1. INTRODUCTION:

Dear Chairperson,

I write to you in your capacity as Chair of the Social & Ethics Committee regarding a matter of serious corporate governance failure that requires immediate board-level intervention. As an employee of Medscheme, a subsidiary of AfroCentric Health, I have been subjected to nine months of documented discrimination, victimization, and institutional failure to act.

Despite exhausting internal channels—including formal grievances to HR leading to executive level after 30 days of institutional silence—the misconduct continues unabated. With CCMA litigation now imminent (Case number: WECT23564-25), I bring this to your attention as a final attempt to resolve what represents not only severe personal harm but material legal, reputational, and operational risk to the company.

2. EXECUTIVE SUMMARY OF GOVERNANCE FAILURES

- The core failures involve:
- | Governance Failure | Specific Incident | Date | Evidence |
|-----------------------|---|--------------|----------|
| Discrimination | Public gender identity discrimination (“Wilma” incident) | 23 Sept 2025 | Att. B |
| Retaliation | one of multiple incidents Doubled unpaid leave after discrimination complaint | 25 Sept 2025 | Att. C |
| Procedural failure | senior management whitewashing complaint as “typo” after poor investigation | 1 Oct 2025 | Att. B |
| Institutional Silence | 30+ days no response to second formal grievance from Hr and union | Nov-Dec 2025 | Att. D |
| Unlawful Conduct | >40%salary deduction without consultation | July 2025 | Att. E |
| Duty of Care | one of a few Failure Punitive response to medical emergency | 20 May 2025 | Att. F |

3. KING IV PRINCIPLES VIOLATIONS

This matter engages multiple King IV Principles:

Principle 2 (Exercise ethical leadership):

- Senior management's whitewashing of a serious discrimination complaint
- Hr and union's 30-day silence on a formal grievances

Principle 3 (Responsible corporate citizenship):

- Failure to address discrimination against vulnerable employee
- Breach of Employment Equity Act and Labour Relations Act

Principle 14 (Stakeholder relationships):

- Complete breakdown in employee relations
- Failure to address legitimate stakeholder concerns

Principle 16 (Governance of risk):

- Unaddressed legal, reputational, and operational risks
- Failure of internal controls in grievance procedures

4. MATERIAL RISKS TO THE COMPANY

A. Legal & Regulatory Risks:

- Multiple violations of EEA, LRA, BCEA
- Potential fines up to R1.5 million or 10% of turnover (EEA)
- Personal liability for directors under Section 60 of EEA
- Pending CCMA case with high likelihood of success

B. Reputational Risks:

- Public discrimination finding against JSE-listed company
- Possible media exposure of institution failure to protect vulnerable employee
- Impact on B-BBEE certification (discrimination claims negatively score)
- Investor and client confidence erosion

C. Operational Risks:

- Toxic workplace culture evidenced by similar complaints
- Loss of staff
- Productivity impact from ongoing disputes

D. Financial Risks:

- Potential arbitration award: R3 - R4.5 million
- Legal costs: R500,000+
- Management time diversion: 200+ hours

5. EVIDENCE OF INSTITUTIONAL BAD FAITH

1. Whitewashing of Serious Complaint: Senior management declared a clear act of gender identity discrimination as a “typo” following poor investigation (Attachment B).
2. Retaliation Against Complainant one example: Manager doubled unpaid leave immediately after discrimination complaint (Attachment C).
3. Unlawful Financial Deduction: >40% salary cut without consultation during mental health leave (Attachment E).
4. Complete Institutional Silence: 30+ days no response to formal grievances followed escalation (Attachment D).
5. Procedural Obstruction: Refusal to provide meeting agenda, record meetings, or respond in writing to serious allegations resulting in escalation to ethics board member

6. REQUEST FOR BOARD-LEVEL INTERVENTION

Given the complete failure of management and HR structures, I request:

A. Immediate Actions :

1. Appointment of independent investigator to review entire matter
2. Suspension of involved manager pending investigation
3. Temporary removal of HRBP from any involvement in this matter

B. Board-Mediated Resolution Process:

1. Direct board-level mediation possibly before CCMA proceedings
2. Independent valuation of settlement by external experts
3. Governance review of HR and management practices

C. Governance Remediation:

1. Review of whistleblower and grievance procedures
2. Training on discrimination and ethical leadership
3. Cultural assessment of the division involved

7. PROPOSED RESOLUTION PATHWAY

To avoid protracted litigation and further reputational damage, I propose:

1. Board-Mediated Settlement: Direct involvement of Social & Ethics Committee
2. Independent Investigation: Legal firm to assess liability
3. Fair Settlement: Based on actual damages, statutory entitlements, and aggravated damages for institutional bad faith and financial ruin
4. Governance Reform: Commitment to systemic changes

8. ATTACHED EVIDENCE

Attachment A: Chronology of Key Events (1 page)

Attachment B: Discrimination Evidence – “Wilma” incident & HR whitewash

Attachment C: Retaliation Evidence – Doubled unpaid leave after complaint

Attachment D: Institutional Silence – 30-day grievance black hole

Attachment E: Unlawful Deduction - >40% salary cut without consultation

Attachment F: Medical Evidence – Work-related health impact

Attachment G: CCMA Referral Documents

9. URGENCY AND NEXT STEPS

Awaiting CCMA in-lamine/conciliation date. Without board intervention, this will proceed to public arbitration with guaranteed reputational damage.

I request an urgent meeting with the Social & Ethics Committee or its designated representatives by Friday 12:00 12 December 2025.

All communications should be directed to me via email [wilburmat@gmail.com] I will forward copies to my trusted advisor.

10. CONCLUSION

This is not merely an employment dispute but a significant governance failure involving discrimination, failure to act, systemic procedural abuse, and the devastating financial ruin of a protected employee. The board’s intervention is required to:

1. Uphold the company’s ethical commitments
2. Mitigate material risks
3. Demonstrate responsible leadership
4. Avoid certain reputational and financial damage

I remain available for immediate engagement.

Sincerely,

Wilbur William Matthee

Specialist nurse Health services management.

Medscheme(A division of AfroCentric Health).

To: Wilbur William Matthee <wilburmat@gmail.com>

Dear Executive Leadership,

This correspondence serves as my final and good-faith attempt to resolve, internally and without escalation, the severe and ongoing harm I have been subjected to as a direct result of the company's repeated institutional failures.

Over the past months, I have experienced serious and documented misconduct, including:

1. Unlawful salary deductions exceeding 40% of my monthly income without my consent or consultation. This during a motivated mental health admission, awaiting a bed informed by the HRBP that the deduction was taken on the principle of no work no pay which did not require consultation.
2. Continuous intimidation, retaliation, and victimisation by my direct manager despite a lodged grievance. After a formal request to be temporary removal from her team. No action.
3. Awaiting feedback from manager as discrepancies found in up to 20% reduction in some cases of my monthly actual performance metrics that led to poor outcomes even missed opportunities in performance bonuses.
4. Prolonged silence and inaction from HR and senior leadership and union despite formal complaints. Currently +30days to date no response.

These actions have caused significant financial strain, forced me into a cycle of unexpected debt which i am struggling to manage, and resulted in severe psychological distress. My capacity to work in an environment that continues to permit such conduct has reached its limit.

Given the seriousness of these failures, I am formally requesting the restorative measures:

1. Paid Recuperation Leave & Guaranteed Reintegration

A period of fully paid special leave, allowing adequate time for psychological recovery.

Upon return, a permanent and immediate transfer to a new department.

2. Financial Settlement Determined by Risk & Compliance

I request a comprehensive financial settlement, independently assessed by the Head of Risk & Compliance, covering:

Financial losses caused by the unlawful deduction.

Debt incurred as a direct result of these actions.

Compensation for emotional distress, harassment, and institutional negligence.

The company's full legal exposure for:

Unfair labour practice

Discrimination

Failure to provide a safe working environment

Reputational and operational risks should the matter escalate externally.

3. Institutional Commitments

A written, irrevocable guarantee of no retaliation, present or future.

Next Steps

I am willing to meet with this leadership group and a neutral mediator within 14 days from date 04 December 2025.

If a signed agreement in principle is not provided by 14 working days, I will immediately proceed with the following simultaneous actions: As I feel I have exhausted all avenues this far to have the incidents resolved and this is my final resort.

1. File cases with the CCMA for unfair labour practices, and discrimination.

2. Lodge a formal complaint with the Department of Employment and Labour regarding the unlawful salary deduction.

3. Submit a complaint to the South African Human Rights Commission.

I am really at my breaking point now no motivation to come to work.

All evidence is already compiled and ready for submission.

I trust that the company will choose a constructive, internal resolution over a protracted and public legal dispute. I await your urgent response.

Kind regards,

Wilbur Matthee

Dear Bongani,

Thank you for your response. I note your inability to agree to the terms in my previous email, as the matter has only now been brought to your attention. However, this does not address the over 30 days of institutional silence on my formal grievances, which prompted the CCMA referral [EWECT0525003440].

