Subject: RE: Request for Time in Lieu for Year-End Functions

Good day Wilbur

Thank you for the below.

Response to request to work 4 hours in:

-

1. **Please find extract from Departmental Adherence policy below. You can therefore only work in 2 hours for this work which has already been done as per below.**

Should you request to have time off at a future date then the time needs to be worked back in advance as pre-arranged with your team leader.
No more than 2 hours per week may be worked in as it may lead to burn out which can affect the department and your productivity negatively.

-

2. As per labor Law you must have a break of 60 minutes daily and therefore are not allowed to work through your lunch hour. Request to work through your lunch hour declined.
3. The agreement for the hybrid Pilot project is to work 1 week of late shifts (17-19h00) and 1 week of short shifts.

Your Hybrid Pilot working hours requested and submitted by you was to work from 10h00 – 19h00 and 11h00-19h00.

The request to work from 08h00-10h00 has therefore been declined as you are allocated to work the late shift 10h00-19h00 and if not worked then it will mean non adherence to the agreement.

To be fair to all staff in the department we have to apply the same policy as a matter of consistency and therefore the above process will be applied in view of your requests that we discussed.

Hoping you will understand the reason for declining the requests.

Thank you

Mary-Ann
