no relevance but are used to sensationalize his dispute and have nothing to do with main dispute. It further makes it difficult even to understand as to what the real dispute of the applicant is.
- 8.6 The applicant has failed to discharge compelling reasons that are convincing that he has prospects of success other than mere accusations of victimization and intimidation. Therefore, the respondent submits that the condonation application of the applicant should be dismissed as there are no prospects of success should the matter go to the main case. The applicant has not even demonstrated that he has a reasonable chance of succeeding nor has he provided facts and evidence to support his claims.

9 PREJUDICE:

- 9.1 Having regard to submissions made above it is my view that the Respondent will suffer severe prejudice should the application be granted because the Respondent will be required to use resources that are Joburg based to fly to Cape Town to deal with this unsubstantiated dispute, considering that the delay has been caused by the applicant in this instance. Respondents will also have to take management and HR out of the office to bring them to the CCMA as witnesses for something that the applicant is aware of why he was not paid and that management assisted him to not be further negatively affected by his absence through approving special leave for him.
- 9.2 It would be unfair to now hold the Respondent to ransom given that the Applicant has erred in this regard.
- 9.3 It will be prejudicial for the respondent to be expected to go through the main case without any good cause shown by the applicant in terms of the prospects of success in the main.

In conclusion:

The Applicant's affidavit is riddled with untruthful submissions, meaning he has not been truthful or forthcoming and expects the CCMA to grant him condonation even though his application is just a mere ask without factual basis. This is just a fishing expedition and abuse of the system. It is therefore my considered view that this application should be dismissed with cost.

The applicant will not succeed in the main case if the reasons is just a claim of unlawful deduction and victimisation.

It is further submitted that the Applicant does not have prospects of success in the main application as it the Respondent's view that there is no unfair labour practice that the applicant has been subjected to.

It is further submitted by the respondent that whether there is good cause shown on the lateness but that cannot be the only determining factor in granting of condonation, but the applicant should satisfy all the elements which I believe he has not given sufficient evidence or explanation in terms of prospects of success and prejudice.

It is clear that the applicant will not succeed in the main if the reasons is just a claim of unlawful deduction or invalid no work no pay claim.

~~Notary~~

Deponent

I certify that on this 10 day of December 2025, the deponent signed the declaration in my presence and declared that:

- a) I know and understand the contents hereof;
- b) I have no objection to taking this oath;
- c) I consider this oath to be binding on my conscience and uttered the words: "I swear that the contents of the declaration are true, so help me God."

ANNEXURE
GRC2

Date: 11 December 2025

Category: *Board GRC Escalation (2nd)*

Description:
Second Board-Level GRC Escalation: "Legal Opposition Affidavit Confirms Institutional Bad Faith & Escalates Governance Risk". Attaches OA1 as Annexure A. Identifies five categories of institutional bad faith: (1) dismissal of psychiatric condition; (2) misrepresentation of title; (3) character attacks; (4) punitive cost demand; (5) trivialisation of financial destitution. Requests Board acknowledgment by 12 December 2025 at 12:00.

RELEVANCE / PURPOSE IN THESE PROCEEDINGS

Proves Board was placed on notice of OA1's bad faith within 24 hours of its filing. Establishes deliberate institutional silence at Board level. Grounds res judicata argument in counter-application.

[Document follows immediately after this tab]

URGENT UPDATE: Legal Opposition Affidavit Confirms Institutional Bad Faith & Escalates Governance Risk

1 message

Wilbur William Matthee <wilburmat@gmail.com>
To: munisinf@global.co.za, alice@aliceleroux.co.za, ferfam.bruno@gmail.com

Thu, 11 Dec 2025 at 03:33

Dear Chairs and Company Secretary,

I write to provide an urgent update directly relevant to the material governance risks I reported to your committees.

As you are aware, after exhausting all internal channels—including executive leadership who de-escalated the matter back to the source of the harm (narrative at the executive level has been procedurally closed)—I was forced to file a dispute with the CCMA and notify your committees of the systemic failures.

On 10 December 2025, the company's legal representative, Mr. Xollie Vincent Manyati, filed an Opposing Affidavit with the CCMA seeking to have my case dismissed on technical grounds (case WEC123564-25). A copy is attached for your immediate attention.

This document is not merely a legal filing; it is a tangible exhibit of the very institutional bad faith and procedural abuse I have been reporting. It demonstrates that the company's response to a serious discrimination and victimisation case is to:

1. Ignore the Substance Entirely: The affidavit makes no attempt to address the core allegations of discrimination ("Wilma" incident), victimisation, or the breach of duty of care. It focuses solely on a technical argument about timing, confirming the company's strategy is to avoid scrutiny of its conduct.
2. Engage in Factual Misrepresentation: It dismissively misstates my professional title, indicating a lack of diligence or a deliberate attempt to diminish my standing.
3. Attack the Complainant's Character: It contains unfounded personal attacks, labelling me as having an "untruthful character," which is a common tactic to intimidate and discredit rather than engage with facts.
4. Demonstrate a Punitive Posture: It shockingly requests that the CCMA dismiss my application "with cost," an extraordinary demand intended to punish an employee who is already in documented financial distress due to the company's actions.
5. Trivialise Severe Harm: It argues the company would suffer "severe prejudice" from the cost of travelling from Johannesburg to Cape Town for a hearing, while I am facing destitution and a health crisis. This juxtaposition reveals a profound failure of ethical perspective and duty of care.

Governance Implications:

This legal response is a direct outcome of the executive failure to intervene meaningfully. It signifies that the corporate apparatus is now being used to legally oppose an employee in crisis rather than to investigate and remediate the serious underlying issues. I have prepared a comprehensive point-by-point rebuttal to this affidavit for submission to the CCMA, which details the factual inaccuracies, continuous nature of the harm, and the bad faith inherent in the Respondent's opposition.

- Materially increases legal and reputational risk by creating a public record of aggressive opposition to a discrimination complainant.
- Validates the allegation of a cover-up and institutional bad faith.
- Directly engages the mandate of the Social & Ethics Committee (monitoring the company's activities regarding the EEA and ethical conduct) and the Risk Committee (overseeing material legal and reputational risk).

My urgent plea for interim relief to prevent destitution stands. This affidavit only heightens the immediacy of the required intervention.

I therefore reiterate my request for the Board's committees to:

1. Acknowledge receipt of this escalating evidence.
1. Intervene to ensure an independent, external investigation into the entire matter.
2. Mandate the provision of interim relief (paid leave, hardship payment) to prevent irreversible personal harm.
3. Review the strategy being employed by the company's legal and HR representatives in this matter.

The choice is now stark: the Board can oversee a fair, external process to resolve a serious internal failure, or it can allow the company's resources to be used to litigate against an employee it has harmed, guaranteeing greater public exposure and liability.

I remain available for any direct communication from the Board or its designated independent representative.

Please note: To prevent another procedural deadlock like the 30-day institutional silence I experienced previously, I require, at minimum, a formal acknowledgment of receipt of this update by Friday, 12 December 2025, at 12:00 sharp.

Sincerely,

Wilbur Matthee

Case No. 2026-086906 | *Matthee v AfroCentric Investment Corporation Limited* | Western Cape High Court

ANNEXURE

RA1

Date: 11 December 2025

Category: *CCMA Replying Affidavit*

Description:

Respondent's Replying Affidavit to CCMA Condonation Opposition (Case WEC123564-25), signed at Delft. Rebutts Manyati affidavit in full. Establishes continuous harm doctrine (*Gauteng Department of Health v Tsomakae* [2017]). Documents OA1 as independent post-referral unfair labour practice. Responds to punitive costs demand and prejudice argument. Demonstrates overwhelming prospects of success.

RELEVANCE / PURPOSE IN THESE PROCEEDINGS

Establishes legal basis for CCMA jurisdiction. Continuous harm doctrine applied. Demonstrates Respondent's consistent principled litigation conduct.

[Document follows immediately after this tab]

**IN THE COMMISSION FOR CONCILIATION MEDIATION AND ARBITRATION HELD AT
CAPE TOWN**

CASE NO.: **WEC123564-25**

In the matter between:

WILBUR MATTHEE APPLICANT

and

**MEDSCHEME HOLDINGS (A Division of AfroCentric Health)
RESPONDENT**

**APPLICANT'S REPLYING AFFIDAVIT TO THE RESPONDENT'S OPPOSITION TO
CONDONATION**

I, the undersigned, WILBUR WILLIAM MATTHEE, do hereby make oath and state:

1. INTRODUCTION AND AUTHORITY

1.1. I am an adult male, the Applicant in this matter, and a Health Services Management Nurse Specialist (Care Manager) employed by the Respondent at its GEMS business unit in Cape Town.

1.2. The facts herein are within my personal knowledge, true and correct, unless otherwise stated. I have personal and direct knowledge of all events and communications referenced.

1.3. I am opposing the Respondent's application to dismiss my condonation request and will demonstrate that: (a) the harm was continuous, placing my referral within time; and alternatively, (b) compelling good cause exists for condonation.