For clarity, please specify which of my proposed conditions you disagree, along with the meeting's intended agenda and purpose. Without this, the meeting risks being unproductive.

I remain willing to attend on a without prejudice basis to my CCMA case, subject to receiving the above. If not, I will consider the process exhausted and focus on the CCMA proceedings.

Kind regards,
Wilbur Matthee

Dear Bongani,

I acknowledge the request for a meeting on 10th December 2025 from 09:00 to 10:00.

I must note that this matter has been formally referred to the CCMA for conciliation due to the 30+ day institutional silence on my filed grievances. The case reference is [EWECT0525003440].

I will attend the meeting on the following basis:

1. The purpose is to receive the company's written, point-by-point response to my formal complaints of (a) unlawful salary deduction, (b) victimisation and intimidation, and (c) discrimination.
2. Given the legal nature of the dispute and my current medical state due to these events (I will provide a medical certificate), I will be recording the meeting to ensure an accurate record. I propose this in the interest of transparency for all parties.
3. I will not be re-litigating facts already submitted in writing. I am there to receive the company's official position.

Please confirm your agreement to these conditions and provide an agenda by [08 December 2024, 48hrs before meeting].

Attachment G: CCMA Referral Documents

9. URGENCY AND NEXT STEPS

Awaiting CCMA in-lamine/conciliation date. Without board intervention, this will proceed to public arbitration with guaranteed reputational damage.

I request an urgent meeting with the Social & Ethics Committee or its designated representatives by Friday 12:00 12 December 2025.

All communications should be directed to me via email [wilburmat@gmail.com] I will forward copies to my trusted advisor.

10. CONCLUSION

This is not merely an employment dispute but a significant governance failure involving discrimination, failure to act, systemic procedural abuse, and the devastating financial ruin of a protected employee. The board’s intervention is required to:

1. Uphold the company’s ethical commitments
2. Mitigate material risks
3. Demonstrate responsible leadership
4. Avoid certain reputational and financial damage

I remain available for immediate engagement.

Sincerely,

Wilbur William Matthee

Specialist nurse Health services management.

Dear Chairs and Company Secretary,

I write to provide an urgent update directly relevant to the material governance risks I reported to your committees.

As you are aware, after exhausting all internal channels—including executive leadership who de-escalated the matter back to the source of the harm (narrative at the executive level has been procedurally closed)—I was forced to file a dispute with the CCMA and notify your committees of the systemic failures.

On 10 December 2025, the company's legal representative, Mr. Xollie Vincent Manyati, filed an Opposing Affidavit with the CCMA seeking to have my case dismissed on technical grounds (case WEC123564-25). A copy is attached for your immediate attention.

This document is not merely a legal filing; it is a tangible exhibit of the very institutional bad faith and procedural abuse I have been reporting. It demonstrates that the company's response to a serious discrimination and victimisation case is to:

1. Ignore the Substance Entirely: The affidavit makes no attempt to address the core allegations of discrimination ("Wilma" incident), victimisation, or the breach of duty of care. It focuses solely on a technical argument about timing, confirming the company's strategy is to avoid scrutiny of its conduct.
2. Engage in Factual Misrepresentation: It dismissively misstates my professional title, indicating a lack of diligence or a deliberate attempt to diminish my standing.
3. Attack the Complainant's Character: It contains unfounded personal attacks, labelling me as having an "untruthful character," which is a common tactic to intimidate and discredit rather than engage with facts.
4. Demonstrate a Punitive Posture: It shockingly requests that the CCMA dismiss my application "with cost," an extraordinary demand intended to punish an employee who is already in documented financial distress due to the company's actions.
5. Trivialise Severe Harm: It argues the company would suffer "severe prejudice" from the cost of travelling from Johannesburg to Cape Town for a hearing, while I am facing destitution and a health crisis. This juxtaposition reveals a profound failure of ethical perspective and duty of care.

Governance Implications:

This legal response is a direct outcome of the executive failure to intervene meaningfully. It signifies that the corporate apparatus is now being used to legally oppose an employee in crisis rather than to investigate and remediate the serious underlying issues. I have prepared a comprehensive point-by-point rebuttal to this affidavit for submission to the CCMA, which details the factual inaccuracies, continuous nature of the harm, and the bad faith inherent in the Respondent's opposition.

- Materially increases legal and reputational risk by creating a public record of aggressive opposition to a discrimination complainant.
- Validates the allegation of a cover-up and institutional bad faith.
- Directly engages the mandate of the Social & Ethics Committee (monitoring the company's activities regarding the EEA and ethical conduct) and the Risk Committee (overseeing material legal and reputational risk).

My urgent plea for interim relief to prevent destitution stands. This affidavit only heightens the immediacy of the required intervention.

I therefore reiterate my request for the Board's committees to:

1. Acknowledge receipt of this escalating evidence.
1. Intervene to ensure an independent, external investigation into the entire matter.
2. Mandate the provision of interim relief (paid leave, hardship payment) to prevent irreversible personal harm.
3. Review the strategy being employed by the company's legal and HR representatives in this matter.

The choice is now stark: the Board can oversee a fair, external process to resolve a serious internal failure, or it can allow the company's resources to be used to litigate against an employee it has harmed, guaranteeing greater public exposure and liability.

I remain available for any direct communication from the Board or its designated independent representative.

Please note: To prevent another procedural deadlock like the 30-day institutional silence I experienced previously, I require, at minimum, a formal acknowledgment of receipt of this update by Friday, 12 December 2025, at 12:00 sharp.

Sincerely,

Wilbur Matthee

TO:
The Board of Directors (via Company Secretary)
AFROCENTRIC HEALTH (RF) (PTY) LTD
37 Conrad Road, Florida North, 1709
CC:
Mr./Ms. Gerald Van Wyk (Chief Executive Officer)
Chair of the Audit & Risk Committee
Chair of the Social & Ethics Committee
Group Human Resources Department
DATE: 11 December 2025

Dear Board of Directors,

I, Wilbur Matthee, hereby give notice of the immediate termination of my contract of employment with Medscheme Holdings, effective 12 December 2025.

This resignation is not voluntary. I am terminating my employment because the employer, Medscheme Holdings(A Division of AfroCentric Health), has rendered the continuation of the employment relationship irretrievably intolerable through its malicious, calculated, and institutional conduct.

This termination constitutes an Automatically Unfair Constructive Dismissal in terms of the Labour Relations Act (LRA).

1. Grounds for Intolerability: Institutional Malice and Victimisation

The conditions rendering my continued employment intolerable are proven by the employer's formal legal submission in the matter of Wilbur Matthee and Medscheme Holdings (CCMA Case Ref. Number: WECT23364-25), specifically the Respondent's Answering Affidavit signed under oath on 10 December 2025.

The Affidavit contains specific statements that constitute severe and ongoing occupational detriment, victimisation, and unfair labour practice, including:

Malicious Character Attacks: The Affidavit labels me as having an "untruthful character," engaging in a "fishing expedition," and acting with "sloppiness and lack of regard" for the Commission. This ad hominem attack, under oath, fundamentally destroys the trust and confidence necessary for any employment relationship.

Abuse of Process: The document constitutes an abuse of the CCMA's services by employing tactics designed to discredit and cause further financial harm, rather than engaging in a good faith legal defence.

Institutionalised Victimization: The Affidavit explicitly dismisses my claims of victimisation and mental health issues as having "no relevance" and being used to "sensationalize" the dispute (Sections 6.3 and 8.5). This demonstrates that the victimisation is ongoing, officially sanctioned, and institutionalised through the Respondent's legal representation.

2. Legal Basis: Automatically Unfair Constructive Dismissal

The employer's conduct, as documented in the sworn Affidavit, makes this termination an Automatically Unfair Constructive Dismissal in terms of the following sections of the Labour Relations Act (LRA):

Section 186(1)(e): The employee terminated the contract of employment because the employer made continued employment intolerable.

Section 187(1)(h): The reason for the employer's conduct is directly linked to an act of retaliation against a Protected Disclosure (the P1 Material Risk Report and subsequent updates regarding discrimination and victimisation).

3. Conclusion and Formal Notice

The content of the Respondent's Opposing Affidavit eliminates any conceivable possibility of restoring the employment relationship. I consider myself to have been dismissed by the employer's malicious conduct.

I have already formally informed the Board of the governance failure related to this P1 risk and the ongoing victimisation. All further matters relating to this dispute, including the claim for maximum compensation and a demand for punitive costs (Attorney-and-Client scale), will be handled at the CCMA/Labour Court, and via my External Whistleblower disclosures to the JSE, FSCA, CMS, DEPARTMENT OF EMPLOYMENT & LABOUR - INSPECTION & ENFORCEMENT + B-BBEE, . Pending complete governance failure.

