Dear Mr. van der Walt,

Following the introduction from The Whistleblower House (TWBH) regarding my case, I am reaching out to establish contact.

I understand that TWBH shared my initial information with you, which was captured approximately a month ago.

However, my statutory affidavit has evolved significantly since then to include more comprehensive details and recent developments.

To ensure your evaluation is based on the most accurate and up-to-date information, I have attached the updated final version 11 of my affidavit to this email.

I believe this version provides a much clearer picture of the protected disclosures and the subsequent challenges I am facing. Please let me know if you would like any further documentation prior to our first consultation.

I look forward to hearing from you.

Best regards,

Wilbur William Matthee
RN, BTech(Psych, Midw, Comm), PG Dip HSM (NQF 8)