2. CORRECTION OF FACTUAL INACCURACIES AND UNFOUNDED ATTACKS

2.1. I must correct material errors and reject unfounded attacks in the affidavit of Mr. Manyathi, which undermine its credibility.

2.2. Correction of My Position: I am not a "care coordinator" as dismissively stated, but a Health Services Management Nurse Specialist (Care Manager). This reflects a pattern of the Respondent's inattention to accuracy.

2.3. Rejection of the Irrelevant "Dismissal" Argument: My case concerns unfair labour practices, not dismissal. The Respondent's unsolicited argument that my actions warranted dismissal is highly prejudicial and attempts to improperly influence the Commissioner.

2.4. Rejection of the Inappropriate Prayer for Costs: The demand for costs in a CCMA condonation application is punitive and underscores the Respondent's aggressive posture to intimidate me, given my documented financial distress.

2.5. Rejection of Character Attacks: I categorically reject allegations of an "untruthful character." My submissions are backed by documentary evidence. The Respondent's personal attacks are a strategy to distract from their lack of substantive defence.

SECTION 3: THE RESPONDENT'S AFFIDAVIT AS ESCALATING VICTIMISATION & INSTITUTIONAL MALICE

3.1 Aggravated Attack on Protected Characteristics & Medical Condition

The Applicant is compelled to address the content and tone of the Respondent's Affidavit by Mr. Xollie Vincent Manyathi. This document does not constitute a legal defence but represents a continuation and escalation of the very unfair labour practices at issue, providing compelling grounds for enhanced, punitive damages.

3.1.1 The affidavit deliberately and maliciously dismisses my medically documented psychiatric condition—a direct consequence of the Respondent's own discriminatory and victimising conduct—as a cynical “excuse” and “afterthought”. This is not legal argument; it is a direct attack on a protected characteristic (disability/medical condition) that compounds the initial discrimination.

3.1.2 By weaponising my mental health crisis—caused by their actions—against me in a formal legal proceeding, the Respondent demonstrates institutional contempt for employee wellbeing and a shocking disregard for the duty of care. This transforms a health condition into a tool for further victimisation.

3.2 Financial Intimidation & Weaponisation of Process

3.2.1 The Respondent's aggressive and unwarranted demand for costs in a routine condonation application, made with full knowledge of my documented financial destitution (as detailed in previous communications), serves no legitimate legal purpose.

3.2.2 This demand is a deliberate act of financial intimidation, calculated to exert psychological pressure and deter me from pursuing my rights. It exploits my vulnerable financial position—a position created by the Respondent's own unlawful deductions—to threaten further ruin.

3.3 Bad Faith, Personal Attacks & Abuse of Process

3.3.1 The affidavit is riddled with gratuitous personal attacks, labelling me as “untruthful” and characterising my application as an “abuse of the CCMA services”. These are not legal submissions but ad hominem assaults intended to poison the well and discredit me personally.

3.3.2 This demonstrates the Respondent's utter lack of remorse, systemic bad faith, and commitment to continued hostility. It confirms that the initial misconduct was not an aberration but reflective of an organisational culture that attacks rather than addresses complaints.

3.3.3 The affidavit itself thereby eliminates any conceivable possibility of restoring the employment relationship. It proves the victimisation is not historical but ongoing and institutionalised, perpetrated now through the Respondent's legal representatives.

3.4 This Affidavit as Independent Grounds for Maximum & Punitive Damages

3.4.1 The Respondent's choice to respond to serious discrimination allegations with further aggression in a sworn affidavit constitutes an independent, post-referral unfair labour practice (victimisation). It is a conscious decision to escalate rather than remediate.

3.4.2 This conduct warrants a significant punitive damages premium in any award. It proves the need for a deterrent sanction to signal that using legal process to further victimise complainants is unacceptable.

3.4.3 The Commissioner is urged to consider this affidavit not merely as a defence to condonation, but as powerful evidence of the Respondent's character and the imperative for a maximum compensatory and punitive award.

4. THE TRUE NATURE OF THE DISPUTE: A CONTINUOUS PATTERN OF UNFAIR LABOUR PRACTICES

4.1. This dispute encompasses multiple, interconnected unfair labour practices forming a continuous course of conduct from July 2025 to December 2025:

- a. Unfair Labour Practice – Unlawful Deduction & Failure to Accommodate (July 2025).
- b. Unfair Discrimination & Harassment (the "Wilma" incident, 23 September 2025).
- c. Victimisation & Retaliation (doubled unpaid leave, punitive management).
- d. Institutional Bad Faith & Procedural Failure (30-day silence on grievances, whitewashing of complaints, bad-faith de-escalation).

5. THE UNLAWFUL NATURE OF THE JULY 2025 SALARY DEDUCTION

5.1. The Respondent misrepresents the July 2025 incident as a lawful "no work, no pay" application. In reality, its implementation was procedurally unfair and discriminatory.

5.2. Failure to Consult and Lack of Procedural Fairness: The Respondent deducted over 40% of my salary without any prior consultation, despite my explicit request to stagger the amount to prevent destitution. This refusal to engage constituted a lack of procedural fairness.

5.3. Failure to Provide Reasonable Accommodation: My absence was due to a documented psychiatric condition. The employer has a duty to make reasonable accommodation. My request to stagger the deduction was a minimal adjustment. The refusal, while I was in a vulnerable post-hospitalization state, constitutes discrimination based on my medical condition.

5.4. Derogatory Comments and Victimization: The manager's comment that "The Respondent is not a loan company" followed by I "would not feel the missing chunk... because I receive online deliveries weekly" was derogatory and proves the refusal to accommodate was motivated by malicious intent, converting a deduction into an act of victimisation.

6. THE CONTINUOUS HARM AND INSTITUTIONAL BAD FAITH THAT FOLLOWED

6.1. The July incident established a pattern of unfairness that continued unabated, demonstrating a continuous course of conduct:

a. September 2025: I experienced public discrimination (the "Wilma" incident) and immediate retaliation (doubled unpaid leave).

b. October 2025: Senior management whitewashed the discrimination complaint as a "typo," HR and union accept demonstrating institutional bad faith.

c. November 2025: I filed a formal grievance about the hostile environment. The Respondent met this with 30 days of institutional silence. HR and union.

d. Early December 2025 – The Escalation and De-escalation:

i. On 4 December 2025, after 30 days of silence from HR and the union followed by +20 days silence by senior management, I escalated the entire matter to executive leadership.

ii. The executive leadership de-escalated the matter back to the very department and manager accused of causing the harm.

iii. Faced with being returned to the source of the problem, I had no reasonable alternative and filed the CCMA referral.

iv. The de-escalated department contacted me to schedule a meeting notifying them of the case is now with the CCMA. I stipulated basic safeguards: a clear agenda and a recorded meeting to ensure transparency.

v. The department refused these basic terms, creating a procedural deadlock.

vi. I therefore formally notified the department that I could not attend without safeguards and would seek oversight elsewhere.

vii. As the next logical step, and true to my word, I formally notified the Board's Social & Ethics and Risk Committees the following day. This was a good-faith report of a material governance failure.

6.2. This sequence proves my actions were sequential, reasonable, and forced by the Respondent's conduct. The "delay" encompasses the period I was cycled through this broken internal process.

7. PRIMARY LEGAL ARGUMENT: THE HARM WAS CONTINUOUS, RESETTING THE REFERRAL CLOCK

7.1. Legal Principle: Where unfair labour practices constitute a continuing wrong, the 90-day period for referral resets for as long as the conduct persists. The last act in the continuum sets the clock *Gauteng Department of Health v Tsomakae* (GAJB 5554-16) [2017].

7.2. Application: The Respondent's misconduct was a continuous course of conduct that only culminated with the institutional bad faith and refusal to engage transparently in early December 2025. My referral is therefore within 90 days of the last confirming act of the continuing wrong.

8. ALTERNATIVE ARGUMENT: COMPELLING GOOD CAUSE FOR CONDONATION

Should the Commissioner find the continuous harm principle not fully applicable, I demonstrate compelling good cause.

8.1. Reason for Delay – Exhaustion of Remedies: Any delay was due to my good-faith exhaustion of every internal and governance channel, a process systematically thwarted by the Respondent. The CCMA referral was a last resort made promptly once this became clear.

8.2. Prospects of Success are Overwhelming: I possess direct evidence for each allegation (payslips, screenshots, emails, medical certificates). The Respondent's affidavit avoids engaging with this substance.

8.3. Prejudice: The prejudice to me—destitution, health crisis—if denied a hearing is catastrophic. Any administrative inconvenience to the Respondent is negligible.

9. THE RESPONDENT'S CLAIM OF "PREJUDICE" IS WITHOUT MERIT AND DEMONSTRATES ITS BAD FAITH

9.1. The Respondent claims in its affidavit (paragraph 9.1) that it will suffer "severe prejudice" should my application proceed because it would need to use "resources that are Joburg based to fly to Cape Town to deal with this unsubstantiated dispute."