Yours sincerely,

Wilbur Matthee

PART 1: FORMAL MEMORANDUM TO THE BOARD AUDIT & RISK COMMITTEE

1. Purpose of Escalation

This memorandum constitutes a Maximum Severity Governance, Risk, and Compliance (GRC) escalation to the Board Audit & Risk Committee. It follows confirmed management interference in a concluded investigation, suppression of substantiated findings, retaliatory conduct against the investigator, and failure to implement corrective action.

Collectively, these actions have exposed the organisation to material regulatory, labour, ethical, and reputational risk, and are directly causing psychological harm to staff.

2. Key Findings

Member complaint arose from a documented system failure, not member non-adherence.

Ethical refusal to misattribute fault resulted in:

- Loss of access to the investigation
- Blocked corrective action and apology
- Improper closure of the case
- Responsibility shifted to the member despite clear system-level fault

Evidence of Retaliation: Audio recording of MaryAnn Jones explicitly stating the refusal “is insubordination.”

3. Governance, Legal, and Regulatory Exposure

King IV Principles 1, 2, 4, 13 – ethical leadership, accountability, risk governance, compliance

ISO 31000 / ISO 45003 – failure to monitor risk and prevent psychosocial harm

OHSA s8 & LRA ss185–188 – unsafe work environment, unfair labour practice

Protected Disclosures Act (PDA) – retaliation against ethical refusal / whistleblowing

Regulatory Reach: Eight regulators will require explanation for inaction

Explicit Warning: Failure to act will be considered a miscarriage of ethical justice and an approval of director-level psychological harm, with PDA fully covered in the master evidence dossier submission scheduled for 17 December 2025, 10:00. AS MENTIONED 12 December 2025 in constructive dismissal notice email.

4. Immediate Board-Level Actions Required

- 1. Administrative Suspension – Mary-Ann Jones & Lisa Mari pending independent investigation.
- 2. Corrective Member Communication – Immediate apology acknowledging system fault
- 4. Activation of Governance Controls,ethical deviation review protocol, management risk training

5. Conditional Resolution & Master Dossier

Compliance Window: 24 hours for documented proof of required actions

Outcome: This case can be removed from the master evidence dossier to regulators

Failure: Full dossier, covering PDA and psychological harm, will be shared with all eight regulators on 17 December 2025 at 10:00

6. Accountability Notice

Failure to act, suppress findings, or misattribute fault will be regarded as reckless governance, exposing Board and management to personal liability, regulatory escalation, and labour proceedings. Timely, transparent action restores trust, demonstrates accountability, and prevents unnecessary escalation.

Submitted in good faith, fulfilling statutory, professional, and ethical duties.

Sr. Wilbur W. Matthee
Specialist Nurse, Health Services Manager: Governance, Risk & Psychosocial Safety

PART 2: ACCOMPANYING EMAIL TO BOARD

Subject: Urgent Maximum Severity GRC Escalation – Immediate Action Required

Dear Chairperson and Board Members,

Attached is a Maximum Severity Governance, Risk, and Compliance memorandum regarding confirmed management interference, suppression of findings, and retaliation against the investigator. This matter exposes the organisation to regulatory, labour, ethical, and reputational risk, and is causing active psychological harm to staff.

The memorandum includes:

Evidence of retaliation and ethical misconduct

Required immediate interventions

Conditional resolution path to prevent escalation to regulators

Explicit warning that failure to act constitutes a miscarriage of ethical justice and approval of director-level psychological harm

Action Required:

Please provide documented proof of corrective action and governance control implementation within 24 hours. Timely resolution will allow this matter to be removed from the master evidence dossier, which is otherwise scheduled for submission to eight regulators on 17 December 2025 at 10:00.

This escalation is submitted in full compliance with statutory, professional, and ethical duties. Immediate attention and decisive action are required to prevent further organisational, regulatory, and legal exposure.

Respectfully,
Wilbur W. Matthee
Specialist Nurse, Health Services Manager: Governance, Risk & Psychosocial Safety

> Accountability Notice:

This correspondence constitutes a formal notice of identified risk. Retaliation, obstruction, or failure to act in accordance with governance and risk management obligations may expose the organisation and/or individuals to regulatory, legal, and ethical consequences.

Important Accountability Notice:

MAXIMUM SEVERITY GRC ENFORCEMENT NOTICE – KING IV | ISO | OHSA | LRA

This enforcement notice is issued in my capacity as a Specialist Nurse and Health Services Manager responsible for Governance, Risk, and Psychosocial Safety, following confirmation that substantiated investigative findings were deliberately disregarded, corrective action and an approved apology were obstructed, the investigator was denied further access to the matter, and responsibility was improperly shifted to a member despite clear system-level causation. Such conduct constitutes a material breach of King IV Principles 1, 2, 4, and 13 (ethical leadership, accountability, risk governance, and compliance), ISO 31000 (failure to identify, treat, and monitor risk), ISO 45003 (failure to prevent psychosocial harm), Section 8 of the Occupational Health and Safety Act (duty to provide and maintain a work environment that is safe and without risk), and Sections 185, 186, and 188 of the Labour Relations Act (unfair conduct, detriment, and managerial misconduct). Immediate written confirmation is required before close of business today that the identified risk has been actioned, corrective and preventative controls implemented, member harm remedied, and management-level accountability assigned. Any failure to confirm resolution, or any further attempt to suppress findings, misattribute fault, or close the matter without corrective action, will be regarded as reckless governance and will expose accountable officials to personal liability, regulatory escalation, labour proceedings, and external oversight.

Dear Chairperson and Board Members,

I am writing to formally retract the email and attached memorandum sent earlier 16 December 2025, titled "Urgent Maximum Severity GRC Escalation – Immediate Action Required," regarding Case [GEMS 000655789 Dependent 02].

This retraction is due to the email being sent on a public holiday, which invalidates the specified timeline and compliance window outlined in the document. As such, please disregard the formal escalation and any associated deadlines.

However, at your discretion, you may still use the information provided to correct the incident and implement any necessary remedial actions, as the underlying concerns remain relevant.

I apologize for any inconvenience this may cause and appreciate your understanding.

Should you require further clarification or discussion, please let me know.

Respectfully,

Dear Cheryl-Dawn,

I hope you are having a good week.

I am writing to kindly request your assistance with the necessary documentation required for my Unemployment Insurance Fund (UIF) application.

To help me meet my immediate financial needs and begin the claims process, could you please provide the completed UI-19 form and any other relevant exit documents?

Additionally, please let me know if there are any specific forms I need to complete from my side, or if you require any updated information (such as my current contact details or banking confirmation) to finalize these papers.

Thank you very much for your time and for helping me with this transition. I look forward to hearing from you.

Dear Sipokazi,

I refer to your email dated 15 January 2026.

1. Rejection of Information Request:

Your request for my basic identity and employment details is rejected as a bad-faith stalling tactic. As a Human Capital Consultant, you have access to the Respondent's payroll records. Furthermore, the Respondent's legal representative, Mr. Xollie Vincent Manyati, authored a sworn Opposing Affidavit on 10 December 2025 (Case WECT23564-25) identifying me and my role.

2. Ignorance of Prior Requests:

Please note that I formally requested these documents from Cheryl-Dawn Modern on 7 January 2026. Her complete ignorance of that request and subsequent failure to provide the documents—despite my follow-up with you on 14 January—is a continuation of the institutional silence and victimization documented in my legal filings.

3. Evidence of UIF Non-Compliance (June 2025):

Attached is a screenshot from the uFiling portal showing that the Respondent failed to submit a declaration for June 2025. My payslip for that month reflects that UIF was deducted from my salary. This discrepancy constitutes a violation of the Unemployment Insurance Contributions Act. I require immediate proof of payment and an updated declaration for June 2025 to ensure my claim is not rejected by the Department of Employment and Labour (DEL).

4. Formal Notice to Leadership:

(To Lindiwe Miyambu, Tebogo Makoe, and Monwabisi Kula) Please be advised that I am formally filing my Founding Affidavit in the Labour Court on Tuesday, 20 January 2026. The systemic failure to provide my UI-19, retirement forms, and the missing June 2025 declaration will be included as evidence of institutional bad faith and continued occupational detriment.

5. Final Demand:

I require the following by 12:00 PM on Monday, 19 January 2026:

- My completed UI-19 form;
- My Service Certificate and Umbrella Fund Withdrawal Forms;
- Proof of UIF payment and declaration for June 2025.

Failure to comply will result in a formal complaint to the DEL and a request for a statutory audit.

Sincerely,

Good day Wilbur,

I hope you are well.

I apologise about the delay in your request.

I spoke with Xolile to help me identify you as per the information you provided below on your communication with Xolile.

Please note that due to your email being external It was important for me to ask Identity questions.

I was also unable to identify you via the external email and asked the Identity questions so I can give full details to the benefits team for your personalized exit documents.

Additionally your request is of a confidential status it was also important that I ask Identity questions so that there is no confidential breach.

A ResQ ticket has also been raised for your exit documents. The benefits team no longer works via email, they work via ResQ tickets for all queries.

