Respondent	Office	Nature of Complaint

The Honourable Judge President of the High Court of South Africa (Western Cape Division)	High Court, Western Cape Division	Absolute failure of judicial oversight regarding systemic suppression of court records and electronic data manipulation by registry executives

SECTION 3: STATUTORY GROUNDS FOR COMPLAINT

This complaint is lodged on the following grounds as enumerated in Section 14(4) of the Judicial Service Commission Act, 1994:

- Section 14(4)(a): Gross misconduct as envisaged in Section 177(1)(a) of the Constitution.
- Section 14(4)(b): Wilful or grossly negligent breach of the Code of Judicial Conduct.
- Section 14(4)(e): Wilful or grossly negligent conduct incompatible with or unbecoming of the holding of judicial office, including conduct prejudicial to the independence, impartiality, dignity, and effectiveness of the courts.

SECTION 4: SUMMARY OF MATERIAL GRIEVANCES

Grievance 1: Violation of Judicial Temperament and the “Ambulance at the Courthouse” Principle (Judge Anderson)

Date of Incident: 25 March 2026

Case Reference: High Court Case No: 2026-066952

The Incident:

During proceedings before Judge Anderson, the following occurred:

- The presiding Judge expressed an adversarial temperament, stating on the record that her patience had “deteriorated” regarding the Complainant's Practice Note—a remark inconsistent with the duty to assist vulnerable, self-represented litigants.
- The Court permitted an unmandated Advocate to intrude upon and assume conduct of the Complainant's representation, entirely disregarding the Complainant's disclosed, severe PTSD and documented medical duress.
- This unmandated representative was suffering an acute, visible psychiatric crisis during the hearing and was involuntarily admitted to Somerset Hospital for 72-hour psychiatric observation immediately following the proceedings—a fact witnessed by the Court directly from chambers.
- Despite the clear medical emergency and the evident invalidity of this unmandated representation, Judge Anderson issued a Scale C punitive costs order exceeding R84,000.00 against the Complainant.

Legal Breaches:

- Wilful or grossly negligent breach of the Code of Judicial Conduct (s14(4)(b)): Failure to exercise judicial temperament; failure to protect a vulnerable litigant.
- Conduct incompatible with judicial office (s14(4)(e)): Permitting an unauthorised representative in acute psychiatric crisis to speak for a litigant, then penalising the litigant for that representative's conduct.
- Violation of Section 165(2) of the Constitution: Failure to apply the law impartially and without fear, favour, or prejudice.

The “Ambulance at the Courthouse” Principle:

A court of law may not base a punitive order upon the conduct of a party's purported representative when that representative was, at the material time, in an acute state of psychiatric crisis—a crisis the Court itself witnessed and was thereby placed on legal notice of.

The resulting costs order was granted on the basis of legally tainted conduct and is voidable on that ground alone.

Biowatch Principle Violation:

The Biowatch principle establishes that self-represented litigants who bona fide seek to ventilate constitutional issues against the State should not be penalised with adverse costs orders. The Complainant, as a destitute whistleblower raising issues of constitutional import, was subjected to a punitive Scale C order—a direct violation of this principle.

Implication:

The punitive costs order directly facilitates a corporate “litigation by attrition” strategy, ensuring a 100% guarantee of absolute financial destitution for a whistleblower and effectively silencing constitutional oversight.

Grievance 2: Failure of Judicial Oversight by Heads of Jurisdiction

Date of Escalation: 09 June 2026

Reference Dossier: EH/JO/2026/003

The Incident:

- On 9 June 2026, a comprehensive formal escalation detailing severe registry malfeasance, administrative obstruction, and statutory data security breaches was transmitted via the Director of Court Operations, Mrs. Ruanne David.
- Director David formally confirmed on 9 June 2026 at 21:40 that the correspondence was submitted to the respective Judge Presidents.
- As of today, 9 July 2026 (30 calendar days later), absolutely no response, intervention, or acknowledgment has been received from either Judge President.

Legal Breaches:

- Wilful or grossly negligent breach of the Code of Judicial Conduct (s14(4)(b)): Failure to exercise judicial oversight over subordinate administrative staff.
- Conduct incompatible with judicial office (s14(4)(e)): Allowing subordinate administrative staff to operate as a functional lawless entity.
- Violation of Section 165(4) of the Constitution: Failure to protect the courts' independence, impartiality, dignity, and effectiveness by failing to intervene in documented administrative malfeasance.

Implication:

This total failure of oversight directly enables executive registry staff to manipulate records, suppress evidence, and engage in procedural gatekeeping without consequence—constituting a profound dereliction of constitutional duties.

Grievance 3: Registry Malfeasance Enabled by Judicial Silence

The failure of judicial oversight has directly enabled executive registry staff to engage in the following:

3.1 Suppression of Audio Evidence (Acting Chief Registrar Nicola Hanekom)

- The Complainant has requested the official digital audio recordings of High Court proceedings since 26 March 2026, with a formal re-escalation on 3 June 2026 to prevent misrepresentation the the Speaker of The National assembly.

- These recordings are the primary, objective evidence required for a Rule 42(1)(a) rescission application—which does not require showing good cause, only that the order was erroneously sought or granted.
- The recordings are also essential to expose a bad-faith misrepresentation made by corporate counsel (Deneys Reitz Inc.) to the Speaker of the National Assembly.
- Acting Chief Registrar Hanekom's ongoing silence constitutes administrative complicity in misleading Parliament.