9.2. This claim is disingenuous and reveals the Respondent's true disregard for the seriousness of this matter and the imbalance of power:

- a. ****Relative Prejudice is Wholly Mismatched:**** The Respondent, a large JSE-listed corporate entity, complains of the administrative and financial inconvenience of travel. I, an individual employee, am facing ****actual destitution, inability to afford food and medication, and severe health deterioration****. To equate corporate travel logistics with the threat to an individual's basic survival and health is not only irrational but morally indefensible. Any prejudice to the Respondent is purely financial and administrative; the prejudice to me is existential.
- b. ****The Respondent Created This Dispute Through Its Own Conduct:**** The Respondent's suggestion that it is being held to ransom is an inversion of reality. The dispute exists ****solely because of the Respondent's own actions****: its unlawful deduction, its discriminatory conduct, its victimisation, and its systemic failure to address my grievances. Having created the harm, it cannot now claim prejudice when called to account for it.
- c. ****Travel is a Normal Business Cost in a National Company:**** The Respondent, as a national healthcare administrator, operates across the country. Requiring managers to travel for a formal legal proceeding regarding serious misconduct within its ranks

is a normal cost of doing business and upholding the law. Framing this as an undue burden is an admission that it views its own legal and ethical accountability as an optional inconvenience.

D. ****Modern Technology Provides Alternatives:**** Should travel genuinely be a concern, the Respondent could have explored or proposed virtual mediation or arbitration. Its failure to do so and immediate leap to claiming “severe prejudice” underscores its strategy to use cost as a barrier to justice.

- d. ****The Claim Undermines the CCMA’s Authority:**** Implicit in the Respondent’s argument is the suggestion that an employee in one city should be barred from justice if the employer’s head office is in another. This strikes at the heart of the CCMA’s national mandate to provide accessible dispute resolution for all employees, regardless of geography.

9.3. Conclusion on Prejudice: The Respondent’s claim of prejudice is not a valid legal objection but a tactical one, designed to portray me as an inconvenience rather than a wronged employee seeking redress. The overwhelming and documented prejudice lies with me. To deny condonation based on the Respondent’s purported travel costs would be a grave miscarriage of justice, prioritising corporate convenience over an individual’s right to be heard on matters of discrimination, victimisation, and survival.

10. CONCLUSION

10.1. My referral is, on the correct legal analysis, within time due to the continuous nature of the harm. Alternatively, more than sufficient good cause exists.

10.2. To dismiss this application on a technicality would sanction the Respondent's strategy of institutional bad faith and deny justice.

11. PRAYER FOR RELIEF

I respectfully request that the Honourable Commissioner:

11.5. Grant such further relief as deemed just.

11 DEC 2025

Case No. 2026-086906 | *Matthee v AfroCentric Investment Corporation Limited* | Western Cape High Court

ANNEXURE
WW4

Date: 16–18 December 2025

Category: *Board GRC Escalation (3rd) / Retraction / Suppression Email*

Description:

Three documents: (1) Maximum Severity GRC3 Escalation 16 Dec 2025 — Formal Memorandum to Board Audit & Risk Committee regarding management interference in GEMS Case 000655789 Dependent 02, suppression of findings, and retaliation (audio recording of Mary-Ann Jones stating refusal "is insubordination"); 24-hour compliance window. (2) Voluntary Retraction email 17 Dec 2025 — sent on public holiday, procedurally invalidating deadline; immediately retracted with apology. (3) Monwabisi Kula (CRO) suppression email 18 Dec 2025 — instructing Respondent to cease emailing directors.

RELEVANCE / PURPOSE IN THESE PROCEEDINGS

Three separate grounds: (1) Establishes patient-safety protected disclosure re GEMS 000655789. (2) Voluntary retraction proves procedural good faith — vexatious litigants do not retract. (3) Kula email constitutes direct suppression of protected disclosure by the CRO — key evidence of retaliation.

Tue, 16 Dec 2025 at 09:35

PART 1: FORMAL MEMORANDUM TO THE BOARD AUDIT & RISK COMMITTEE

1. Purpose of Escalation

This memorandum constitutes a Maximum Severity Governance, Risk, and Compliance (GRC) escalation to the Board Audit & Risk Committee. It follows confirmed management interference in a concluded investigation, suppression of substantiated findings, retaliatory conduct against the investigator, and failure to implement corrective action.

Collectively, these actions have exposed the organisation to material regulatory, labour, ethical, and reputational risk, and are directly causing psychological harm to staff.

2. Key Findings

Member complaint arose from a documented system failure, not member non-adherence.

Ethical refusal to misattribute fault resulted in:

- Loss of access to the investigation
- Blocked corrective action and apology
- Improper closure of the case
- Responsibility shifted to the member despite clear system-level fault

Evidence of Retaliation: Audio recording of MaryAnn Jones explicitly stating the refusal “is insubordination.”

3. Governance, Legal, and Regulatory Exposure

King IV Principles 1, 2, 4, 13 – ethical leadership, accountability, risk governance, compliance

ISO 31000 / ISO 45003 – failure to monitor risk and prevent psychosocial harm

OHSA s8 & LRA ss185–188 – unsafe work environment, unfair labour practice

Protected Disclosures Act (PDA) – retaliation against ethical refusal / whistleblowing

Regulatory Reach: Eight regulators will require explanation for inaction

Explicit Warning: Failure to act will be considered a miscarriage of ethical justice and an approval of director-level psychological harm, with PDA fully covered in the master evidence dossier submission scheduled for 17 December 2025, 10:00. AS MENTIONED 12 December 2025 in constructive dismissal notice email.

4. Immediate Board-Level Actions Required

- 1. Administrative Suspension – Mary-Ann Jones & Lisa Mari pending independent investigation.
- 2. Corrective Member Communication – Immediate apology acknowledging system fault
- 4. Activation of Governance Controls,ethical deviation review protocol, management risk training

5. Conditional Resolution & Master Dossier

Compliance Window: 24 hours for documented proof of required actions

Outcome: This case can be removed from the master evidence dossier to regulators

Failure: Full dossier, covering PDA and psychological harm, will be shared with all eight regulators on 17 December 2025 at 10:00

6. Accountability Notice

Failure to act, suppress findings, or misattribute fault will be regarded as reckless governance, exposing Board and management to personal liability, regulatory escalation, and labour proceedings. Timely, transparent action restores trust, demonstrates accountability, and prevents unnecessary escalation.

Submitted in good faith, fulfilling statutory, professional, and ethical duties.

Sr. Wilbur W. Matthee
Specialist Nurse, Health Services Manager: Governance, Risk & Psychosocial Safety

PART 2: ACCOMPANYING EMAIL TO BOARD

Subject: Urgent Maximum Severity GRC Escalation – Immediate Action Required

Dear Chairperson and Board Members,

Attached is a Maximum Severity Governance, Risk, and Compliance memorandum regarding confirmed management interference, suppression of findings, and retaliation against the investigator. This matter exposes the organisation to regulatory, labour, ethical, and reputational risk, and is causing active psychological harm to staff.

The memorandum includes:

Evidence of retaliation and ethical misconduct

Required immediate interventions

Conditional resolution path to prevent escalation to regulators

Explicit warning that failure to act constitutes a miscarriage of ethical justice and approval of director-level psychological harm

Action Required:

Please provide documented proof of corrective action and governance control implementation within 24 hours. Timely resolution will allow this matter to be removed from the master evidence dossier, which is otherwise scheduled for submission to eight regulators on 17 December 2025 at 10:00.

This escalation is submitted in full compliance with statutory, professional, and ethical duties. Immediate attention and decisive action are required to prevent further organisational, regulatory, and legal exposure.

Respectfully,
Wilbur W. Matthee
Specialist Nurse, Health Services Manager: Governance, Risk & Psychosocial Safety

> Accountability Notice:

This correspondence constitutes a formal notice of identified risk. Retaliation, obstruction, or failure to act in accordance with governance and risk management obligations may expose the organisation and/or individuals to regulatory, legal, and ethical consequences.

Important Accountability Notice:

MAXIMUM SEVERITY GRC ENFORCEMENT NOTICE – KING IV | ISO | OHSA | LRA

This enforcement notice is issued in my capacity as a Specialist Nurse and Health Services Manager responsible for Governance, Risk, and Psychosocial Safety, following confirmation that substantiated investigative findings were deliberately disregarded, corrective action and an approved apology were obstructed, the investigator was denied further access to the matter, and responsibility was improperly shifted to a member despite clear system-level causation. Such conduct constitutes a material breach of King IV Principles 1, 2, 4, and 13 (ethical leadership, accountability, risk governance, and compliance), ISO 31000 (failure to identify, treat, and monitor risk), ISO 45003 (failure to prevent psychosocial harm), Section 8 of the Occupational Health and Safety Act (duty to provide and maintain a work environment that is safe and without risk), and Sections 185, 186, and 188 of the Labour Relations Act (unfair conduct, detriment, and managerial misconduct). Immediate written confirmation is required before close of business today that the identified risk has been actioned, corrective and preventative controls implemented, member harm remedied, and management-level accountability assigned. Any failure to confirm resolution, or any further attempt to suppress findings, misattribute fault, or close the matter without corrective action, will be regarded as reckless governance and will expose accountable officials to personal liability, regulatory escalation, labour proceedings, and external oversight.