Next steps

-Benefits will review and send your personalised exit documents

-Once I receive or Cheryl receives we will send it you using this email address .

Thank you .

Kind regards

Dear Ms Makaula,

I acknowledge receipt of your email dated Sunday, 18 January 2026, regarding my request for statutory exit documents.

As indicated in my correspondence of Thursday, 15 January 2026, the deadline for provision of these documents is **Monday, 19 January 2026 at 12h00**. These documents are required to enable compliance with statutory obligations, including UIF processing.

I respectfully request that the Respondent ensure full compliance with this deadline to avoid unnecessary escalation. Please confirm that the benefits team will provide the personalised exit documents within the stipulated timeframe.

Thank you for your attention to this matter.

Kind regards,

Sr. Wilbur Matthee

Subject: Wilbur Matthee - Benefits Withdrawal

Dear Member

Kindly note that, effective 1 September 2024, Sanlam has implemented a new withdrawal process.

Attached is your personalized withdrawal form. Before completing it, please review the following:

Form 1: Basic Withdrawal

By completing this form, you may:

- Withdraw from your **vested** and **savings** pots.
- Preserve your **retirement** pot with Sanlam.

Form 2: Advanced Withdrawal

This form offers more flexible options:

- Preserve **100%** of all three pots (vested, savings, and retirement).
- Take full cash from the **vested** and **savings** pots and preserve or transfer the **retirement** pot.
- Withdraw a **portion** from the vested and savings pots and preserve or transfer the remaining balance.

Important: Please consult your Financial Advisor if you intend to transfer or in-fund your benefits to a new fund.

In addition to the completed form, kindly submit:

- A certified copy of your ID
- Proof of banking details

Please note that your claim will be submitted to Sanlam on **15 January 2025**, following the final contribution.

Dear Sipokazi,

I acknowledge receipt of the Certificate of Service. However, I must formally object to the fact that my role has been adjusted to align with the Opposing Affidavit dated 10 December 2025, rather than reflecting my actual employment records.

The Certificate of Service is a statutory document required for UIF and fund processing. It must be accurate and consistent with payroll and HR records, not tailored to litigation pleadings. Adjusting my role to fit an affidavit constitutes misrepresentation and undermines compliance with the Basic Conditions of Employment Act.

I further note that both you and Nthabiseng were present in the recorded Teams meeting titled “Naming Convention”, where the Operational Manager encouraged us to update our statistics. That meeting provides direct evidence that the employer had full knowledge of my role, identity, and responsibilities. Any deviation from those facts in the Certificate of Service is therefore unjustifiable.

I therefore request that the Benefits Team urgently issue a corrected Certificate of Service that reflects my true role and employment details, as per payroll and HR records and the recorded meeting. As a result, of this failure, that is evedince require you have not met your 12:00 deadline, I require correct Certificate of Service by close of business 19 January 2026.

Should this not be provided within the stipulated timeframe, I will proceed to file a formal complaint with the Department of Employment and Labour (DEL) and request a statutory audit of the employer’s compliance.

Please confirm by return email before close of business.

Kind regards,

Wilbur William Matthee

Dear Wilbur

Thank you for your e-mail,

Ito correspondences, from an HR perspective, I would like to confirm that we responded within the stipulated timeframe and provided all information required from our side. Furthermore the Certificate of Service issued is correct and fully aligned with our employment records as well as statutory requirements.

With regard to the naming-convention changes, please note that this business process is still in progress, and I can confirm that no changes to the Care Co-Ordinator job title for your department have been implemented at this stage. Your title is therefore accurately and correctly reflected in the Certificate of Service.

Should you require any additional documentation, we are available to assist; however, our position regarding the accuracy of the certificate remains unchanged.

Kind Regards

Cheryl-Dawn Modern

Dear Cheryl-Dawn,

Thank you for the information provided.

You have stated that the company was compliant with the statutory timeline. However, the documents I received were incomplete, which means the company is in fact not compliant with statutory requirements.

For the record:

- I verbally accepted the updated role during the recorded Teams meeting titled "Naming Convention", attended by Sipokazi Makaula and Nthabiseng Nkatane, where the Operational Manager informed me to update my identifiers.
- I subsequently updated my professional signature to reflect the new title.
- Both the recording and my updated signature constitute legally binding confirmation of the naming convention.

Despite this, the Certificate of Service issued contradicts both the recorded meeting and my updated signature, and has been aligned with the employer's Opposing Affidavit dated 10 December 2025. This alignment is illegal, as statutory documents must reflect factual employment records, not be tailored to litigation pleadings.

As a result, the current Certificate of Service will form part of my legal proceedings. Unless a corrected version is provided by close of business today, 19 January 2026, I will proceed to file a formal complaint with the Department of Employment and Labour (DEL) and include this matter in my Labour Court affidavit.

Kind regards,

Wilbur Mat... 2025/10/15

SAHRC Comprehensive Update

Documents failure of 11 regulatory and statutory institutions

Date: 13 Mar 2026

Founding Affidavit: Para 20 D8

TO: The South African Human Rights Commission — Western Cape Provincial Office

REF:

DATE: 13 March 2026

RE: COMPREHENSIVE UPDATE — FORENSIC PAYROLL ANOMALY, CCMA INSTITUTIONAL BIAS, MULTI-BODY FAILURE, LABOUR COURT ACCESS OBSTRUCTION, AND CONFIRMED IMMINENT HOMELESSNESS

Further to SAHRC correspondence of 10 February 2026 and Applicant update of 5 March 2026 | Matthee v AfroCentric Health (RF) (Pty) Ltd & Others

Dear Commissioner / Legal Officer,

I write to provide a comprehensive update to this file. My update of 5 March 2026 documented the collapse of the DEL and CCMA processes and my filing of an urgent Labour Court application. Since that date, the situation has deteriorated significantly across every dimension — legally, financially, physically, and personally. I place each development on formal record with documentary precision. I ask the SAHRC to read this update not as a list of grievances but as a connected forensic account of what happens when every statutory and civil society safety net fails simultaneously around a formally disabled whistleblower.

1. FORENSIC FINDING: STATUTORY PAYROLL MISREPRESENTATION — JULY 2025

Cross-referencing my July 2025 payslip against the Respondents' official UIF/SARS declarations has revealed a material discrepancy that transforms the characterisation of the unlawful deduction from a labour relations dispute into a potential forensic matter warranting investigation by revenue and labour authorities.

The Documented Figures — July 2025

Gross salary on official payslip (July 2025):	R21,777.04
Salary declared to SARS / UIF by Respondents:	R27,725.66
Discrepancy:	R5,948.62
Location of R27,725.66 on payslip:	ABSENT — not in gross, net, or CTC
Month of discrepancy: deduction	July 2025 — identical pay cycle as unlawful 40.47%

The forensic significance of this finding cannot be overstated. The leave that gave rise to the deduction — the gap period between psychiatric admissions in June 2025 — should have been processed and deducted in the June 2025 pay run. The Respondents instead held that recovery over to July 2025, the new financial

year, and then processed the full R14,811.77 deduction in a single pay cycle. The declared salary figure of R27,725.66 appears to reflect a pre-deduction or notional figure — a salary the Respondents reported to government authorities as having been paid while simultaneously recovering R14,811.77 from my actual take-home pay.

The result is a nearly R6,000 gap between what the Respondents told the government they paid me and what I actually received. A statutory declaration to SARS or the UIF Fund that does not correspond to the actual net remuneration paid to an employee is not an administrative oversight. It is a misrepresentation to a government authority in a document required by law to be accurate. The fact that this misrepresentation arises in the same month as a documented unlawful deduction — and that the leave from which the deduction was derived arose in the previous financial year — is a structural anomaly that a competent forensic investigator cannot ignore.

I respectfully submit that this finding elevates the matter beyond a BCEA salary deduction dispute. It places the Respondents' payroll conduct in the category of potential statutory misrepresentation to government authorities, and it documents a deliberate structuring of the deduction across a financial year boundary in circumstances where the underlying leave event occurred in May 2025 -start June 2025.

2. CCMA INSTITUTIONAL BIAS — FULL ACCOUNT — AND PROVINCIAL COMMISSIONER COVER-UP

The SAHRC directed me in February 2026 to pursue CCMA remedies. I place on formal record the full account of what occurred at conciliation, and the cover-up that followed, so that the SAHRC may assess the quality of the remedy it directed me towards.

The conciliation hearing began with Commissioner Nthabiseng making the following statement immediately after introductions, before I had said a single substantive word: "Nothing here relates to the PDA." This was not a ruling made after hearing submissions. It was a declaration of a closed mind made at the threshold of the proceedings, before I had been permitted to speak. It foreclosed the most significant ground of my claim before the hearing began.

The Commissioner then refused to permit my opening statement. I was not allowed to place my position on the record in an orderly fashion. The Commissioner used the proceedings to create confusion, speaking over my submissions and introducing complications that had no basis in the documents before her. At no point did the Commissioner engage with my BCEA violation — the statutory 25% cap under Section 34(2) — or with the documentary evidence of the employer's own policy requiring prior HCBP consultation. She adopted the Respondents' "no work no pay" characterisation without subjecting it to any scrutiny. The commissioner 'so it was for no work no pay? Okay.

