Dear Layla,

Thank you for your previous correspondence. The matter has progressed significantly since November.

I am no longer seeking a general consultation for assessment. I have finalized a 48-page Founding Affidavit and a 325-page Evidence Bundle (Section 187(1)(h) LRA / Protected Disclosures Act).

The Case is "Turnkey":
Smoking Gun Evidence: Video admission of retaliatory motive and documentary proof of "knowledge of illegality" (Annexures T2 & POL1).

Regulatory Pressure: Six active files (B-BBEE case nr: 5/2/2026, JSE, FSCA, SAHRC, etc.). The B-BBEE case 5/2/2026 and JSE has formally acknowledged receipt of the full bundle.

Status: CCMA Certificates of non-resolution issued Jan 9, 2026.
Given the claim value of R8.6M and the fact that the forensic work is 100% complete, I am proposing a Contingency Fee Agreement.

I have attached a 6-page FAQ for the partners. I am offering a 20-minute "Evidence Verification" meeting (virtual) where I can screen-share the smoking gun annexures. If the firm is interested in a high-probability R1M+ success fee with zero drafting required, let's talk.

Dear Wilbur,

I hope you are well.

Before we put our names on anything, we do need to consult and then assess. Agreeing to a contingency where things are not drafted by us but have our names on, puts us at great professional risk.

If you are keen to have a consultation and discuss your matter, we are happy to do so but we cannot tie ourselves to a contingency at this point.

Yours sincerely,
