Dear Commissioner / Legal Officer,

Please find attached my comprehensive formal update to the above-referenced file, dated 13 March 2026.

The update documents a forensic payroll discrepancy, the full account of CCMA institutional bias and the Provincial Commissioner cover-up, eight days of obstructed Labour Court filing, the SAPS refusal to open a criminal case, and the confirmed multi-institutional failure across eleven engagements. My landlord has confirmed eviction by end of March 2026 if no payment is received.

I request that this update be formally appended to my file and that the Commission consider whether independent engagement is warranted.

I am available to provide all documentation immediately.

Yours faithfully,

Wilbur William Matthee
