Date: 26 December 2025

To: CCMA Case Management Officer
Commission for Conciliation, Mediation and Arbitration (CCMA)

Dear Sir/Madam,

Further to my earlier correspondence today regarding the employer’s objection to Con-Arb in the matter between **Wilbur Matthee and AfroCentric Health (Pty) Ltd, CCMA Reference WECT24486-25**, I wish to place on record that:

- I have formally notified the **SAHRC, JSE, CMS, FSCA, BB-BEE Commission, and DEL** of the systemic governance failures and human rights violations arising from this dispute.
- My **full whistleblower dossier** has been submitted to these regulators for urgent intervention.
- This escalation was necessary due to the employer’s continued procedural containment and the humanitarian urgency of my situation.

This notification is made transparently and in good faith, to ensure the CCMA is aware that external regulators are now seized with the matter alongside your office.

Sincerely,
Wilbur William Matthee