When I stated my negotiation ceiling of R2.5 million for a global settlement of all claims, the Commissioner laughed with the Respondents' representative. The Respondents then offered one month's salary. I requested a Certificate of Non-Resolution. The proceedings were a mockery.

The Johannesburg Coincidence

Commissioner Nthabiseng: Based in Johannesburg. Presided at Cape Town conciliation.

Respondents' representative: Flew in from Johannesburg for the hearing.

Observed conduct at conclusion: Commissioner and Respondents' representative walked out together, engaged in animated conversation about Johannesburg.

Treatment of Applicant: When I asked the location of the Labour Court, I was told to 'Google it or something like that.'

Provincial Commissioner's response: Confirmed that Commissioner Nthabiseng is from Johannesburg — offered as justification for failure of their most basic function to provide a HELPING HAND, not as a concern regarding the google you way to court statement..

I reported the Commissioner's conduct to the CCMA Provincial Senior Commissioner. Commissioner Nthabiseng who presided at my hearing. This is documented in the respective correspondence. The result is that Commissioner Nthabiseng conduct — the prejudgment of PDA relevance before hearing, the refusal of my opening statement, the open mockery of my settlement position, the cosy departure with the Respondents' representative, and the dismissive treatment at the door of the court — has never been investigated. The Provincial Commissioner's response constitutes a cover-up by institutional misdirection, whether deliberate or negligent.

3. DEPARTMENT OF EMPLOYMENT AND LABOUR — DOCUMENTED INACTION

The DEL has failed to act on any of the complaints before it. The "Integrated Inspection" instruction issued following my initial complaint has produced no outcome, no communication, and no enforcement. The Respondents, whose HR department has been copied on all relevant correspondence, have continued in statutory non-compliance throughout the entire period of DEL inaction — including continuing UIF non-remittance and a false written compliance representation made on 19 January 2026.

I reported the ongoing non-remittance to DEL Chief Inspectorate David Esau and Inspector Fazeka Nongalo on 16 February 2026. As of the last uFiling portal verification on 23 February 2026, the June 2025 UIF entry under Medscheme Holdings (Pty) Ltd continued to reflect 'No Information.' The DEL's mandate exists precisely to prevent this. It has not been exercised.

4. SAPS REFUSAL AND COMPLAINT TO NATIONAL POLICE COMMISSIONER

I attended at the South African Police Service on 23 February 2026 to open a criminal case regarding the Respondents' UIF non-remittance — a criminal offence under the Unemployment Insurance Contributions Act 4 of 2002 — and the false written compliance representation made by the Respondents on 19 January 2026. The SAPS verbally declined to open a case.

I have submitted a formal complaint to the National Police Commissioner in response to this refusal. The complaint documents that the SAPS declined to open a criminal docket in circumstances where a statutory criminal offence is proven by official government portal records, confirmed across four independent verification dates, and accompanied by a documented written false representation by the

employer. The refusal to open a case in these circumstances raises its own concerns about the equal application of criminal law to a JSE-listed employer and a destitute complainant.

5. OBSTRUCTION OF ACCESS TO JUSTICE — LABOUR COURT PORTAL FAILURE

This section documents what I can only describe as an institutional obstruction of my right of access to court — a right guaranteed under Section 34 of the Constitution. I place this on record in its full detail because the SAHRC's mandate encompasses access to justice, and what I have experienced at the hands of the Labour Court's administrative systems directly implicates that right.

My urgent high profile notice of motion application was prepared in full compliance with the Rules of the Labour Court, ready for filing by 5 March 2026. I attempted to file online. What followed was eight days of documented obstruction:

Labour Court Filing Obstruction — Documented Sequence

5 March 2026: Target filing date. Documents prepared in full compliance with Labour Court Rules.

5 March onwards: Court call centre contacted more than 7 times. Hold times 40–50 minutes per call. Calls dropped repeatedly. Staff dismissive.

Ongoing: Online portal profile deleted. Unable to log new case. Follow-up emails to the Registrar (Ms F Ismail) ignored.

12 March 2026: Formal notice to Registrar — case number required or matter would be escalated to the Judge President. Close of business passed. No response.

12 March 2026: Portal unexpectedly allowed loading of case as urgent ex parte application.

12 March 2026: Registrar rejected application. Stated reason: **'good day you put date.'**

12 March 2026: Returned to portal — unable to access. Password reset required 4 times. Application found to be missing from portal.

13 March 2026: Reviewed application, corrected the date field, resubmitted as urgent ex parte application.

13 March 2026 (today): Close of business. No case number received.

The reason given for rejection — **"good day you put date"** — was a technical formatting issue that could have been corrected by a registrar's clerk in seconds. Instead it was used to reject an urgent application filed by a self-represented, destitute, disabled applicant facing imminent homelessness, with no follow-up guidance, no assistance, and no acknowledgment of the urgency stated in the application itself.

I make no allegation of deliberate obstruction. I cannot determine whether this is systemic institutional dysfunction or something more targeted. What I can document is the factual sequence: eight days of failed attempts, seven call centre contacts, dropped calls, a deleted profile, an ignored registrar, a trivial rejection reason, and a portal that locks out the user after a rejection with no access to the rejected file[missing]. For a self-represented applicant with no legal infrastructure, no income, and an eviction deadline of end of March 2026, this sequence is not a procedural inconvenience. It is a denial of access to the only court with jurisdiction to grant the urgent relief I need to remain housed.

6. CONSOLIDATED RECORD OF INSTITUTIONAL FAILURES

Body	Documented Failure	Status
CCMA	Commissioner declared closed mind before hearing. Refused opening statement. Ignored BCEA statutory cap. Sided with employer. Mocked settlement figure. Departed with respondents' representative.	FAILED
CCMA Provincial Commissioner	Investigated commissioner. Cover-up by institutional misdirection. Presiding commissioner's conduct never investigated.	COVER-UP
Dept of Employment & Labour	Integrated Inspection instruction — no outcome. Seven-week silence. Active UIF non-remittance and BCEA violations continue unaddressed.	SILENT
SAPS	Verbal refusal to open criminal docket for documented UIF non-remittance offence and false compliance representation. Formal complaint lodged with National Police Commissioner.	REFUSED
Labour Court Registry	Eight days of failed portal access. 7+ call centre attempts. Calls dropped. Profile deleted. Registrar unresponsive. Trivial rejection reason for urgent application. Portal inaccessible post-rejection.	OBSTRUCTING
The Whistleblower House	Rejected application 50 minutes after receiving detailed rebuttal. Rebuttal not engaged. Invitation to reconsider — all engagement ceased.	SILENT
SANC	Deregistration caused by destitution flowing from unlawful deduction. Formal correspondence — no response. Cannot practise nursing in 2026. No response to the Professional misconduct complaint	SILENT
South African Pharmacy Council	Formal complaint submitted regarding professional and regulatory dimensions. No substantive response.	SILENT
Council for Medical Schemes	Acknowledged protected disclosure re Gexus-DMS systemic failure. Declined primary jurisdiction. Redirected to HPCSA — who redirected further. No body has accepted jurisdiction.	DEFLECTED
JSE	Jurisdictional declination issued 6 March 2026 (Ref JvS/166792, Nadia Jada). Documented and strategically noted. Yet the respondent declared no material risk. Only the change of Dr Munisi role from the investment portfolio to remuneration portfolio was reported the same board member who received my P1 risk reports	DECLINED
B-BBEE Commission	Case No. 5/2/2026 allocated. Summons request for Naming Convention recording pending. Active engagement.	ACTIVE

7. CONFIRMED IMMINENT HOMELESSNESS AND HUMANITARIAN CRISIS

I must be precise about what is happening to me physically and financially, because vague references to "financial difficulty" do not convey the reality. The SAHRC's constitutional mandate encompasses human dignity. What follows is a factual account of what the failure of every institution listed above has produced.

Confirmed Status — 13 March 2026

Accommodation: Four months rental arrears. Landlord has verbally confirmed — if no payment is received by end of March 2026, eviction will proceed. This is not a statement of risk. It is a confirmed deadline.

Personal property: Loan sharks — to whom I was forced to turn after the unlawful deduction eliminated my salary — have physically removed possessions from my residence as informal security. Items taken include smart televisions, electronics, and sealed boxed items held in storage.

Debt spiral: Interest compounds at rates that make full repayment structurally impossible at any income level I am likely to achieve. I am operating in a pure survival mode.

Running water: No running water at residence since January 2026.

Electricity: Supply at risk.

Income: None. No savings. No credit access. UIF inaccessible.

Retirement fund: R48,400 forcibly withdrawn to survive — savings of a decade gone.

Professional: SANC deregistration. Cannot practise as a nurse in 2026.