3.2 Manufactured Procedural Gatekeeping (Registrar Farzaana Ismail)

- On 12 May 2026: Registrar Ismail confirmed that Case No: 2026-077546 was compliant and on the backlog.
- On 10 June 2026: Registrar Ismail radically shifted positions, inventing a non-existent requirement for a CCMA “referral certificate” for a direct Section 77A BCEA application.
- This fraudulent application of the rules was manufactured solely to retroactively justify illegal administrative delays.

3.3 Systemic Data Failures and Data Leakage

- The registries are processing corrupted indices and generating false automated “ghost notifications”—admitted by Director David on 22 June 2026.
- Registrar Tsakani Soundy committed a severe statutory data breach by leaking confidential, third-party medical and clinical psychiatric files (the Armstrong v City of Cape Town file) to the Complainant on 10 April 2026.

Legal Breaches:

- Gross misconduct (s14(4)(a)): Enabling administrative staff to engage in record manipulation and evidence suppression.
- Conduct incompatible with judicial office (s14(4)(e)): Allowing the suppression of evidence vital to parliamentary oversight and constitutional accountability.

Implication:

The cumulative effect of these actions is a systemic governance collapse—a functional denial of access to justice that shields the court from accountability and facilitates the misrepresentation of judicial proceedings to external constitutional oversight bodies.

SECTION 5: TABLE OF VIOLATIONS

Grievance	Respondent	Constitutional/Statutory Violation	JSC Act Ground
1	Judge Anderson	s165(2) – failure to apply law impartially; Code of Judicial Conduct – judicial temperament	s14(4)(b), (e)
2	Judge Presidents (Labour Court & High Court)	s165(4) – failure to protect courts' dignity and effectiveness	s14(4)(b), (e)
3.1	Acting Chief Registrar Hanekom (enabled by judicial silence)	s34 – denial of access to courts; s165(4) – failure of oversight	s14(4)(a), (e)
3.2	Registrar Ismail (enabled by judicial silence)	s34 – denial of access to courts; s195 – failure of public administration	s14(4)(a), (e)
3.3	Registrar Soundy (enabled by judicial silence)	POPIA s8, 9, 26 – data breach; s34 – denial of access to courts	s14(4)(a), (e)

SECTION 6: URGENT RELIEF AND DIRECTIVES SOUGHT

The Complainant respectfully requests that the Judicial Service Commission and the Judicial Conduct Committee immediately invoke their statutory powers to order:

A. Judicial Conduct Investigation

1. A Formal Investigation into the judicial conduct of Judge Anderson regarding the events of 25 March 2026, specifically assessing:

- The violation of judicial ethics regarding vulnerable, unrepresented litigants.
- The exploitation of a visible psychiatric emergency to issue a punitive costs order.
- The failure to apply the Biowatch principle.

B. Administrative Audit

2. An Independent Forensic Audit into the administrative operations of the Western Cape High Court and Labour Court registries, with a focus on:

- Record manipulation and misrepresentations made to executive leadership.
- Deliberate withholding of audio logs.
- The “ghost notification” system and data integrity failures.

C. Preservation and Disclosure of Evidence

3. An Immediate Directive for the Preservation of Evidence, compelling:

- Acting Chief Registrar Nicola Hanekom and Director Ruanne David to preserve and immediately release all digital audit trails, electronic correspondence, and full audio recordings related to High Court Cases 2026-066952 and 2026-086906, and Labour Court Cases 2026-077546 and 2026-083299.
- The OCJ to preserve all records pending investigation.

D. Procedural Rectification

4. A Review of the Registry's Interventions, confirming that because Registrar Soundy assumed manual control and personally uploaded the Complainant's filings on 5 May 2026, the procedural onus shifted entirely to the court—making any subsequent procedural penalties against the Complainant unlawful.

E. Interim Protection

5. A Recommendation to the Minister of Justice to consider the suspension of the Scale C costs order pending the outcome of the investigation, given that the order was granted on the basis of legally tainted conduct.

SECTION 7: STATUTORY ELECTRONIC ANCHOR & DECLARATION (ECTA SECTION 13)

Take notice that this entire complaint, alongside its attached forensic exhibits, is executed and electronically signed under Section 13 of the Electronic Communications and Transactions Act (ECTA), Act 25 of 2002.

Formal Declaration in Lieu of Physical Commissioning

I, Wilbur William Matthee, do hereby solemnly affirm and declare under penalty of perjury that:

- The facts and allegations contained in this complaint are, to the best of my knowledge and belief, true and correct.
- This complaint has not been physically printed or processed before a traditional Commissioner of Oaths due to absolute, severe financial impossibility and physical destitution.
- This state of destitution is the direct, intended consequence of the unlawful corporate retaliation, systemic UI-19 statutory fraud, and bad-faith litigation attrition executed against me as a protected whistleblower.
- The Respondents' continuous administrative blockade of my statutory safety nets has intentionally stripped me of the means to process physical legal paper.
- To reject this digitally signed submission on the basis of a missing physical ink stamp would allow the perpetrators of institutional fraud and judicial malfeasance to use the financial ruin they deliberately inflicted upon a whistleblower as a shield against regulatory and constitutional oversight.