Dear Chairperson and Board Members,

I am writing to formally retract the email and attached memorandum sent earlier 16 December 2025, titled "Urgent Maximum Severity GRC Escalation – Immediate Action Required," regarding Case [GEMS 000655789 Dependent 02].

This retraction is due to the email being sent on a public holiday, which invalidates the specified timeline and compliance window outlined in the document. As such, please disregard the formal escalation and any associated deadlines.

However, at your discretion, you may still use the information provided to correct the incident and implement any necessary remedial actions, as the underlying concerns remain relevant.

I apologize for any inconvenience this may cause and appreciate your understanding.

Should you require further clarification or discussion, please let me know.

Respectfully,

Sr. Wilbur W. Matthee
Specialist Nurse, Health Services Manager: Governance, Risk & Psychosocial Safety

Accountability Notice:
>This retraction does not waive any statutory, professional, or ethical duties and is issued in good faith to ensure procedural accuracy.

Monwabisi Kula <Monwabisi.Kula@afrocentrichealth.com>
To: Wilbur William Matthee <wilburmat@gmail.com>

Dear Wilbur, can I please ask you to stop sending these e-mails to our directors? They've seen your first batch of e-mails and are aware that management is attending to them. Sending further e-mails only gives them an indication of impatience and unreasonableness on your part, and that does not serve you well.

Regards,

Monwabisi Kula
Chief Risk Officer

Dear Cheryl-Dawn,

I hope you are having a good week.

I am writing to kindly request your assistance with the necessary documentation required for my Unemployment Insurance Fund (UIF) application.

To help me meet my immediate financial needs and begin the claims process, could you please provide the completed UI-19 form and any other relevant exit documents?

Additionally, please let me know if there are any specific forms I need to complete from my side, or if you require any updated information (such as my current contact details or banking confirmation) to finalize these papers.

Thank you very much for your time and for helping me with this transition. I look forward to hearing from you.

Best regards,

Sr. W. Matthee

Nurse Specialist Health Services Management, Risk And Psychosocial Safety.

Case No. 2026-086906 | *Matthee v AfroCentric Investment Corporation Limited* | Western Cape High Court

ANNEXURE
EXIT3

Date: 15–19 January 2026

Category: *UIF Non-Compliance Notice (5-message chain)*

Description:

URGENT Notice of Statutory Non-Compliance (UIF). Includes uFiling portal screenshot: MEDSCHEME HOLDINGS PTY LTD (201103-202702) — June 2025 flagged "No Information" despite UIF deduction appearing on payslip. Demands UI-19, Service Certificate and Umbrella Fund Withdrawal Forms by 19 Jan 2026 at 12:00. Sipokazi Makaula response 19 Jan 2026 provides documents but incorrectly asserts that resignation bars UIF claim. Includes Sanlam withdrawal email chain 15 Jan 2026.

RELEVANCE / PURPOSE IN THESE PROCEEDINGS

Establishes UIF non-remittance irregularity for June 2025. Makaula's resignation-bar assertion is legally incorrect re constructive dismissal. Direct cause of administrative deadlock with the Department of Employment and Labour. Grounds declaratory relief prayer.

Bcc: wilburmat@gmail.com

Mon, 19 Jan 2026 at 12:25

Dear Sipokazi,

I acknowledge receipt of the Certificate of Service. However, I must formally object to the fact that my role has been adjusted to align with the Opposing Affidavit dated 10 December 2025, rather than reflecting my actual employment records.

The Certificate of Service is a statutory document required for UIF and fund processing. It must be accurate and consistent with payroll and HR records, not tailored to litigation pleadings. Adjusting my role to fit an affidavit constitutes misrepresentation and undermines compliance with the Basic Conditions of Employment Act.

I further note that both you and Nthabiseng were present in the recorded Teams meeting titled “Naming Convention”, where the Operational Manager encouraged us to update our statistics. That meeting provides direct evidence that the employer had full knowledge of my role, identity, and responsibilities. Any deviation from those facts in the Certificate of Service is therefore unjustifiable.

I therefore request that the Benefits Team urgently issue a corrected Certificate of Service that reflects my true role and employment details, as per payroll and HR records and the recorded meeting. As a result, of this failure, that is evedince require you have not met your 12:00 deadline, I require correct Certificate of Service by close of business 19 January 2026.

Should this not be provided within the stipulated timeframe, I will proceed to file a formal complaint with the Department of Employment and Labour (DEL) and request a statutory audit of the employer’s compliance.

Please confirm by return email before close of business.

Kind regards,

Wilbur William Matthee

Dear Wilbur

Thank you for your e-mail,

Ito correspondences, from an HR perspective, I would like to confirm that we responded within the stipulated timeframe and provided all information required from our side. Furthermore the Certificate of Service issued is correct and fully aligned with our employment records as well as statutory requirements.

With regard to the naming-convention changes, please note that this business process is still in progress, and I can confirm that no changes to the Care Co-Ordinator job title for your department have been implemented at this stage. Your title is therefore accurately and correctly reflected in the Certificate of Service.

Should you require any additional documentation, we are available to assist; however, our position regarding the accuracy of the certificate remains unchanged.

Kind Regards

Cheryl-Dawn Modern

Bcc: wilburmat@gmail.com

Dear Cheryl-Dawn,

Thank you for the information provided.

You have stated that the company was compliant with the statutory timeline. However, the documents I received were incomplete, which means the company is in fact not compliant with statutory requirements.

For the record:

- I verbally accepted the updated role during the recorded Teams meeting titled "Naming Convention", attended by Sipokazi Makaula and Nthabiseng Nkatane, where the Operational Manager informed me to update my identifiers.
- I subsequently updated my professional signature to reflect the new title.
- Both the recording and my updated signature constitute legally binding confirmation of the naming convention.

Despite this, the Certificate of Service issued contradicts both the recorded meeting and my updated signature, and has been aligned with the employer's Opposing Affidavit dated 10 December 2025. This alignment is illegal, as statutory documents must reflect factual employment records, not be tailored to litigation pleadings.

As a result, the current Certificate of Service will form part of my legal proceedings. Unless a corrected version is provided by close of business today, 19 January 2026, I will proceed to file a formal complaint with the Department of Employment and Labour (DEL) and include this matter in my Labour Court affidavit.

Kind regards,

Wilbur Mat... 2025/10/15

Case No. 2026-086906 | *Matthee v AfroCentric Investment Corporation Limited* | Western Cape High Court

ANNEXURE
EXIT4

Date: 19 January 2026

Category: *Certificate of Service — Correction Required (4-message chain)*

Description:

Respondent's letter to Monwabisi Kula and Lindiwe Miyambu objecting to Certificate reflecting "Care Coordinator" — aligned with Manyati CCMA affidavit title rather than payroll records. Reference to "Naming Convention" Teams meeting (attended by Sipokazi Makaula and Nthabiseng Nkatane) where Operational Manager directed identifier updates. Cheryl-Dawn Modern's response 19 Jan 2026 at 15:40 maintaining "Care Coordinator" and asserting no naming-convention changes implemented. Respondent's final reply at 16:30 placing Certificate on Labour Court record. Screenshot of Respondent's Medscheme email signature dated 15 October 2025 showing title "Case Manager: GEMS Active Disease Risk Management".

RELEVANCE / PURPOSE IN THESE PROCEEDINGS

Proves Applicant knowingly refused to correct erroneous Certificate. Modern's response directly contradicts Respondent's email signature and "Naming Convention" Teams meeting record. Grounds fatal contradiction argument in paragraph 15 of the affidavit.

Dear Sipokazi,

I refer to your email dated 15 January 2026.

1. Rejection of Information Request:

Your request for my basic identity and employment details is rejected as a bad-faith stalling tactic. As a Human Capital Consultant, you have access to the Respondent's payroll records. Furthermore, the Respondent's legal representative, Mr. Xollie Vincent Manyati, authored a sworn Opposing Affidavit on 10 December 2025 (Case WECT23564-25) identifying me and my role.

2. Ignorance of Prior Requests:

Please note that I formally requested these documents from Cheryl-Dawn Modern on 7 January 2026. Her complete ignorance of that request and subsequent failure to provide the documents—despite my follow-up with you on 14 January—is a continuation of the institutional silence and victimization documented in my legal filings.

3. Evidence of UIF Non-Compliance (June 2025):

Attached is a screenshot from the uFiling portal showing that the Respondent failed to submit a declaration for June 2025. My payslip for that month reflects that UIF was deducted from my salary. This discrepancy constitutes a violation of the Unemployment Insurance Contributions Act. I require immediate proof of payment and an updated declaration for June 2025 to ensure my claim is not rejected by the Department of Employment and Labour (DEL).

4. Formal Notice to Leadership:

(To Lindiwe Miyambu, Tebogo Makoe, and Monwabisi Kula) Please be advised that I am formally filing my Founding Affidavit in the Labour Court on Tuesday, 20 January 2026. The systemic failure to provide my UI-19, retirement forms, and the missing June 2025 declaration will be included as evidence of institutional bad faith and continued occupational detriment.

