Subject: Pre-authorization oncology

Hello Mary-Ann,

I just received a callback from a member who is set to start chemotherapy today and is currently sitting at the facility to receive his treatment. Unfortunately, the member has not yet received any feedback or an authorization.

I managed to speak to a consultant at the Oncology pre auth call center informing that the case is with the medical advisor, and we have to wait for the medical advisor feedback. He also mentioned that we won't be able to escalate the case.

This is a 70-year-old male. Member nr 00038507-00