I understand that making a false statement in this declaration constitutes an offence and may render me liable to prosecution.

Executed at Cape Town on this 9th day of July 2026.

DATE: 09 June 2026

REF: EH/JO/2026/003 – FORMAL ESCALATION: SYSTEMIC ADMINISTRATIVE OBSTRUCTION, REGISTRY MALFEASANCE, AND JUDICIAL CONDUCT

1. PURPOSE

This memorandum serves as a formal escalation to the Judge Presidents regarding a systemic breakdown of administrative compliance and judicial conduct within your respective divisions. Because the offices of the Registrars have completely and utterly failed to execute their statutory duties, administrative accountability now vests directly with the heads of these jurisdictions. As a self-represented whistleblower in a state of documented financial destitution, I am holding this office accountable for a coordinated "litigation by attrition" strategy that has brought my well-being to a state of near-total collapse.

2. THE CAUSAL NEXUS OF INSTITUTIONAL FAILURE

It is imperative to review this matter not as isolated grievances, but as a linear progression of institutional harm where the failures of one court directly forced the crisis in the next. There is a direct causal nexus between the Labour Court's initial obstruction and my subsequent appearance before Judge Anderson in the High Court. Because the Labour Court registry remained institutionally silent and failed to allocate a case number for 28 days during a documented destitution emergency, I was left stripped of the urgent protection the law provides. This administrative refusal to perform a statutory duty was the proximate cause that forced me, under conditions of extreme psychological duress and medical vulnerability, to seek emergency relief before the High Court (Case No: 2026-066952).

3. JUDICIAL CONDUCT AND THE "AMBULANCE AT THE COURTHOUSE" PRINCIPLE

My forced appearance before the High Court resulted in a profound experience of institutional betrayal, characterized by an adversarial temperament and a failure to protect a vulnerable litigant:

The "Ambulance at the Courthouse" (25 March 2026):

During the hearing before Judge Anderson, the presiding Judge expressed an on-record frustration with my Practice Note, stating her patience had "deteriorated." Concurrently, the Court allowed an advocate to intrude upon my representation without a mandate, despite my disclosed PTSD. This individual's conduct was visibly consistent with an acute mental health crisis, and she was admitted for 72-hour involuntary psychiatric observation at Somerset Hospital immediately following the hearing — an outcome the Court witnessed in real-time directly from chambers. Despite the evident invalidity of this representative's conduct, the Court issued a Scale C punitive costs order against

me. This outcome — derived from an institutional failure to recognize a medical emergency — functioned as a weaponized financial barrier exceeding 100% assurance of destitution: a tax bill of above R100 000,00 to an already destitute litigant.

Performative Benevolence (April 2026 Anticipation Hearing):

Following the 25 March proceedings, I appeared for a 24-hour notice of anticipation in April 2026. During this hearing, the presiding Judge adopted a tone of performative benevolence, publicly remarking that the Court should be "lenient" and "provide a helping hand" to me as a destitute litigant. This statement — which functioned as a mockery of the Court's duty to assist — was immediately followed by a judicial outcome based on a document already before the court but not in my file, that resulted in the summary dismissal of my matter.

4. ADMINISTRATIVE OBSTRUCTION AND SYSTEMIC GOVERNANCE BREACHES

The administrative failures within both registries have escalated from structural incompetence into a deliberate compromise of institutional governance and data integrity:

Labour Court Obstruction:

My matter (Case No: 2026-077546) has been ripe for adjudication since 29 April 2026, yet Registrar Farzaana Ismail maintains a policy of absolute administrative silence. Electronic read receipts confirm that my "URGENT SECOND FOLLOW-UP" was read by Registrar Ismail on 09 June 2026 at 14:36, yet she continues to withhold necessary administrative action.

High Court Record Suppression:

Acting Chief Registrar Nicola Hanekom has failed to provide essential audio evidence for Case No: 2026-066952 and Case No: 2026-086906, effectively suppressing the primary record required to move forward with my Rule 42 Rescission application and for the evidence record.

Misrepresentation of Official Records:

Crucially, these failures are compounded by a severe governance breach: the deliberate misrepresentation of my official filing records to the Director of Court Operations, Mrs. Ruanne David. By misreporting the timeline and status of my filing to executive leadership, the administrative staff have actively manipulated the court's official indices to shield the registry from accountability, creating a false impression of non-compliance on my part.

Statutory Data Breach (POPIA):

This administrative lawlessness is further evidenced by a severe privacy violation, wherein the registry committed a documented POPIA breach by transmitting unauthorized, third-party *Armstrong v City of Cape Town* documentation to me.

5. NOTICE OF OVERSIGHT

This escalation is simultaneously transmitted to the Parliamentary Portfolio Committee on Justice and Correctional Services (Attn: Adv. Vamaano / Mr. Mthonjeni). This oversight body is already in possession of the extensive chain of correspondence detailing these administrative mutations, the failures of the court's service provider (Inlexso), and the ongoing erosion of statutory compliance within these jurisdictions.

6. FORMAL REMEDY AND REGULATORY NOTICE

Because the Registrars have completely defaulted on their responsibilities, I respectfully demand the immediate intervention of the Judge Presidents to ensure:

Administrative Compliance:

An immediate directive to the Registrars to accurately update the court indices and provide the long-overdue administrative outcomes.