5. Final Demand:

I require the following by 12:00 PM on Monday, 19 January 2026:

- My completed UI-19 form;
- My Service Certificate and Umbrella Fund Withdrawal Forms;
- Proof of UIF payment and declaration for June 2025.

Failure to comply will result in a formal complaint to the DEL and a request for a statutory audit.

Good day Wilbur,

I hope you are well.

I apologise about the delay in your request.

I spoke with Xolile to help me identify you as per the information you provided below on your communication with Xolile.

Please note that due to your email being external It was important for me to ask Identity questions.

I was also unable to identify you via the external email and asked the Identity questions so I can give full details to the benefits team for your personalized exit documents.

Additionally your request is of a confidential status it was also important that I ask Identity questions so that there is no confidential breach.

A ResQ ticket has also been raised for your exit documents. The benefits team no longer works via email, they work via ResQ tickets for all queries.

Next steps

-Benefits will review and send your personalised exit documents

-Once I receive or Cheryl receives we will send it you using this email address .

Thank you .

Kind regards

Sipokazi Makaula

Dear Ms Makaula,

I acknowledge receipt of your email dated Sunday, 18 January 2026, regarding my request for statutory exit documents.

As indicated in my correspondence of Thursday, 15 January 2026, the deadline for provision of these documents is **Monday, 19 January 2026 at 12h00**. These documents are required to enable compliance with statutory obligations, including UIF processing.

I respectfully request that the Respondent ensure full compliance with this deadline to avoid unnecessary escalation. Please confirm that the benefits team will provide the personalised exit documents within the stipulated timeframe.

Thank you for your attention to this matter.

Kind regards,

Sr. Wilbur Matthee

Good day Wilbur,

I trust you are well.

Herewith please find feedback on your query:

- 1. UIF Declaration – June 2025**
The UIF declaration for June 2025 was submitted.
Please see the screenshot provided by Payroll as confirmation.

2. UIF Documentation

UIF documents have been attached for your reference.

Kindly note that UI-19 forms are only provided when the reason for leaving qualifies for UIF benefits.

Since your reason for leaving is recorded as Resignation, the Department of Employment and Labour does not process UIF claims for this category unless they explicitly request supporting documents.

3. Certificate of Service

Your Certificate of Service has been attached.

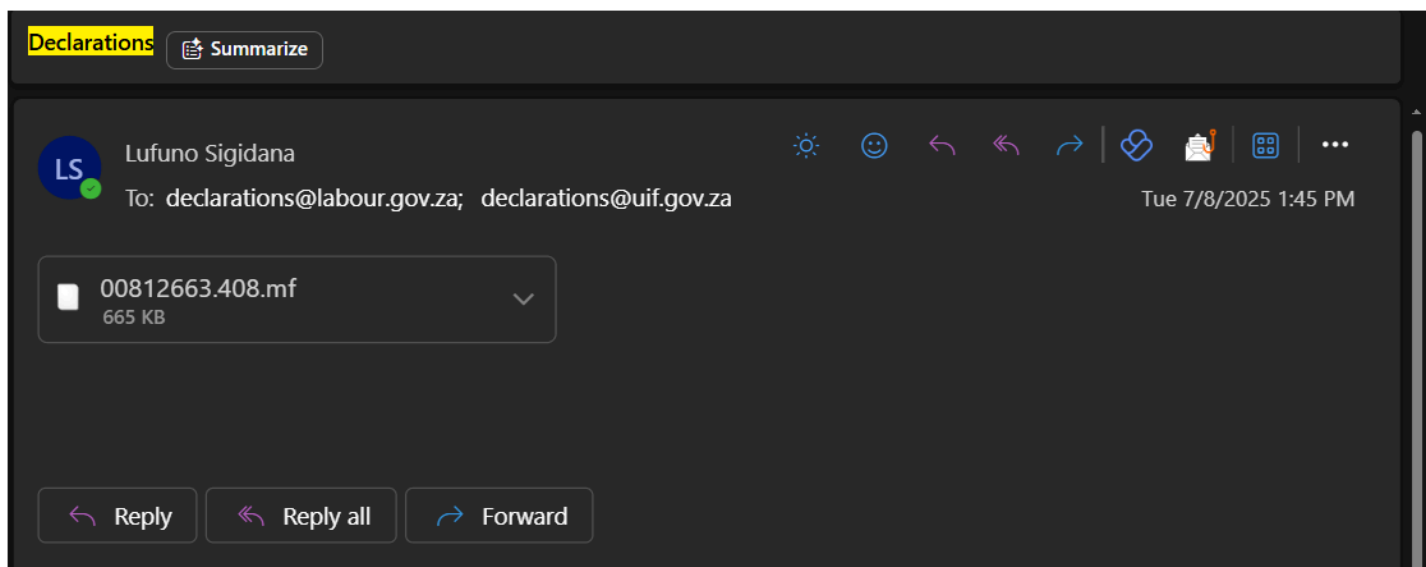

4. Provident Fund Withdrawal

The Benefits Team (Sebabatso) previously reached out to you regarding your provident fund withdrawal and attempted to contact you telephonically.

Please see the attached email for reference.

Thank you.

Subject: Wilbur Matthee - Benefits Withdrawal

Dear Member

Kindly note that, effective 1 September 2024, Sanlam has implemented a new withdrawal process.

Attached is your personalized withdrawal form. Before completing it, please review the following:

Form 1: Basic Withdrawal

By completing this form, you may:

- Withdraw from your **vested** and **savings** pots.
- Preserve your **retirement** pot with Sanlam.

Form 2: Advanced Withdrawal

This form offers more flexible options:

- Preserve **100%** of all three pots (vested, savings, and retirement).
- Take full cash from the **vested** and **savings** pots and preserve or transfer the **retirement** pot.
- Withdraw a **portion** from the vested and savings pots and preserve or transfer the remaining balance.

Important: Please consult your Financial Advisor if you intend to transfer or in-fund your benefits to a new fund.

In addition to the completed form, kindly submit:

- A certified copy of your ID
- Proof of banking details

Please note that your claim will be submitted to Sanlam on **15 January 2025**, following the final contribution.

Sebatatso Sebotsa

Designation: Human Capital Administrator, Rewards & Benefits Management.

Case No. 2026-086906 | *Matthee v AfroCentric Investment Corporation Limited* | Western Cape High Court

ANNEXURE
**EXIT3-
COS**

Date: 19 January 2026

Category: *Certificate of Service (as issued)*

Description:

Certificate of Service issued by Medscheme Holdings upon Respondent's departure — reflects designation "Care Coordinator". This designation is contrary to: (1) payroll records; (2) the "Naming Convention" Teams meeting record; (3) the Respondent's professional Medscheme email signature ("Case Manager"); and (4) the Applicant's own founding affidavit in this application, which designates the Respondent as "Case Manager".

RELEVANCE / PURPOSE IN THESE PROCEEDINGS

The primary physical document evidencing the fatal contradiction. Relied upon by the Department of Employment and Labour to withhold UIF benefits. Establishes that the Applicant cannot simultaneously call the Respondent a "Case Manager" in interdict papers and a "Care Coordinator" in exit documentation.

Case No. 2026-086906 | *Matthee v AfroCentric Investment Corporation Limited* | Western Cape High Court

ANNEXURE

WW1

Date: 15 April 2026

Category: *Deneys Attorneys Letter*

Description:

Letter from Jason Whyte of Deneys Attorneys to Respondent alleging that the Respondent's demand was "unquantified" and relying on this to support an allegation of extortion.

RELEVANCE / PURPOSE IN THESE PROCEEDINGS

Directly prompted Respondent's same-day provision of fully itemised R7,307,642.72 quantification (Annexure GVW4). A genuine extortionist does not itemise at the opposing party's request. Deneys' own letter defeats the extortion allegation.

Your reference:

Our reference: AFR1282

Dear Sir

AfroCentric Investment Corporation Ltd and others // Yourself

- 1 We confirm that we act on behalf of AfroCentric Investment Corporation Limited, as well as its subsidiaries and related entities. We also act on behalf of the directors and officers of those entities.
- 2 Our clients have provided us with a copy of your email sent to their Group Company Secretary at 22h38 on 14 April 2026. In that email, you advise our clients that unless they conclude a settlement agreement with you, requiring the payment of unquantified amounts among other stated relief, you will proceed to take further steps at 13h24 on 16 April 2026.
- 3 Our clients do not accede to this demand and have instructed us to call on you to withdraw your threatened course of action as it is unlawful. In particular, your demand, on the face of it, constitutes a criminal offence, namely that of extortion and blackmail.
- 4 Our client notes in particular that you intend to:
 - 4.1 Publicly release a so-called 'Whistleblower's Manifesto' naming and accusing our clients' directors and office bearers of 'corporate concealment' and breach of their fiduciary duties. Moreover, that you intend to publicly state that our clients' directors and office bearers are acting in collusion with unnamed 'regulators'; and
 - 4.2 Release a so-called 'Forensic Payload Transfer' regarding the Mahlangu Root Cause Analysis. This would clearly involve the public release of confidential and proprietary information held by or belonging to our clients.
- 5 We note that you have made several other threats that, whilst arguably not unlawful *per se*, are rendered unlawful as they are simply intended to act as a means of forcing our clients to provide you with unquantified, but substantial financial compensation.
- 6 In summary, the demands made in your email are unlawful and, if acted upon, would cause our client irreparable harm.
- 7 We accordingly call on you to confirm in writing by no later than 17h00 today, 15 April 2026, that you unconditionally withdraw your email and the threats contained therein. Should we not receive such written confirmation, our clients shall be forced to consider an urgent approach to the High Court, if necessary on an *ex parte* basis, to interdict and restrain you from proceeding with your unlawful conduct.

