Dear Chairperson and Board Members,

I am writing to formally retract the email and attached memorandum sent earlier 16 December 2025, titled "Urgent Maximum Severity GRC Escalation – Immediate Action Required," regarding Case [GEMS 000655789 Dependent 02].

This retraction is due to the email being sent on a public holiday, which invalidates the specified timeline and compliance window outlined in the document. As such, please disregard the formal escalation and any associated deadlines.

However, at your discretion, you may still use the information provided to correct the incident and implement any necessary remedial actions, as the underlying concerns remain relevant.

I apologize for any inconvenience this may cause and appreciate your understanding.

Should you require further clarification or discussion, please let me know.

Respectfully,

Sr. Wilbur W. Matthee
Specialist Nurse, Health Services Manager: Governance, Risk & Psychosocial Safety

Accountability Notice:
>This retraction does not waive any statutory, professional, or ethical duties and is issued in good faith to ensure procedural accuracy.