Forensic Investigation:

An independent forensic review into the misrepresentation of records to the Director of Court Operations, Mrs. Ruanne David, and the tracking failures of the registry.

Procedural Rectification:

That I be afforded the full procedural latitude mandated by the Biowatch framework for self-represented, vulnerable litigants, ensuring I am no longer penalized for administrative failures entirely attributable to the state.

7. POPIA REMEDIATION AND REGULATORY ESCALATION

Given the documented POPIA breach involving the Court's unauthorized transmission of third-party *Armstrong v City of Cape Town* documentation to me, I formally request a written explanation regarding this data compromise. Please be advised that unless this administrative breach is rectified and a formal remediation plan is provided, I will escalate this matter directly to the Information Regulator for a full statutory investigation into the Court's information security and privacy compliance.

Yours Faithfully,

1. EXECUTIVE SUMMARY

This report constitutes the final administrative closure notice regarding all matters between the Applicant and the Office of the Chief Justice. The record is complete. The evidence is immutable. This is the final interaction between the Applicant and the OCJ on these matters.

The facts are undisputed and proven by primary-source documents:

Finding	Evidence
Registrar Soundy personally uploaded the Applicant's Statement of Claim and BCEA application due to portal failures	Email: TSoundy@judiciary.org.za, 05 May 2026, 12:14
Registrar Ismail first acknowledged the matter was on the backlog (12 May 2026), then weeks later invented a procedural defect (10 June 2026)	Emails: FIsmail@judiciary.org.za, 12 May & 10 June 2026
Director David admitted the court's system failures cause erroneous notifications	Email: RDavid@judiciary.org.za, 22 June 2026, 13:53
The Applicant received a "ghost notification" for a non-existent hearing	Applicant's sworn affidavit, 18 June 2026
Acting Chief Registrar Nicola Hanekom has remained silent on the Applicant's urgent audio request (03 June 2026) – a request vital to prevent misrepresentation to the National Speaker of Parliament	Email: info@ethichawks.co.za to NHanekom, 03 June 2026; NO RESPONSE – read receipt
The Applicant filed a Unilateral Pre-Trial Minute in Case No: 2026-083299, which remains unacknowledged	Filing record; NO ACKNOWLEDGMENT – read receipt
The Judge Presidents of both the High Court and Labour Court have provided NO RESPONSE to the formal escalation (EH/JO/2026/003) transmitted on 09 June 2026	Email: RDavid@judiciary.org.za, 09 June 2026, 21:40; NO RESPONSE FROM JUDGE PRESIDENTS

The legal position is clear and unassailable:

- Labour Court Rule 16(1) mandates the Registrar to enrol unopposed default judgments. The Registrar's duty is non-discretionary.

- Administrative errors originating from the Registrar's office cannot prejudice the litigant (Munozohamba v Onelogix Linehaul, LC 2021).
- The Registrar's assistance in uploading documents shifts the onus entirely to the court.
- The High Court's silence on the audio request constitutes a functional denial of access to justice and a breach of Section 34 of the Constitution.
- The Judge Presidents' silence on the formal escalation constitutes a failure of judicial oversight and a dereliction of their constitutional duties.

This report closes all administrative engagement. The matter is now referred to:

- Parliamentary Oversight Committees – for oversight failure and misrepresentation to the National Speaker.
- The Information Regulator – for POPIA breaches.
- The Judicial Service Commission – for administrative malfeasance and judicial conduct.
- The South African Human Rights Commission – for constitutional violations.
- The Legal Practice Council – for opposing counsel's conduct (Denyes Reitz Inc.).

The record is complete. The evidence is immutable. The attrition ends here.

---------	---	---------------------------	----------------------------------

3. THE REGISTRAR'S CONTRADICTION – EVIDENCE OF MALFEASANCE

The Contradiction is Fatal to Her Defence

Registrar Ismail's First Position (12 May 2026)	Registrar Ismail's Second Position (10 June 2026)
"I have added your matter to the backlog"	"Your matter seems to be an application and not a referral"
"I will let you know if a date has been allocated"	"Do you perhaps have an outcome?"
No procedural objection raised	Procedural defect invented weeks later

Forensic Implication – The Questions That Cannot Be Answered

- If the matter was procedurally defective, why did she place it on the backlog for allocation on 12 May?
- If a referral certificate was required, why did she not raise this on 12 May when she first reviewed the file?
- If the matter was not properly before the Court, why did she not reject it immediately?

The Only Logical Conclusion

The procedural objection was manufactured after the fact to justify a delay that had already occurred. This is prima facie evidence of administrative malfeasance – a deliberate obstruction designed to delay a self-represented litigant's access to justice.

4. REGISTRAR SOUNDY'S UPLOAD – THE ONUS SHIFTS

The Undisputed Fact

On 5 May 2026 at 12:14, Registrar Tsakani Soundy wrote:

"Please send your login details and the documents, I will upload."

The Applicant provided his login credentials. Registrar Soundy personally uploaded both the Statement of Claim and the BCEA application.

Legal Consequence

- The Registrar assumed responsibility for ensuring the documents were properly filed.
- Any filing deficiency or procedural confusion now rests squarely with the Registrar's office – not with the litigant.
- The Court cannot weaponise its own administrative intervention against the Applicant.