- 8 We remind you that the High Court has already expressed its displeasure with your conduct, in striking from the roll with costs, a spurious urgent application that you had brought in which you sought relief that the Court was incapable of granting. In that application you made unlawful, vexatious and defamatory accusations against our clients. Please expect to receive our clients taxed bill of costs for your payment shortly, evidencing the costs that were awarded against you by the Court in the aforementioned urgent application that you recently instituted.
- 9 You have further referred two separate disputes to the Labour Court in which you make similar untrue, vexatious and defamatory allegations against our clients. Our clients will defend these referrals and seek that they be dismissed with orders of punitive costs.
- 10 Accordingly, our clients are of the view that your conduct is, in general, vexatious and our clients reserve their rights to seek appropriate relief against you in due course.
- 11 We look forward to receiving your written response and confirm that in the interim our clients' rights remain reserved in full.

Yours faithfully

pp

Jason Whyte
Director
Deneys

Category: *Labour Court Statement of Claim*

Description:

Labour Court Statement of Claim filed by Respondent (Case No. 2026-083299) — includes express reservation of right to quantify damages, establishing that the claim was on record before the quantification was provided.

RELEVANCE / PURPOSE IN THESE PROCEEDINGS

Demonstrates that the R7,307,642.72 quantification was not a new demand or threat — it was the first full Rand expression of an existing, filed Labour Court claim. Defeats extortion allegation.

[Document follows immediately after this tab]

- (a) Primary claim: Automatically unfair constructive dismissal under sections 186(1)(e) and 187(1)(h) of the LRA — the dominant reason for the dismissal was retaliation for protected disclosures as defined in the PDA;
- (b) Alternative claim A: Automatically unfair dismissal under sections 186(1)(e) and 187(1)(f) of the LRA — the dominant reason relates to the Applicant's disability;
- (c) Alternative claim B: Constructively and substantively/procedurally unfair dismissal under sections 185 and 186(1)(e) of the LRA;
- (d) Unfair discrimination and harassment under sections 6(1), 6(3) and 60 of the EEA — on the grounds of sexual orientation, gender identity and disability;
- (e) Occupational detriment for making protected disclosures under sections 3 and 4 of the PDA;
- (f) Contravention of section 34(2) of the BCEA — unlawful salary deduction (also pleaded in Case No. 2026-077546);
- (g) Contravention of section 42 of the BCEA — failure to provide a true and accurate Certificate of Service; and
- (h) Contravention of section 5(1) of the UIF Contributions Act 4 of 2002 — failure to declare contributions for June 2025.
- (i) Misappropriation of intellectual property and copyright infringement under section 23 of the Copyright Act 98 of 1978 — the Applicant developed an original CPD programme in April 2025 which was rejected by the Second Respondent, then implemented without attribution or consent in October 2025; the Applicant's moral rights under section 20 of the Copyright Act were simultaneously infringed; and the Second Respondent was unjustifiably enriched at the Applicant's expense under the common law.

PART Q: QUANTIFICATION OF LOSS

1. The Applicant's loss is calculated as follows:

Head of Damage / Claim	Statutory Basis	Amount (ZAR)
Automatically unfair dismissal compensation (24 months × R42,796.13)	LRA s194(3)	R1,027,107.12
Unlawful salary deduction — principal amount	BCEA s34(2) / s77A	R14,811.77
Interest on unlawful deduction (prescribed rate from 23 Jul 2025)	Prescribed Rate Act	To be calculated
EEA — solatium for injury to dignity (sexual orientation / disability discrimination)	EEA s50(2)	R350,000.00
EEA — compensation for failure of reasonable accommodation	EEA s50(2)	To be assessed
PDA — compensation for occupational detriment (financial loss, SANC registration, CPUT opportunity)	PDA s4	To be assessed
Consequential damages: lost CPUT programme (registration fees and associated costs)	PDA s4 / general damages	To be quantified
Career destruction damages: loss of nursing registration and future earning capacity	PDA s4 / general damages	To be assessed

Head of Damage / Claim	Statutory Basis	Amount (ZAR)
Copyright infringement / IP misappropriation — CPD programme developed April 2025, implemented without credit October 2025 (market value of programme, moral rights, loss of authorship credit, unjustified enrichment)	Copyright Act s23 / s20 / common law	To be assessed
TOTAL (known components)		R1,391,918.89 plus assessed amounts

Note: Items marked 'to be assessed' or 'to be quantified' will be supplemented by expert evidence and/or further particulars as the matter develops. The Applicant reserves the right to amend the quantum of the claim upon receipt of further documentation from the Respondents.

PART R: RELIEF SOUGHT

The Applicant respectfully prays for the following relief:

A. DECLARATORY RELIEF

- Q.1.** A declaration that the Applicant's dismissal constitutes an automatically unfair constructive dismissal within the meaning of sections 186(1)(e) and 187(1)(h) of the LRA, on the grounds that the dominant reason for the dismissal was retaliation by the Respondents for the Applicant making protected disclosures as defined in the PDA.
- Q.2.** Alternatively to Q.1, a declaration that the dismissal was automatically unfair within the meaning of sections 186(1)(e) and 187(1)(f) of the LRA on the grounds that a dominant reason for the dismissal relates to the Applicant's disability.
- Q.3.** Further alternatively, a declaration that the dismissal was unfair within the meaning of section 185 of the LRA.

B. COMPENSATION AND DAMAGES

- Q.4.** An order that the First and/or Second Respondents pay the Applicant compensation equal to 24 months' remuneration as provided for in section 194(3) of the LRA for an automatically unfair dismissal, calculated at his monthly cost-to-company of R42,796.13 per month, amounting to R1,027,107.12, alternatively the maximum permissible compensation amount.
- Q.5.** An order that the First and/or Second Respondents reimburse the Applicant the unlawfully deducted amount of R14,811.77 together with interest at the prescribed rate calculated from 23 July 2025 to the date of final payment, alternatively that this relief be granted in Case No. 2026-077546.
- Q.6.** An order that the First and/or Second Respondents pay the Applicant compensation in terms of section 50(2) of the EEA for unfair discrimination on the grounds of sexual orientation, gender identity and disability, including solatium for injury to dignity in the amount of R350,000, alternatively such amount as this Court deems just and equitable.
- Q.7.** An order that the First and/or Second Respondents pay the Applicant compensation for occupational detriment under section 4 of the PDA, including compensation for all financial loss, career destruction, loss of nursing

Case No. 2026-086906 | *Matthee v AfroCentric Investment Corporation Limited* | Western Cape High Court

ANNEXURE
GVW4

Date: 15 April 2026

Category: *Quantification Schedule — R7,307,642.72*

Description:

Fully itemised quantification of the Respondent's damages (R7,307,642.72) provided on 15 April 2026 to Deneys Attorneys at their express written request. Breakdown by head of damages aligned with Labour Court claim. (Filed in Applicant's founding papers.)

RELEVANCE / PURPOSE IN THESE PROCEEDINGS

Evidences good faith and genuine litigant conduct. Represents less than 0.24% of the estimated annual Governance Tax (R3.016bn). Under the Protected Disclosures Bill 2026, a 25% whistleblower award on recovered funds would yield R754m — making the extortion characterisation policy-blind.

Frances Barker

From: Wilbur William Matthee <info@ethichawks.co.za>
Sent: 15 April 2026 15:43
To: Frances Barker
Cc: Olebogeng Motlhaping; Jason Whyte
Subject: FINAL STATUTORY CLARIFICATION: Private Resolution Path vs. Commencement of Statutory Siege

Dear Ms. Barker,

Further to my communication of 13:18 today, I hereby provide the final "Private Resolution Path" to resolve the statutory deadlock before the 13:24 deadline on 16 April 2026.

To facilitate a settlement that protects the membership and the scheme's solvency, the Board must ratify the following quantified schedule by the aforementioned deadline:

As per Annexure A (previously served), the Board must issue a formal resolution to downgrade the 2026 contribution hike from 9.5% to a maximum of 5%. This correction remediates the "Governance Tax" currently backfilling internal IT wastage and the R180 million daily clinical leakage.

Based on a Cost-to-Company (CTC) of R42,796.13 per month, my restitution for documented occupational detriment is quantified as follows:

Direct Restitution: R1,027,107.12 (24 months back-pay/substitution).

Property Loss: R145,000.00 (Total loss of fixed property resulting from detriment).

Professional Death Compensation: R5,135,535.60 (10-year compensatory future loss of earnings).

Clinical Provision: R750,000 (10-year specialist psychosocial/clinical care fund).