Academic: Accepted for CPUT Postgraduate Diploma in Occupational Health Nursing 2026 — unable to enrol.

Health: Formally diagnosed severe depression and PTSD (Dr Jacques Malan, FCPSYCH(SA)). Functioning under extreme psychological duress.

Legal: Self-represented in 9 concurrent regulatory proceedings. No legal aid. No support.

The causal chain from the Respondents' conduct to this crisis is direct and documented. On 23 July 2025, the Respondents deducted R14,811.77 from my salary without consent, without consultation, in breach of their own policy, and in defiance of the statutory 25% cap — while holding a specialist psychiatrist's written warning of my vulnerability. That single action, compounded by the employer's subsequent bad faith and the complete failure of every institution I approached for help, has reduced me to the condition described above.

I also note the following for the record: the loan sharks did not take my possessions voluntarily. They arrived and removed them. A 75-year-old grandmother received a clinically incorrect non-adherence letter because a system that I disclosed as broken was never fixed. The same employer that generated that error characterised my disclosure as insubordination, entered it into my employment record, and later had its representative swear under oath that my specialist-diagnosed psychiatric condition was a "cynical excuse." These are not isolated wrongs. They form a single, coherent pattern of institutional conduct that this file documents in its entirety.

8. FORMAL REQUESTS TO THE SAHRC

- 8.1** That this comprehensive update be formally appended to the SAHRC file in its entirety, documenting the systemic multi-institutional failure to protect a whistleblower from induced destitution and professional erasure.
- 8.2** That the SAHRC note the forensic payroll finding: a declared salary of R27,725.66 against an actual payslip gross of R21,777.04 — a R5,948.62 discrepancy arising in the same month as the unlawful deduction — as a potential statutory misrepresentation to government authorities warranting referral to SARS and the DEL.

- 8.3** That the SAHRC note the full account of CCMA institutional bias — including the Commissioner's threshold declaration of a closed mind, refusal of opening statement, and documented post-hearing conduct — and the Provincial Commissioner's cover-up.
- 8.4** That the SAHRC note the Labour Court portal obstruction — eight days, seven call centre attempts, numerous deleted profile, ignored registrar correspondence, a trivial rejection, and portal inaccessibility — as a potential violation of the Section 34 constitutional right of access to court, particularly as it affects a self-represented, disabled, destitute applicant facing a confirmed end-of-March eviction.
- 8.5** That the SAHRC note the SAPS verbal refusal to open a criminal case on documented statutory offences and the formal complaint lodged with the National Police Commissioner.
- 8.6** That the SAHRC note the confirmed imminent eviction — verbally confirmed by the landlord for end of March 2026 — and the physical seizure of personal property by loan sharks, as direct consequences of the Respondents' unlawful conduct and the institutional failure that followed.
- 8.7** That the SAHRC consider whether the totality of this file — eleven institutional engagements, nine failures, a forensic payroll anomaly, a confirmed CCMA cover-up, an obstructed court filing, an imminent eviction, and an ongoing humanitarian crisis affecting a formally disabled whistleblower — warrants independent SAHRC investigation and intervention under the Commission's constitutional mandate to protect human dignity, equality, and access to justice.

I am a destitute, self-represented whistleblower facing confirmed eviction at the end of this month, living without running water, with personal possessions already seized, and with a formally diagnosed psychiatric disability. I have filed in every forum available to me. I have been ignored, obstructed, misdirected, and dismissed at every turn. The Labour Court is my last functioning avenue — and as of the close of business today, I do not yet have a case number.

I am available to provide all documentation immediately upon request.

Yours faithfully,

WILBUR WILLIAM MATTHEE

DATE: 14 March 2026

RE: FINAL GOOD FAITH NOTICE — RULE 6 — FATAL CORPORATE RISK | B-BBEE LICENCE JEOPARDY | PAYROLL FRAUD | SECTION 162 DIRECTOR DELINQUENCY | SAHRC-MONITORED PROCEEDINGS

Issued in good faith. Copied to the High Court as part of the pre-application record.

Dear Members of the Board,

This is not a complaint. It is not a grievance. It is a forensic record — documented, timestamped, and independently corroborated — of your individual and collective failure to discharge your fiduciary duties in the face of a Priority 1 Material Risk Report that you received, acknowledged, and chose to suppress.

Every fact in this document is objective. Every exhibit exists. Every regulatory body named is already in possession of the evidence. The High Court application that follows this notice does not require me to prove anything you have not already proven against yourselves.

You will note that this notice is shorter than my previous communications. That is intentional. The time for explanation has passed. What follows are facts. Read them slowly.

1. EXHIBIT A — THE P1 MATERIAL RISK REPORT — THE SMOKING GUN

Before anything else, the Board must understand what Exhibit A of the Section 162 High Court application is. It is not a payslip. It is not a CCMA transcript. It is not a uFiling screenshot.

FFFBECE

EXHIBIT A: The Priority 1 Material Risk Report

Filed: 9 December 2025 at 09:23

Subject: CONFIDENTIAL – LEGAL PRIVILEGE — URGENT: MATERIAL GOVERNANCE FAILURE – DISCRIMINATION, VICTIMISATION & INSTITUTIONAL SILENCE REQUIRING IMMEDIATE BOARD INTERVENTION

Delivered: To Dr Nkateko Munisi (Social & Ethics), Ms Alice Le Roux (Audit & Risk), Mr Bruno Fernandes (Lead Independent), via Company Secretary
Attachments: 38 documents — discrimination evidence, retaliation evidence, unlawful deduction, medical evidence, institutional silence record, CCMA referral
Board response: No response.

This is the document that formally placed every subsequent development on the board's conscience.

This is the document that gave the board's institutional silence its jet fuel.

This is the document that transforms nine non-responses into nine acts of directorial acquiescence.

This is the smoking gun — because it is yours, not mine.

The P1 Report warned you — in writing, with 38 attachments, on 9 December 2025 — of discrimination, victimisation, an unlawful 40.47% salary deduction, a psychiatrist's warning letter ignored, 30 days of institutional silence on formal grievances, and imminent CCMA litigation. You had everything. You chose nothing. Everything that follows in this notice is the documented consequence of that choice.

2. THE RECORD — WHAT YOU RECEIVED — WHAT YOU DID

Date	You Received	Your Response
Jul 2025	40.47% salary deduction. No consent. No HCBP consultation. Manager misrepresented group policy in writing.	No response.
11 Nov 2025	Written disclosure: deduction 'forcing me to incur additional debt.' Debt spiral and loan shark cycle verbally confirmed 12 Nov.	Confirmed deduction. No remedy. No action.
9 Dec 2025 — EXHIBIT A	P1 Material Risk Report. 38 attachments. Discrimination, victimisation, unlawful deduction, Dr Malan's letter, CCMA litigation, institutional silence. Board intervention formally requested.	No response.
10 Dec 2025	Manyathi files sworn CCMA affidavit — one day after your P1 report. PTSD dismissed as 'cynical excuse.' Applicant labelled 'untruthful character.' Costs demanded against a destitute employee.	This was your operational response to Exhibit A.
11 Dec 2025	Emergency update: Manyathi affidavit placed before all committee chairs. Characterised as institutional bad faith. Intervention urgently requested.	No response.
12 Dec 2025	Formal Notice of Constructive Dismissal. Board, CEO, Audit & Risk, Social & Ethics all copied.	No response.
16–17 Dec 2025	Maximum Severity GRC Escalation — GEMS 000655789 Dependent 02. Audio recording: MaryAnn Jones — refusal 'is insubordination.' 24-hour compliance window.	No response.
18 Dec 2025	CRO Kula in writing: 'stop sending emails to our directors — it gives an indication of impatience and unreasonableness.'	Active suppression of a P1 GRC escalation. By the Chief Risk Officer. In writing.
23 Dec 2025	Final criminal referral notice. 325-page bundle. JSE and FSCA receipt confirmed. Deadline: 24 Dec 12:00.	No response.

Date	You Received	Your Response
9 Jan 2026	Final internal board escalation.	No response.
13 Mar 2026	SAHRC formally updated. Complete forensic record now held by a Chapter 9 institution.	Pending.
14 Mar 2026	This notice.	Settlement deadline: COB Monday 16 March 2026.

Count the column on the right.
Nine formal escalations across three months.
Nine times you said nothing.
One time your CRO said stop.
That is your defence.
The High Court will read the same table.

3. THE CCMA PROCEEDINGS — A DOCUMENTED SHAM

When every internal avenue was exhausted, I went to the CCMA. What followed was not conciliation. It was a documented institutional failure that the South African Human Rights Commission has now formally noted in its file.