Case Law Support

“As a result of an administrative filing error at the office of the Registrar the opposing papers were not brought to my attention.”

– Munozohamba v Onelogix Linehaul (Labour Court, 2021)

If systemic failures are acknowledged by the Court, they cannot be used to prejudice a self-represented litigant who has complied with all procedural requirements.

The Inescapable Conclusion

The Registrar's personal intervention and subsequent failure to process the matter constitutes a breach of trust and a dereliction of duty. The onus is on the Court, not the litigant.

5. THE “GHOST NOTIFICATION” – OFFICIAL ADMISSION

The Undisputed Fact

On 18 June 2026 at 10:55, the Applicant received an SMS notification regarding a hearing date. A cross-verification audit of the OCJ Portal and CaseLines confirms that no such notification or hearing schedule exists within the official record.

Director David's Admission

On 22 June 2026 at 13:53, Director Ruanne David wrote:

“the courts are experiencing challenges with the Court online system and our National Office are working on it. This could account for some of the messages you are receiving on your phone and e-mail.”

Forensic Implication

- Official admission that the Court's electronic notification system is generating unauthorised and procedurally invalid communications.
 - This constitutes a “ghost notification” that creates operational uncertainty.
 - This is a breach of administrative due process and a data integrity failure under POPIA.
 - This is a breach of Section 34 of the Constitution – the right of access to courts.
-

6. ACTING CHIEF REGISTRAR HANEKOM'S SILENCE – COMPLICITY IN MISREPRESENTATION TO PARLIAMENT

The Undisputed Fact

On 3 June 2026 at 12:47, the Applicant submitted an urgent request to Acting Chief Registrar Nicola Hanekom for the official digital audio recording of the urgent motion court proceedings held before Acting Justice Mphego in Court 5 on 16 April 2026 (High Court Case No: 2026-086906).

As of the date of this report – 19 days later – Acting Chief Registrar Hanekom has not responded.

The Reason for the Request – Preventing Misrepresentation to Parliament

The Applicant's legal representatives, Deneys Reitz Inc., made specific factual assertions regarding the mechanics of that hearing in correspondence addressed to:

- The Honourable Speaker of the National Assembly – titled "AFR1282 Letter to Parliament 03.06.2026.PDF"
- The Applicant directly – titled "AFR1282 Letter to Matthee 03.06.2026.PDF"

The firm asserts that:

- At approximately 12:31 on 16 April 2026, the Applicant's signed and commissioned Answering Affidavit was transmitted to the court.
- Acting Justice Mphego formally adjourned the court proceedings specifically to read and consider the Applicant's Answering Affidavit prior to granting the interim rule nisi order.

Forensic Implication

- The audio recording is the sole objective mechanism available to confirm the exact timeline, judicial commentary, and statements made by the Applicant's counsel on that day.
- Hanekom's silence is a functional denial of the Applicant's right to access evidence vital to his defence and to prevent misrepresentation to external constitutional oversight bodies.
- This silence constitutes complicity in any misrepresentation that may occur to Parliament.
- This is a breach of Section 34 of the Constitution – the right of access to courts and to a fair hearing.

7. THE HIGH COURT AUDIO REQUEST – MISREPRESENTATION TO THE NATIONAL SPEAKER

The Constitutional Imperative

The Applicant's request for the audio recording is not a mere procedural formality. It is a constitutional imperative to:

- Protect the absolute integrity of the judicial record.
- Prevent any misrepresentation to external constitutional oversight bodies – specifically, the National Speaker of Parliament and the Portfolio Committee on Justice.
- Determine whether a material non-disclosure or procedural irregularity occurred.
- Verify the factual assertions made by Deneys Reitz Inc. to Parliament.

The Consequences of Silence

Acting Chief Registrar Hanekom's silence:

- Facilitates potential misrepresentation to Parliament.
- Denies the Applicant the opportunity to correct the record.
- Undermines the constitutional oversight function of Parliament.
- Constitutes a breach of the Applicant's Section 34 rights.

The Inescapable Conclusion

Hanekom's silence is not administrative delay – it is complicity in the suppression of evidence vital to parliamentary oversight. The National Speaker of Parliament must be informed of this suppression.

8. THE UNILATERAL PRE-TRIAL MINUTE – FILING & REQUEST

The Undisputed Fact

The Applicant has filed a Unilateral Pre-Trial Minute in Labour Court Case No: 2026-083299 (W.W. Matthee v Afrocentric Health (RF) (PTY) LTD & Another).

The filing requests that the matter be placed before a Judge for:

- Case management directives.
- Allocation of a hearing date.
- Determination of the merits of the Applicant's claim.

The Current Status

As of the date of this report, the Unilateral Pre-Trial Minute has not been acknowledged by the Registrar's office. Read receipt confirmed.

