Dear Sipokazi,

I acknowledge receipt of the Certificate of Service. However, I must formally object to the fact that my role has been adjusted to align with the Opposing Affidavit dated 10 December 2025, rather than reflecting my actual employment records.

The Certificate of Service is a statutory document required for UIF and fund processing. It must be accurate and consistent with payroll and HR records, not tailored to litigation pleadings. Adjusting my role to fit an affidavit constitutes misrepresentation and undermines compliance with the Basic Conditions of Employment Act.

I further note that both you and Nthabiseng were present in the recorded Teams meeting titled “Naming Convention”, where the Operational Manager encouraged us to update our statistics. That meeting provides direct evidence that the employer had full knowledge of my role, identity, and responsibilities. Any deviation from those facts in the Certificate of Service is therefore unjustifiable.

I therefore request that the Benefits Team urgently issue a corrected Certificate of Service that reflects my true role and employment details, as per payroll and HR records and the recorded meeting. As a result, of this failure, that is evedince require you have not met your 12:00 deadline, I require correct Certificate of Service by close of business 19 January 2026.

Should this not be provided within the stipulated timeframe, I will proceed to file a formal complaint with the Department of Employment and Labour (DEL) and request a statutory audit of the employer’s compliance.

Please confirm by return email before close of business.

Kind regards,

Wilbur William Matthee

Dear Wilbur

Thank you for your e-mail,

Ito correspondences, from an HR perspective, I would like to confirm that we responded within the stipulated timeframe and provided all information required from our side. Furthermore the Certificate of Service issued is correct and fully aligned with our employment records as well as statutory requirements.

With regard to the naming-convention changes, please note that this business process is still in progress, and I can confirm that no changes to the Care Co-Ordinator job title for your department have been implemented at this stage. Your title is therefore accurately and correctly reflected in the Certificate of Service.

Should you require any additional documentation, we are available to assist; however, our position regarding the accuracy of the certificate remains unchanged.

Kind Regards

# AfroCentric

Dear Cheryl-Dawn,

Thank you for the information provided.

You have stated that the company was compliant with the statutory timeline. However, the documents I received were incomplete, which means the company is in fact not compliant with statutory requirements.

For the record:

- I verbally accepted the updated role during the recorded Teams meeting titled "Naming Convention", attended by Sipokazi Makaula and Nthabiseng Nkatane, where the Operational Manager informed me to update my identifiers.
- I subsequently updated my professional signature to reflect the new title.
- Both the recording and my updated signature constitute legally binding confirmation of the naming convention.

Despite this, the Certificate of Service issued contradicts both the recorded meeting and my updated signature, and has been aligned with the employer's Opposing Affidavit dated 10 December 2025. This alignment is illegal, as statutory documents must reflect factual employment records, not be tailored to litigation pleadings.

As a result, the current Certificate of Service will form part of my legal proceedings. Unless a corrected version is provided by close of business today, 19 January 2026, I will proceed to file a formal complaint with the Department of Employment and Labour (DEL) and include this matter in my Labour Court affidavit.

Kind regards,

Wilbur Mat... 2025/10/15