What Happened	The Record
Commissioner's opening statement	Before hearing a single word of evidence: 'Nothing here relates to the PDA.' Closed mind declared at threshold. Before introductions were complete.
Opening statement	Refused. Not permitted to place position on record.
BCEA s34(2) statutory cap	Never engaged. Employer's 'no work no pay' argument adopted without scrutiny.
Settlement position	I stated a global settlement ceiling of R2.5 million for all documented harm. The Commissioner laughed. Openly. In front of the Respondents' representative.
Respondents' offer	One month's salary. After nine months of documented discrimination, unlawful deduction, psychiatric harm, debt spiral, and destitution.
My response	Certificate of Non-Resolution requested. The proceedings were a mockery.
Post-hearing conduct	Commissioner and Respondents' representative walked out together. Animated conversation about Johannesburg. When I asked for the Labour Court address: 'Google it or something like that.'
Commissioner's origin	Johannesburg. Respondents' representative: also flew in from Johannesburg.
Provincial Commissioner report	Filed. Response Google it or something like that explained away as the Commissioner was from Johannesburg and didn't know the area. Cover-up — documented.
SAHRC notation	The Provincial Commissioner cover-up is now formally noted in the SAHRC file as a documented institutional failure.

The CCMA did not fail by accident. It was a war of attrition — and on that day, the institution joined the other side. The cover-up was not subtle. It was documented in the Provincial Commissioner's own response letter. That letter is now Exhibit C.

4. THE 10% WARNING — YOU WERE TOLD WHAT THIS WOULD COST

On 9 December 2025, the P1 Material Risk Report placed you on notice of the following specific financial exposure. This is not a new threat. This is a reminder of what you were warned about — in writing — on the day you chose silence.

FFF0F0

B-BBEE Act — Maximum Fine: 10% of annual turnover
AfroCentric annual revenue (2024 Integrated Report): Approximately R5.8 billion
10% of annual turnover: Approximately R580,000,000

This is not the fine for the Labour Court proceedings.
This is not the Section 162 personal liability.
This is the B-BBEE fine alone — for fronting — for one employee.

The B-BBEE Commission has allocated Case No. 5/02/2026.
The Form 8 response was filed on 13 March 2026.
The subpoena for the 2024/2025 B-BBEE verification certificate is pending.
The Naming Convention Teams recording subpoena is pending.

You were warned on 9 December 2025.
You chose silence.

The B-BBEE fine is not the ceiling. It is the floor. Fronting established under Section 13J(5) of the B-BBEE Act also constitutes a criminal offence subject to referral to SAPS and the National Prosecuting Authority. The Cheryl-Dawn Modern written admission — that the Naming Convention standard was deliberately withheld from the Complainant's department — is the institutional confession of the fronting mechanism. It is already before the Commission.

5. FORENSIC PAYROLL FINDINGS — JULY 2025

Finding	The Numbers
Unlawful deduction — BCEA s34(2)	Normal Earnings: R36,588.81 Deduction: R14,811.77 40.47% in single pay cycle Statutory cap: 25% Cap exceeded by 15.47 percentage points
Declared salary gap — statutory misrepresentation	Payslip Normal Earnings: R36,588.81 Declared to uFiling/SARS: R27,725.66 Gap: R8,863.15 Location on payslip: ABSENT — not reconcilable to any line item
False UIF compliance evidence	Respondent produced August 2025 payroll file (data string R40,562.53 — August salary) as proof of June 2025 compliance. June remains 'No Information' across 4 portal checks spanning 6 weeks.

Finding	The Numbers
Title perpetuation on payslip	Position: 'Care Coordinator.25' Grade B4M1. Recruited as: Specialist Care Manager NQF 8. Instructed to update to: Case Manager (Naming Convention May 2025). Same payroll feeds B-BBEE verification data.

6. THE OBJECTIVE PROOF — WHY THIS APPLICATION CANNOT FAIL

Director delinquency under Section 162 does not require me to prove bad intent. It requires proof of gross negligence, wilful misconduct, or reckless conduct in the management of a company's affairs. What I hold is not circumstantial. It is not subjective. It is documentary proof — generated by your own systems, signed by your own people, sent from your own email addresses.

FFFBECE

THE DOCUMENTS THAT WILL PROVE DIRECTOR DELINQUENCY IN THE HIGH COURT:

1. Exhibit A — P1 Material Risk Report (9 Dec 2025): Your own board received a formal Priority 1 risk escalation. You did nothing. This is the foundation.
2. The Manyathi Affidavit (10 Dec 2025): Filed one day after Exhibit A. Your operational response to a board-level risk report was to file a sworn attack on a disabled whistleblower.
3. The CRO Suppression Email (18 Dec 2025): Your Chief Risk Officer instructed a whistleblower to stop communicating with board oversight committees. In writing.
4. The Cheryl-Dawn Modern Admission (19 Jan 2026): Your Senior HR Business Partner confirmed in writing that the Naming Convention standard was deliberately withheld from the Complainant's department. This is the written confession of the fronting mechanism.
5. The False UIF Compliance Evidence (19 Jan 2026): Your Human Capital Consultant produced August payroll data as proof of June compliance. The data string proves the substitution.
6. The July 2025 Payslip: Your own document shows 40.47% deduction, R8,863.15 declared salary gap, and 'Care Coordinator' title — all in one document.
7. The SAHRC File (13 March 2026): A Chapter 9 constitutional institution now holds the complete documentary record of every escalation and every silence.
8. The B-BBEE Commission File (Case 5/02/2026): A state regulatory body is formally investigating fronting — on your own documentation.

Every document on this list was generated by your organisation.
None of it was fabricated. None of it was manipulated.
You built the case against yourselves.
I am merely the person presenting it to the High Court.

7. REGULATORY STATUS — 14 MARCH 2026

Body	Status	Result
Labour Court, Cape Town	Urgent ex parte application filed. Portal obstruction 5–13 March documented. Case number pending.	Active
SAHRC (Western Cape)	Comprehensive update 13 March 2026. CCMA cover-up, payroll fraud, portal obstruction, SAPS refusal — all formally on record.	Seized

Body	Status	Result
B-BBEE Commission	Case No. 5/02/2026. Form 8 filed 13 March 2026. Subpoenas pending: Naming Convention recording + 2024/2025 verification certificate.	Active
JSE	325-page bundle acknowledged. Jurisdictional declination 6 March 2026 (Ref JvS/166792).	Declined
FSCA	Formal complaint — breakdown of internal controls, executive de-escalation of protected disclosures.	Active
DEL	Integrated Inspection instructed. No enforcement action taken across 4+ weeks.	Inactive
SAPS / National Commissioner	Verbal refusal to open criminal docket. Formal complaint to National Police Commissioner lodged.	Escalated
CMS	Protected disclosure acknowledged. Redirected without accepting jurisdiction.	Deflected

8. SECTION 162 — THE APPLICATION — WHAT IT MEANS FOR YOU PERSONALLY

Application	Director delinquency — Section 162, Companies Act 71 of 2008
Relief sought	10 Year ban on professional directorships — each named director individually
Quantum (personal liability)	R3,000,000.00 — jointly and severally — compounded systemic and humanitarian harm
Costs	Punitive scale — attorney and client
Foundation	9 escalations. 9 non-responses. 1 active suppression. All documented. All timestamped.
The difference from Labour Court	The Labour Court pursues the company. Section 162 pursues you — individually, by name, for 10 years.
Status	Being prepared for service — Tuesday 17 March 2026 if no settlement or engagement by 16:00 COB Monday 16 March 2026.

9. MY SILENCE WAS NOT RETREAT — IT WAS NAVIGATION

You should know something about the period between 5 March and 13 March 2026. I am certain you noticed it. I am equally certain you interpreted it as weakness — as backing down, as bluffing, as the whistleblower running out of road.

You were wrong.

18 February 2026: Final warning issued to Respondents. 10-day response period communicated. Deadline: 4 March 2026.

4 March 2026: No response received. Deadline passed.

5 March 2026: Attempted to file urgent application. Portal profile deleted. Unable to log case.

5–12 March 2026: Call centre contacted more than 7 times. Hold times 40–50 minutes per call. Calls dropped. Staff dismissive.

Follow-up emails to Registrar Ms F Ismail sent. Ignored.

Urgent Notice of Motion was registered by the Registrar — then inaccessible.
12 March 2026: Final notice to Registrar — case number required or matter escalated to Judge President.
Close of business passed. No case number.
12 March 2026: Portal allowed loading as urgent ex parte application.
Registrar rejection reason: 'good day you put date.'
Portal then inaccessible. Password reset required 4 times to re-enter.
13 March 2026: Application corrected, resubmitted. Case number still pending close of business.

Every day of that eight-day window, I was not silent. I was fighting a court's own administrative system while facing eviction, without running water, without income, with loan sharks at my door. You almost certainly sat back and watched the deadline pass and concluded I had nothing.

What actually happened is this: the obstruction that was intended to stop me instead became evidence. The eight days of portal failures, deleted profiles, dropped calls, and a registrar's nonsensical rejection of an urgent application filed by a destitute disabled applicant — all of it was formally reported to the South African Human Rights Commission. The SAHRC has the Labour Court portal obstruction this is a potential violation of the Section 34 constitutional right of access to court.