Forensic Implication

- The Respondent has failed to file any response.
 - The matter is ripe for judicial intervention.
 - The Registrar's failure to acknowledge the filing is further evidence of systemic administrative obstruction.
 - This is a breach of Section 34 of the Constitution.
-

9. THE FORMAL ESCALATION TO JUDGE PRESIDENTS (09 JUNE 2026) – JUDICIAL OVERSIGHT FAILURE

On 09 June 2026, the Applicant transmitted a Formal Escalation (EH/JO/2026/003) to:

- The Honourable Judge President, Labour Court of South Africa (Cape Town)
- The Honourable Judge President, High Court of South Africa (Western Cape Division)

The Escalation Documented:

- Systemic Administrative Obstruction: The Registrars' complete failure to execute statutory duties.
- Registry Malfeasance: Misrepresentation of official records to Director David.
- POPIA Breach: Unauthorised transmission of third-party documents.
- Judicial Conduct: The "Ambulance at the Courthouse" principle and the 25 March 2026 hearing.

Director David's Confirmation

On 09 June 2026 at 21:40, Director Ruanne David confirmed:

"Kindly note that your correspondence has been submitted to the respective Judge Presidents as requested."

Forensic Implication

The Judge Presidents were placed on formal notice on 09 June 2026. As of the date of this report – 13 days later – NO RESPONSE HAS BEEN RECEIVED.

This constitutes a failure of judicial oversight and a dereliction of constitutional duties by the heads of these jurisdictions.

10. LEGAL FRAMEWORK – THE REGISTRAR'S MANDATORY DUTY

Labour Court Rule 16(1)

“If no response has been delivered within the prescribed time period... the registrar must, on notice to the applicant(s), enrol a matter for judgment by default.”

Judicial Interpretation

“In terms of the Rules of the Labour Court it is the Registrar who enrolls matters. The Registrar is enjoined to do so as expeditiously as possible.”

– Mthembu v Unique Air (Labour Court)

The Registrar’s Duty is Non-Discretionary

The Registrar is not authorised to substitute procedural preference for the mandatory wording of the Rules. The insistence on a “referral” for a BCEA section 77A application is procedurally incorrect and constitutes a misrepresentation of the Rules.

11. THE “APPLICATION VS. REFERRAL” FALLACY – PROCEDURAL MISREPRESENTATION

Registrar Ismail’s Position (10 June 2026)

“Your matter seems to be an application and not a referral. An application for default judgment is done in the case of a referral (when you have a referral certificate).”

The Correct Legal Position

- The BCEA section 77A claim is a statutory application brought directly to the Labour Court.
- It does not require a CCMA referral certificate.
- The Applicant is entitled to default judgment under Rule 16(1) where no opposition has been filed.

The Registrar’s Error

The Registrar is conflating two distinct procedural mechanisms:

Mechanism	Requirement
LRA referrals	Require a CCMA certificate of non-resolution
BCEA statutory applications	Do not require a CCMA certificate

The Applicant's claim is brought under Section 77A of the BCEA, which is a direct application to the Labour Court. The Registrar's insistence on a referral certificate is procedurally incorrect and constitutes maladministration.

12. CONSTITUTIONAL VIOLATIONS – SECTIONS 9, 34, 195

Section 9 – Equality

“Everyone is equal before the law and has the right to equal protection and benefit of the law.”

The Applicant, as a self-represented, destitute litigant with a documented disability (PTSD), has been treated differently from represented, financially resourced litigants. No reasonable accommodation has been made for his destitution or his status as an unrepresented person with a documented mental health condition.

Section 34 – Right of Access to Courts

“Everyone has the right to have any dispute that can be resolved by the application of law decided in a fair public hearing before a court or, where appropriate, another independent and impartial tribunal or forum.”

The Registrar's obstruction – the manufactured procedural defect, the “ghost notification,” the systemic delay, Hanekom's silence on the audio request, the failure to acknowledge the Unilateral Pre-Trial Minute, and the Judge Presidents' silence – constitutes a functional denial of this constitutional right.

Section 195 – Public Administration

“Public administration must be governed by the democratic values and principles enshrined in the Constitution, including: (a) A high standard of professional ethics must be promoted and maintained. (b) Efficient, economic and effective use of resources must be promoted. (c) Public administration must be development-oriented. (d) Services must be provided impartially, fairly, equitably and without bias.”

The Registrar's conduct, Hanekom's silence, and the Judge Presidents' inaction violate every one of these principles.

13. POPIA BREACH – ARMSTRONG v CITY OF CAPE TOWN DATA LEAK

The Undisputed Fact

On 10 April 2026 at 09:32, Registrar Tsakani Soundy transmitted the stamped court documents of a third party – Peter Armstrong v City of Cape Town – to the Applicant as purported “proof” of his own filing.

Legal Position – Section 8 of POPIA

“A responsible party must, prior to processing the personal information of a data subject, ensure that the data subject is aware of: (a) the information being collected; (b) the purpose for which it is being collected; (c) whether the supply of the information is voluntary or mandatory; (d) the consequences of failure to provide the information; (e) the recipients of the information; (f) the right of access to and correction of the information; (g) the right to object to the processing of the information.”

The Breach

- Unauthorised disclosure of another litigant’s confidential judicial records.
- Provision of false confirmation of filing.
- Exposure of the third party’s identity without consent.

Forensic Implication

This was not a technical error. This was a direct violation of Section 8 of POPIA. The Information Regulator must be notified and must investigate.

14. JUDICIAL CONDUCT – THE “AMBULANCE AT THE COURTHOUSE” PRINCIPLE

The 25 March 2026 High Court Hearing

The Applicant appeared before Judge Anderson in Case No: 2026-066952 under conditions of documented extreme psychological duress.

