Good day Sir

From what I have seen from the correspondence and my conversation with the Registrar at the Labour Court.

It seems you have not followed the correct court process. The registrar indicates that she has informed you that you should have done a referral and not an application.

The Registrar shall however, refer your matter to a Judge for a directive, in light of the fact that you are not willing to accept her procedural explanation.

Kindly note the courts are on recess, so a response from the Judiciary may be delayed.

Please note that the courts are experiencing challenges with the Court online system and our National Office are working on it. This could account for some of the messages you are receiving on your phone and e-mail.

NB. The High Court and Labour Court have different jurisdictions. This matter is not as far as I can tell for the Judge President of the High Court.

Thanking you.

To: Ruanne David (Director of Court Operations, Western Cape)

Attention:

The Honourable Judge President, Labour Court of South Africa (Cape Town)

The Honourable Judge President, High Court of South Africa (Western Cape Division)

Dear Director David / Honourable Judge Presidents,

This email serves as formal notice of continued administrative malfeasance regarding my Cases.

This notice follows my previous formal escalation, EH\_JO\_2026\_003\_FormalEscalation, which detailed the systemic administrative obstruction and registry malfeasance currently impacting this matter.

Despite being on formal notice, the registry has engaged in further procedural irregularity.

On Thursday at 10:55 the 18 of June 2026, I received an SMS notification regarding a hearing date. A cross-verification audit of the OCJ Portal and CaseLines confirms that no such notification or hearing schedule exists within the official record.

This constitutes a "ghost notification" designed to create operational uncertainty and appears to be a continuation of the deceptive practices previously reported to your offices.

Notice of Intent:

Given that the grace period for rectification regarding the matters raised in EH\_JO\_2026\_003\_FormalEscalation has expired, I am currently finalizing the formal complaint for submission to the Information Regulator. This complaint will formally implicate this office for:

Persistent breach of administrative due process.

Data integrity failures and the transmission of unauthorized documentation.

Willful negligence in failing to rectify known registry irregularities.

This notice is provided to ensure the record reflects that administrative accountability rests with the heads of these jurisdictions.

Govern yourselves accordingly.
