Subject : WITHOUT PREJUDICE – Final Settlement Agreement | Matthee v AfroCentric Investment Corporation & Medscheme Holdings | Response Required by 12:00 Friday 27 June 2026

Date : 23 Jun 2026 09:40

Dear Mr Whyte,

Please find attached the Without Prejudice Settlement Agreement constituting the final private resolution opportunity in this matter.

The terms are clear, the structure is fair, and the payment architecture has been deliberately designed to accommodate your client's internal approval processes while addressing the immediate humanitarian emergency that your client's conduct has created and sustained over seven months.

I draw your specific attention to three provisions:

Clause 2.2 – The R215,000 humanitarian advance requires only CEO or CFO authorisation and must be received in the designated Discovery Bank account by no later than 17:00 on 27 June 2026. This payment does not require full board approval and can be processed immediately upon your client's instruction. It is not additional – it forms part of the total quantum.

Clause 7.3 – In the event of any default, all proceedings reinstate automatically, parliamentary transmission proceeds without further notice, and the full actuarial quantum of R7,307,642.72 becomes the operative damages figure. The R4,700,000 floor will no longer apply.

Clause 8 – Breach triggers immediate reinstatement of everything without further notice. There is no second opportunity after default.

Your client should note that the settlement is structured as a forensic governance risk mitigation retainer payable to EthicHawks Forensic Governance & Compliance Consultancy. This framing is a deliberate courtesy – it provides your client with a commercially defensible, internally approvable resolution that does not constitute an admission of liability. That courtesy expires with this offer.

The parliamentary record is open. The SHA-256 audit is complete. The Consolidated Forensic Evidence Portfolio is ready for immediate transmission. The OCJ Closure Report is filed. The quantum is on the table. Six simultaneous forums remain active.

This agreement is the last private exit available.

The signed agreement must be returned by 12:00 on Friday 27 June 2026. The R215,000 advance must be received by 17:00 on the same day.

In the absence of both by those deadlines, this offer is automatically withdrawn, parliamentary transmission proceeds without further notice, and the full actuarial quantum of R7,307,642.72 is operative.

This is not a threat. It is a statement of sequence. The record is complete. The transmission is ready. The decision is yours.

GOVERN YOURSELVES ACCORDINGLY.