The Unauthorized Representative

An Advocate attended the proceedings without the Applicant’s mandate and unilaterally assumed conduct of the matter. The direct consequence of this unauthorized intervention was that the matter was struck from the roll with a punitive Scale C costs order against the Applicant. This same Advocate was thereafter removed from the Judge’s chambers and placed under 72-hour involuntary psychiatric observation – an outcome the Court witnessed in real time.

The “Ambulance at the Courthouse” Principle

A court of law may not base a punitive order upon the conduct of a party’s purported representative when that representative was, at the material time, in an acute state of psychiatric crisis – a crisis the Court itself witnessed and was thereby placed on legal notice of.

The Applicant’s Position

The Applicant is a specialist registered nurse with 16 years of clinical governance experience. He identifies the Advocate's conduct on 25 March as consistent with acute mental decompensation. The resulting costs order was therefore granted on the basis of legally tainted conduct and is voidable on that ground alone.

Forensic Implication

The punitive costs order (Scale C) was granted based on the conduct of a representative who was in a state of psychiatric crisis – a fact the Court witnessed. The order is voidable. The audio recording is essential to establish this fact.

JSC Complaint – 9 July 2026 – Wilbur William Matthee (Sr.)

NOTICE OF ADMINISTRATIVE DEFAULT AND FINAL DEMAND

Ref: EH/JO/2026/003 | 01 July 2026

TO:

The Honourable Judge President, Labour Court of South Africa (Cape Town)

The Honourable Judge President, High Court of South Africa (Western Cape Division)

Director Ruanne David, Office of the Chief Justice (Director of Court Operations)

The Registrar(s), Labour Court & High Court (Western Cape)

DATE: 01 July 2026
FROM: Wilbur William Matthee | EthicHawks Forensic Governance & Compliance Consultancy
REF: EH/JO/2026/003 | EthicHawks Final Closure Report (23 June 2026)
SUBJECT: **FORMAL NOTICE OF ADMINISTRATIVE DEFAULT AND FINAL DEMAND – SYSTEMIC FAILURE TO EXECUTE STATUTORY DUTIES**

1. INTRODUCTION

This notice serves as a formal declaration of administrative default. Despite prior escalations, specifically the Formal Escalation (Ref: EH/JO/2026/003), this office remains in receipt of zero substantive responses from the respective Registrars or the offices of the Judge Presidents regarding the matters enumerated in the EthicHawks Final Closure Report (23 June 2026).

2. THE DEFAULT

The Registry's failure to acknowledge filings, specifically the Unilateral Pre-Trial Minute in Case No: 2026-083299, and the failure to provide the requested audio recordings, constitutes a functional denial of the right of access to courts as guaranteed under Section 34 of the Constitution of the Republic of South Africa.

NON-DISCRETIONARY DUTY	Under Labour Court Rule 16(1), the Registrar's duty to enrol matters is mandatory and non-discretionary. The Registrar has no authority to substitute procedural preference for the imperative wording of the Rules.
SYSTEMIC FAILURE	The "ghost notifications" and admitted system challenges, as acknowledged by Director Ruanne David on 22 June 2026, do not absolve the Registry of its constitutional duty to ensure a functional, fair, and accessible judicial process.

3. FINAL DEMANDS

Given the ongoing silence and the absence of any substantive engagement, this notice provides a final period of five (5) court days from the date of receipt for the following actions to be completed:

1. **ENROLMENT:** Immediate enrolment of Case No: 2026-077546 on the Unopposed Roll for default judgment in terms of Labour Court Rule 16(1).
2. **ACKNOWLEDGMENT:** Written confirmation of receipt and placement of the Unilateral Pre-Trial Minute (Case No: 2026-083299) before a Judge for case management directives.
3. **DISCLOSURE:** Provision of the official audio recordings for the High Court proceedings of 25 March 2026 (Case No: 2026-066952) and 16 April 2026 (Case No: 2026-086906), as requested on 26 March 2026 and 03 June 2026 respectively.
4. **RECTIFICATION:** Substantive written response to the Formal Escalation (EH/JO/2026/003) from the offices of the respective Judge Presidents.

⚠ FIVE-DAY DEADLINE

All demands must be fulfilled within five (5) court days of receipt of this notice.
Non-compliance will be treated as an admission of institutional obstruction.

4. CONSEQUENCES OF NON-COMPLIANCE

Failure to rectify these administrative defaults within the stipulated five-day period will be treated as an admission of institutional obstruction. The following escalations will proceed immediately and without further notice:

- **JUDICIAL SERVICE COMMISSION (JSC):** Formal complaint regarding the dereliction of administrative and judicial oversight duties by court officials and the Judge Presidents of both the Labour Court and High Court (Western Cape Division).
- **PARLIAMENTARY PORTFOLIO COMMITTEES:** Presentation of the Consolidated Forensic Oversight Report to the Portfolio Committee on Justice and Constitutional Development, the Portfolio Committee on Employment and Labour, and the National Speaker of Parliament, documenting the failure of the justice system to provide basic administrative due process to a self-represented litigant.
- **INFORMATION REGULATOR:** Formal complaint reporting the POPIA breaches and data integrity failures, including the unauthorised disclosure of third-party judicial documents (Armstrong v City of Cape Town) and the "ghost notification" system failures, as documented in the Final Closure Report.