You thought my silence meant I had stopped.
My silence meant I was documenting the obstruction.
The obstruction is now in a Chapter 9 institution's file.
The Chapter 9 institution is now standing beside me as I enter the court.

You did not delay this application.
You gave it a constitutional witness.

I note for the record that the SAHRC's mandate explicitly includes access to justice and the right to equality before the law. A self-represented, formally disabled, destitute applicant being systematically locked out of a court's filing system during a documented humanitarian emergency is not an administrative inconvenience. It is a constitutional matter. The SAHRC file reflects that. The High Court will see it.

10. SETTLEMENT — FINAL WINDOW

Settlement engagement or formal written initiation of settlement discussions required by:

16:00 — Monday, 16 March 2026.

If not received — High Court application proceeds to formal service at 09:00, Tuesday 17 March 2026.
At that moment: JSE disclosure obligations are triggered. The public record begins. The clock does not stop.

Contact: info@ethichawks.co.za | All correspondence should be in writing.

11. A FINAL OBSERVATION — FOR THE RECORD

There is a particular kind of chess player who, when they realise they are in check, tips the board over. They scatter the pieces, declare the game unfinished, and walk away confident that the absence of a visible board means the absence of a recorded position.

You tipped the board in July 2025 when you processed a 40.47% salary deduction without consultation on a formally disabled employee while a specialist psychiatrist's warning letter sat on your file. You tipped it again in December 2025 when your CRO instructed a formally protected whistleblower to stop sending emails to the board's independent oversight committees about a Priority 1 material risk report. You tipped it a third time when your representative filed a sworn affidavit the day after a board escalation, calling a specialist-diagnosed psychiatric condition a cynical excuse. You tipped it a fourth time when you issued a Certificate of Service bearing a title your own Senior HR Business Partner confirmed in writing had been deliberately withheld from my department. You tipped it a fifth time when you submitted August payroll data to the government as proof of June UIF compliance — a substitution visible in your own email's data string. And you tipped it a sixth time when a Labour Court portal mysteriously deleted my profiles during an urgent filing window, and a registrar rejected my application with the reason 'good day you put date.'

Each time you tipped the board, I picked up the pieces, documented their positions, and placed them on a new board in a new forum. The suppressed GRC escalation is now Exhibit A of the Section 162 application. The Manyathi affidavit is now the perjury reservation. The Cheryl-Dawn Modern admission is now the centrepiece of the B-BBEE Commission's formal investigation. The false UIF compliance evidence is now before the Department of Employment and Labour. The portal obstruction is now in the SAHRC file. The R8,863.15 payroll declaration gap is now a forensic finding before three regulatory bodies.

You did not need to make these mistakes. You volunteered them — one by one, across nine months, with remarkable consistency.

I did not come to this point because I wanted to be here. I came here because you left me no other place to stand. A destitute, formally disabled, self-represented whistleblower without running water, with his possessions taken by loan sharks, facing eviction at the end of this month, is not a profile of someone who had better options. This is what the board's collective silence produced. Let the record show that I told you — in writing, repeatedly, in advance, with evidence — exactly what would happen if you chose silence. You chose it anyway.

The board is still standing. All the pieces are accounted for. It is your move. The clock is running.

Issued in good faith, with full transparency, and with complete confidence in the documented record.

Sincerely,

WILBUR WILLIAM MATTHEE

Dear Wilbur, can I please ask you to stop sending these e-mails to our directors? They've seen your first batch of e-mails and are aware that management is attending to them. Sending further e-mails only gives them an indication of impatience and unreasonableness on your part, and that does not serve you well.

Dear Wilbur

Thank you for your e-mail,

Ito correspondences, from an HR perspective, I would like to confirm that we responded within the stipulated timeframe and provided all information required from our side. Furthermore the Certificate of Service issued is correct and fully aligned with our employment records as well as statutory requirements.

With regard to the naming-convention changes, please note that this business process is still in progress, and I can confirm that no changes to the Care Co-Ordinator job title for your department have been implemented at this stage. Your title is therefore accurately and correctly reflected in the Certificate of Service.

Should you require any additional documentation, we are available to assist; however, our position regarding the accuracy of the certificate remains unchanged.

Kind Regards

ANNEXURE

Consolidated Escalation Timeline

Full chronology of escalations and absence of responses — July 2025 to March 2026

Date: Jul 2025–Mar 2026

Founding Affidavit: Para 40

Delivered: To Dr Nkateko Munisi (Social & Ethics), Ms Alice Le Roux (Audit & Risk), Mr Bruno Fernandes (Lead Independent), via Company Secretary
Attachments: 38 documents — discrimination evidence, retaliation evidence, unlawful deduction, medical evidence, institutional silence record, CCMA referral
Board response: No response.

This is the document that formally placed every subsequent development on the board's conscience.

This is the document that gave the board's institutional silence its jet fuel.

This is the document that transforms nine non-responses into nine acts of directorial acquiescence.

This is the smoking gun — because it is yours, not mine.

The P1 Report warned you — in writing, with 38 attachments, on 9 December 2025 — of discrimination, victimisation, an unlawful 40.47% salary deduction, a psychiatrist's warning letter ignored, 30 days of institutional silence on formal grievances, and imminent CCMA litigation. You had everything. You chose nothing. Everything that follows in this notice is the documented consequence of that choice.

2. THE RECORD — WHAT YOU RECEIVED — WHAT YOU DID

Date	You Received	Your Response
Jul 2025	40.47% salary deduction. No consent. No HCBP consultation. Manager misrepresented group policy in writing.	No response.
11 Nov 2025	Written disclosure: deduction 'forcing me to incur additional debt.' Debt spiral and loan shark cycle verbally confirmed 12 Nov.	Confirmed deduction. No remedy. No action.
9 Dec 2025 — EXHIBIT A	P1 Material Risk Report. 38 attachments. Discrimination, victimisation, unlawful deduction, Dr Malan's letter, CCMA litigation, institutional silence. Board intervention formally requested.	No response.
10 Dec 2025	Manyathi files sworn CCMA affidavit — one day after your P1 report. PTSD dismissed as 'cynical excuse.' Applicant labelled 'untruthful character.' Costs demanded against a destitute employee.	This was your operational response to Exhibit A.
11 Dec 2025	Emergency update: Manyathi affidavit placed before all committee chairs. Characterised as institutional bad faith. Intervention urgently requested.	No response.
12 Dec 2025	Formal Notice of Constructive Dismissal. Board, CEO, Audit & Risk, Social & Ethics all copied.	No response.
16–17 Dec 2025	Maximum Severity GRC Escalation — GEMS 000655789 Dependent 02. Audio recording: MaryAnn Jones — refusal 'is insubordination.' 24-hour compliance window.	No response.
18 Dec 2025	CRO Kula in writing: 'stop sending emails to our directors — it gives an indication of impatience and unreasonableness.'	Active suppression of a P1 GRC escalation. By the Chief Risk Officer. In writing.
23 Dec 2025	Final criminal referral notice. 325-page bundle. JSE and FSCA receipt confirmed. Deadline: 24 Dec 12:00.	No response.

Date	You Received	Your Response
9 Jan 2026	Final internal board escalation.	No response.
13 Mar 2026	SAHRC formally updated. Complete forensic record now held by a Chapter 9 institution.	Pending.
14 Mar 2026	This notice.	Settlement deadline: COB Monday 16 March 2026.

Count the column on the right.
Nine formal escalations across three months.
Nine times you said nothing.
One time your CRO said stop.
That is your defence.
The High Court will read the same table.

3. THE CCMA PROCEEDINGS — A DOCUMENTED SHAM

When every internal avenue was exhausted, I went to the CCMA. What followed was not conciliation. It was a documented institutional failure that the South African Human Rights Commission has now formally noted in its file.

What Happened	The Record
Commissioner's opening statement	Before hearing a single word of evidence: 'Nothing here relates to the PDA.' Closed mind declared at threshold. Before introductions were complete.
Opening statement	Refused. Not permitted to place position on record.
BCEA s34(2) statutory cap	Never engaged. Employer's 'no work no pay' argument adopted without scrutiny.
Settlement position	I stated a global settlement ceiling of R2.5 million for all documented harm. The Commissioner laughed. Openly. In front of the Respondents' representative.
Respondents' offer	One month's salary. After nine months of documented discrimination, unlawful deduction, psychiatric harm, debt spiral, and destitution.
My response	Certificate of Non-Resolution requested. The proceedings were a mockery.
Post-hearing conduct	Commissioner and Respondents' representative walked out together. Animated conversation about Johannesburg. When I asked for the Labour Court address: 'Google it or something like that.'
Commissioner's origin	Johannesburg. Respondents' representative: also flew in from Johannesburg.
Provincial Commissioner report	Filed. Response Google it or something like that explained away as the Commissioner was from Johannesburg and didn't know the area. Cover-up — documented.
SAHRC notation	The Provincial Commissioner cover-up is now formally noted in the SAHRC file as a documented institutional failure.