Statutory Costs: R250,000 (Forensic audit and Ethic Hawks operational expenses).

Total Settlement Value: R7,307,642.72

The Board is required to apply for a formal SARS Tax Directive for the total settlement under the category of "Compensation for Occupational Detriment." The Board shall provide a full tax indemnity to ensure the net amount is protected and structured as a capital settlement for damages.

Be advised that the invitations for the Liaison sessions have been formally issued to the leadership of the PSA, NEHAWU, DENOSA, and POPCRU. The Board has until 13:24 tomorrow to decide the outcome:

11:30 AM Liaison: Activation of Mandamus against SANC, DEL, and CMS.

<https://teams.live.com/join/9317804058155?p=3OxPhtrj39zfqYDWqY>

13:30 PM Outcome (The Disclosure or The Deal):

<https://teams.live.com/meet/9392336908714?p=ihT4rLnWK7HyYFlnds>

Scenario A (Settlement): 13:30 serves as a Victory Briefing for the 5% Member Deal. The Mahlangu RCA remains a private internal matter.

Scenario B (The Siege): 13:30 triggers the Full Forensic Disclosure of the R180 million daily leakage to Union legal teams for an immediate High Court Interdict.

The window for a private resolution closes at 13:24 tomorrow. I remain finished with silence.

Yours Professionally,

Sr. Wilbur W Matthee

Case No. 2026-086906 | *Matthee v AfroCentric Investment Corporation Limited* | Western Cape High Court

ANNEXURE
GVW5

Date: 15 April 2026 at 20:44

Category: *Correction Email — "Leakage"*

Description:

Voluntary email from Respondent to Applicant at 20h44 on 15 April 2026: "I withdraw the word 'leakage' and regret any confusion caused. I do not withdraw my complaint."

RELEVANCE / PURPOSE IN THESE PROCEEDINGS

A bad-faith actor does not issue voluntary corrections. This email is direct evidence of good faith and careful epistemic standards in communication. Applicant's reliance on the original use of "leakage" to allege bad faith is an abuse of process.

Subject: CLARIFICATION AND CORRECTION: Re: FINAL STATUTORY CLARIFICATION – Terminology Correction (No Withdrawal of Complaint)

Dear Recipients,

I am writing to clarify and correct a terminological imprecision in my previous correspondence dated 15 April 2026.

In my letters, I referred to 'R180 million daily clinical leakage.' Upon further refinement, I acknowledge that the word 'leakage' was imprecise.

The correct factual position is as follows:

The systemic integration gap between Gexus and DMS (proven in the attached Mahlangu RCA) causes misclassification of claims—specifically, chronic medication claims being paid from acute/day-to-day benefits.

This misclassification does not constitute 'leakage' in the strict forensic sense (i.e., money leaving the scheme incorrectly). Rather, it constitutes:

- Erosion of member day-to-day benefits
- Corruption of claims data
- Operational waste
- Plausible inflation of total claims spend

The R180 million figure refers to the average amount GEMS pays out in claims, not an amount lost to leakage.

The systemic gap contributes to the inflation of that R180 million spend, which in turn contributes to the 9.5% contribution increase.

I withdraw the word 'leakage' and regret any confusion caused. I do not withdraw my complaint. The systemic failure documented in the Mahlangu RCA remains valid and warrants a forensic audit.

Dear Mr. Esau and Ms. Ngalo,

I refer to the integrated inspection allocated on 16 February 2026. Despite my repeated follow-ups and the BCEA department’s referral to the UIF division, the Department has remained silent for over 60 days. This silence in the face of documented statutory fraud is no longer an "administrative delay"—it is a Deemed Refusal to Act.

I require an immediate Statement of Position on the following three points of law:

The Perjury/Resignation Obstruction: Does the DEL accept an employer’s under-oath claim of "voluntary resignation" (Res1) when my formal Notice of Resignation (UI19) explicitly cited Automatically Unfair Constructive Dismissal due to a protected disclosure? By failing to intervene, the DEL is allowing a false narrative to block my constitutional right to social security.

The Service Certificate Misrepresentation: The employer has issued a Certificate of Service (CERT1) that misrepresents the nature of my departure and suppresses the occupational detriment I faced. I demand a Compliance Order to compel the correction of this statutory document.

The UIF Non-Remittance (Criminality): My June 2025 records (and others) confirm deductions were made from my salary but never remitted to the Fund. This is theft of statutory levies. Does the UIF department intend to prosecute this non-compliance, or is the whistleblower expected to bear the cost of the employer's criminality?

I am a Specialist Registered Nurse (NQF 8) currently homelessness and a medically documented PTSD collapse (MED1) because I am being denied access to my own security funds. Your department’s inaction is the primary driver of this human rights violation.

If I do not receive a Case Reference Number and a Compliance Order regarding the June 2025 UIF gap by Thursday, 16 April 2026, at 14:30, I will:

Initiate an Urgent Mandamus Application in the High Court to compel the Department to perform its statutory duties.

Submit this entire chain of ignored correspondence to Daily Maverick and AmaBhungane as evidence of institutional failure.

Silence is no longer an option. The law requires you to act.

Yours professionally,

Good afternoon Mr\Mrs\Ms William Matthee

Thank you for registering your complaint with the Department of Employment and Labour, however, I regret to inform you that DEL does not have jurisdiction on dismissal issues and your case is that of Constructive Dismissal which falls under CCMA. In the light of that I will recommend that you refer your matter to CCMA.

Thanking you in advance, hoping that this clarity will be considered favourable

Dear Mr. Kutuka,

Your response, notably addressed to a genetic 'Mr/Ms/Mrs,' confirms a failure to apply your mind to the basic facts of this case, including the identity of the complainant and the evidence provided. This lack of administrative mindfulness is reflected in your recommendation, which is a material misdirection of law.

Your recommendation to refer this matter to the CCMA is a material misdirection of law.

Jurisdiction: While the CCMA handles the dismissal, the UIF Act (Section 64) and the BCEA grant the DEL exclusive jurisdiction over the submission of fraudulent information to the state.

I have reported that the employer submitted a UI-19 citing "Voluntary Resignation" despite being served with a Notice of Automatically Unfair Constructive Dismissal. This is a Statutory Fraud intended to obstruct my access to the UIF fund—a criminal offense under the UIF Act.

Your refusal to investigate this fraud because it "looks like a dismissal" is an act of Administrative Abandonment.

You are hereby served with a final 24-hour window to align with your colleague, Fezeka Ngalo (Provincial Specialist: OHS), who has already correctly allocated this case for investigation (Ref: 890903 5151 087) remains 13:30. Failure to confirm that the UI-19 fraud will be part of the integrated inspection will result in your name being cited personally in the Writ of Mandamus as an official refusing to perform a statutory duty.

I remain finished with silence.

Yours Professionally

Good day Ms Ngalo

I guess this matter is closed from the BCEA side. The complainant has submitted a resignation letter to the employer citing constructive dismissal. For that s\he has to prove that at CCMA.

Won't respond to personal attacks.

Wearing a mask properly is of life-saving importance. You must wear your masks at all times when outside of your home. There can be no exceptions.

- You must avoid crowded and confined spaces at all costs. This is where super-spreader events take place.
- You must ensure there is good ventilation at all times whenever you're in public. The virus droplets spread by air in confined spaces, and so fresher is better.
- You must wash your hands regularly with soap and water or use sanitiser.
- If you feel sick, you should not leave your home unless it is to get healthcare treatment. You must first call our hotline on 080 928 4102 for guidance on the next steps.
- You should also not visit someone who is sick, and find other ways to provide support, like delivering a meal to a neighbour's doorstep.

Case No. 2026-086906 | *Matthee v AfroCentric Investment Corporation Limited* | Western Cape High Court

ANNEXURE

WW6

Date: April 2026

Category: *Affidavit of Destitution*

Description:

Affidavit sworn by Respondent confirming: (1) no current income; (2) no savings, investments, or significant assets; (3) inability to afford transport to attend court; (4) inability to afford legal representation; (5) dependence on family and charity; (6) request for waiver of filing fees and security for costs.

RELEVANCE / PURPOSE IN THESE PROCEEDINGS

Context for all procedural conduct. Explains inability to attend the 16 April 2026 hearing. Grounds request for attorney-client costs against Applicant for dragging a destitute respondent into urgent proceedings on 67 minutes' notice.

[Document follows immediately after this tab]

AFFIDAVIT OF DESTITUTION
(EXHIBIT WW6)

I, **Wilbur William Matthee**, swear under oath that:

1. I have no current income from employment or any other source.
2. I have no savings, investments, or assets of significant value.
3. I cannot afford transport to attend court proceedings.
4. I cannot afford legal representation.
5. I am currently dependent on family and charitable assistance for basic necessities.
6. I request that this Honourable Court accept my papers without payment of filing fees and dispense with any requirement to pay security for costs.

Signed: _____

Date: _____

Sworn before me at _____ on this _____ day of _____ 2026.

Category: *Root Cause Analysis (Forensic)*

Description:

Root Cause Analysis: Gexus/DMS Integration Gap — forensic analysis establishing that the systemic integration failure generates false non-adherence data, compelling actuaries to apply maximum APN 303 risk loading, inflating the GEMS premium increase from the CMS-stipulated 3.3–4% to 9.5%. Estimated excess cost: R3.016 billion per annum across 1.9 million GEMS members.

RELEVANCE / PURPOSE IN THESE PROCEEDINGS

Core substantive protected disclosure. Establishes public interest at stake. Grounds the APN 303 / NHI public interest arguments. Demonstrates objective basis for Respondent's disclosures — not speculation but empirical data-driven analysis. Applicant's own paragraph 40 admits the Gexus/DMS platforms manage the relevant data.

Good day Team

Hope my email finds you well.

Complaint details:

"Hi I have a 75 yr old Mom who is my one and only dependent. I religiously ensure she honours her blood collection months when due and not end there. Also collect her treatment every month from Nite Doc pharmacy. You sent her an email that you don't get records of her repeat. I request that you get your house in order and update your records. Stop confusing old lady.

SP Mahlangu

000655789"

Comment from the Medscheme CMM HLQ Team:

No email correspondence was sent to the member via GEXUS from the Medscheme CMM department.

Upon receipt of the complaint, the Medscheme CMM CMM HLQ Team contacted the main member to obtain details regarding the email that was sent. The following was advised:

FROM EMAIL ADDRESS: NOCGEMSBHRM@MEDSCHEME.CO.ZA

TO EMAIL ADDRESS: SBONGILEPR@GMAIL.COM

DATE AND TIME: 19/10/2025 13:28PM

SUMMARY OF EMAIL CONTENT:

- DID NOT RECEIVE REGULAR MONTHLY CLAIMS FOR CHRONIC MEDICATION

- WANT TO KNOW REASONS, THEN STIPULATES REASONS E.G. ERROR, SICK, OR FEELING WELL
NO LONGER NEEDS MEDS

The member has indicated that the communication received is incorrect, as they are claiming monthly for chronic medication.

Could you kindly confirm the following:

1. Is this email address associated with the ADRM space?
2. Was this communication sent from DMS?

If both are confirmed, I would like to request input from ADRM to enable me to respond on your behalf, as there is currently no HLQ agent assigned to our space.

As per my investigation, the last visible claim was in August 2025.

Could you also confirm whether this letter was part of a bulk communication or if it was sent by an agent?

Thank you in advance for your assistance.

Kind regards

CONFIDENTIALITY:

This email contains confidential information. The information on this email and attachments thereto (if any) is only for the use of the intended recipient. If you are not the intended recipient, any disclosure, copying and/or distribution of the content of this email to any person other than the sender (as specified in the email), or the taking of any action thereon, is strictly prohibited. Interception of this email is also prohibited. If you have received this email in error please notify the sender (as specified in the e-mail) using the contact details contained in such e-mail and delete this email and any attachments thereto, once you have notified the sender.

1. Email Address Verification

The email address NOCGEMSBHRM@MEDSCHEME.CO.ZA does not appear under the current possible email addresses accessible via Gexus.

It is an automated email address, not linked to ADRM space but the DMS system itself.

2. Source of Communication

The communication originated from DMS.

Confirmed that it was not sent by an agent but generated automatically.

3. Root Cause Analysis

Miscommunication between Gexus and DMS systems.

Member collected cholesterol medication from acute benefit from 21/11/2017 until 17/12/2024.

From January 2025, medication was claimed under chronic benefit.

Although Gexus shows a chronic claim on 14/04/2023 onwards for cholesterol medication, DMS did not receive this update.

DMS continued tracking adherence based on acute claims only, ignoring chronic claims after the benefit change.

This resulted in the member being incorrectly flagged as non-adherent, despite being compliant.

4. Impact

Automated correspondence was sent based on incorrect source information.

Member received misleading communication, causing dissatisfaction.

5. Resolution Steps

Confirmed issue stems from system integration gaps between Gexus and DMS.

Recommended actions:

Review and update communication between systems.

Ensure chronic claims are recognized by DMS for adherence tracking.

Input from the ADRM space to assist with member correspondence

Thank you for bringing this matter to our attention. We have identified that the communication you received was the result of a system error, and we appreciate your patience while we investigated.

Please be assured that your adherence status will be updated correctly going forward, and this will not affect your record.

We sincerely apologize for any inconvenience caused and thank you for your understanding. Should you have any further questions, please feel free to reach out to us.

I hope that this is sufficient feedback.

Kind regards,

Please find final feedback below.

The comms went out correctly, this member is non-adherent.

The non-adherent methodology is you need claim twice in a rolling three months member only claimed once in the past 3 months.

Sep – No claims = 0

Aug – claims = 1

Jul – no claims =0

June – claims = 1

May – claims = 1

Please note a member could have claimed this month but the previous two months have not claims the member will be flagged as non-adherent – and clinically and behaviourally there is a problem that requires attention, therefore the intervention and should please be managed as such in the ADRM calls too.

Kind Regards

Mary-Ann Jones

Given that the integration gap still exists, I will not contact the member at this time. Instead, I recommend that the team review this feedback and consult on the best way forward to prevent similar issues.

Thank you very much for your assistance.

Kind regards,

Sr. Wilbur W. Matthee

Good day Wilbur

Please call member for enrollment and bring the non-adherence into the conversation with gentle probing as to why the medication was not claimed.

Kindly provide feedback when done.

Thank you

To: Mary-Ann Jones <Mary-AnnJ@medscheme.co.za>
Subject: RE: general complaint received - GEMS 000655789 Dependent 02

Dear Mary-Ann,

I wanted to provide an update on the recent complaint investigation. Based on the information received, the team indicated that the non-adherence correspondence was sent due to the member not claiming twice within a three-month period, which aligns with the non-adherence methodology for the Jul-Sep 2025 period.

However, after reviewing the evidence, I believe the complaint stems from a different issue:

- DMS began flagging the member as non-adherent in Dec 2024, after the last acute claim.
- From Jan 2025 onward, the medication was claimed under the chronic benefit, but DMS did not recognize this change.
- As a result, automated non-adherence letters were sent on 19 May 2025 and 19 Oct 2025, despite the member being compliant.

This confirms the root cause is a miscommunication between Gexus and DMS systems, not the methodology itself. Evidence supporting this timeline has been attached for reference.

Case No. 2026-086906 | *Matthee v AfroCentric Investment Corporation Limited* | Western Cape High Court

ANNEXURE
RESU1

Date: 2026

Category: *Letter of Recommendation — Dr P.M.J. Ohm*

Description:

Professional reference letter from Dr P.M.J. Ohm, medical doctor, Mitchells Plain District Hospital Emergency Unit, where Respondent works as shift leader: confirms "depth of clinical knowledge", ability to "de-escalate any heated situation with a calm tone and demeanour", and commitment to "protect patient dignity".

RELEVANCE / PURPOSE IN THESE PROCEEDINGS

Independent, objective, professional evidence of clinical competence and mental fitness. Directly contradicts Manyati's sworn characterisation of PTSD as an "excuse". A specialist medical practitioner's assessment outweighs a non-medical HR official's lay opinion — particularly when made under oath.

[Document follows immediately after this tab]

To whom it may concern,

It is my pleasure to write you a short motivation for Mr Wilbur William Matthee. My Name is Dr Priscilla MiJeong Ohm currently working with Mr Matthee within the Mitchell's Plain District hospital Emergency unit. The emergency unit is one that requires timeous action, fast thinking and definitive action as it has many moving parts including a high patient load, critically ill patients with undifferentiated pathology all needing urgent management. Mr Matthee carries all the above qualities. As a shift leader he allocates staff to needed areas with good skills distribution across the floor, furthermore he often fills in gaps needed as they arise to allow for continued workflow and patient care allowing for staff breaks without disruption of patient care. All shift related issues including high risk patients who have absconded, drug ordering, equipment issues as well as family communication as needed are always appropriately done or escalated with timeous feedback given to the doctor team leader. When students are allocated whether nursing, EMS or medical are within the unit during his work he allocates tasks to aid their learning and supervises each student within their patient care.

When it comes to patient care within the emergency unit, Mr Matthee shows depth of clinical knowledge which allows him to identify critically ill patients, as well as pre-empt needed management which allows for improve the efficiency of patient care within the unit. He is well versed in the management protocols commonly used within the unit and is able to remind doctors of when the next blood gases or ECGs are needed as well as the next step in management on the protocol. All emergency room doctors leave the resus patients once stabilised in Mr Matthee's care till next review time with no doubt that they will be correctly monitored, cared for and that they will be timeously informed if there is a change in condition.

One particular point of excellence for Mr Matthee is the way he is able to de-escalate any heated situation within the emergency unit whether it be with family, staff or patients with a calm tone and demeanour. He approaches all his patients with the same respect and as much as possible protects their dignity with simple actions as always closing curtains, giving patients privacy when needed and answering patient queries as well as informing family members of needed standard procedures. His method of communication and interaction with his patients has been a lesson and reminder to me to give good, individualised care and communication that maintains patient dignity and autonomy.

Regards,

Dr PMJ Ohm