This list of escalations is not exhaustive. Further referrals to the South African Human Rights Commission (Section 9 and Section 34 violations) and the Legal Practice Council (conduct of Deneys Reitz Inc.) will proceed in parallel.

GOVERN YOURSELVES ACCORDINGLY.

Dear Registrar / Case Management Officer,

LOGGING OF FORMAL COMPLAINT IN TERMS OF THE PROTECTION OF PERSONAL INFORMATION ACT (POPIA) AND THE PROMOTION OF ACCESS TO INFORMATION ACT (PAIA)

Particulars of the Complainant

Full Name: Wilbur William Matthee (Sr.)

Professional Status: Specialist Registered Nurse / Director: Ethic Hawks Forensic Governance & Compliance

Contact Details: 069 635 1435

Purpose of This Submission

This submission constitutes a formal dual complaint filed under the prescribed Form 5 regulatory frameworks. It addresses severe, unmitigated processing failures of special personal information belonging to an unrelated third party, structural system data integrity failures, and a persistent refusal to grant access to critical personal record infrastructure.

Summary of Material Infractions

Complaint 1: Unauthorized Disclosure of Third-Party Special Personal Information (Sections 8, 9, & 26 of POPIA)

The unlawful transmission of a stamped court file belonging to an unrelated third party (Daniel Armstrong), which contains explicit clinical psychiatric and medical diagnoses (including Bipolar II and early vascular dementia). Despite immediate notification to the registry alerting them to the leak, the responsible party has failed to execute mandatory data-breach protocols or remediation steps.

Complaint 2: Failure to Maintain Security & Data Integrity (Section 19 of POPIA)

The ongoing processing of inaccurate, corrupted, and contradictory file indices, characterized by automated system "ghost notifications" that actively prejudice current legal proceedings and file management.

Complaint 3: Deemed Refusal of Personal Records (Section 23 of POPIA & PAIA)

The deliberate, prolonged suppression and refusal to grant access to official digital audio records of administrative and procedural proceedings, constituting a statutory deemed refusal.

Electronic Signature & Statutory Validity (ECTA Anchor)

Take notice that the accompanying Formal Declaration in Lieu of Physical Commissioning is executed under Section 13 of the Electronic Communications and Transactions Act (ECTA), Act 25 of 2002. Due to severe financial attrition directly caused by the institutional and corporate retaliation under investigation, physical commissioning is practically impossible. This digital affirmation carries full regulatory and legal weight.

Index of Compliant Evidence Dossier

The formal complaint is supported by the following consolidated exhibits, organized for structural integrity:

Prescribed Form 5: Completed POPIA/PAIA Complaint Form.

Annexure A1: Formal notification log to the registry regarding the third-party data leak.

Annexure A2: Evidence exhibit of the exposed third-party special personal information (Armstrong record).

Annexures A3 – A10: Comprehensive email chains, system logs of automated ghost notifications, and formal record requests demonstrating the deemed refusal.

Please acknowledge receipt of this submission and allocate a formal case reference number at your earliest convenience. Due to the ongoing exposure of sensitive medical histories belonging to a vulnerable third party, expedited prioritization is respectfully requested.

Yours faithfully,
Wilbur Matthee

JSC Complaint – 9 July 2026 – Wilbur William Matthee (Sr.)

FORMAL COMPLAINT TO THE INFORMATION REGULATOR (SOUTH AFRICA)

Systemic Non-Compliance with POPIA and PAIA by the Office of the Chief Justice

Complainant: Wilbur William Matthee
Respondent: Office of the Chief Justice (OCJ) / The Labour Court & High Court (Western Cape Division)
Date: 9 July 2026
Subject: Formal Complaint regarding Systemic Non-Compliance with POPIA and PAIA

1. Purpose of Submission

This complaint is lodged against the Office of the Chief Justice (OCJ) for systemic administrative failures that constitute a severe interference with the protection of personal information (POPIA) and the promotion of access to information (PAIA). The conduct of registry officials — spanning data breaches, system integrity failures, and suppression of judicial records — has created a functional obstruction of justice, denying a self-represented litigant access to accurate personal and procedural data.

2. Jurisdiction

The Information Regulator has exclusive jurisdiction to investigate:

- Unauthorised Processing & Disclosure (Sections 8, 9, 26, 74 of POPIA).
- Data Integrity & Quality Failures (Section 19 of POPIA).
- Denial of Access to Personal Records (Section 23 of POPIA and PAIA).
- Systemic Security Compromises (Section 22 of POPIA).

3. Summary of Systemic Breaches

#	Complaint	Responsible Official	Breach of Law	Core Incident
1	Unauthorised Disclosure	Registrar Tsakani Soundy	Sec 8, 9, 26, 74	Transmitted third-party medical/psychiatric records (Armstrong v City of Cape Town) to an unauthorised party on 10 April 2026.
2	Data Integrity Failure	Director Ruanne David	Sec 19, 22	“Ghost Notification” system generates false hearing dates. Formal admission of system defects on 22 June 2026, yet failure to remediate.
3	Suppression of Personal Records	Acting Chief Registrar N. Hanekom	Sec 23 / PAIA	Withholding of official audio recordings (personal data) requested since 26 March 2026, preventing verification of proceedings.
4	Procedural Gatekeeping	Registrar Farzaana Ismail	Sec 19 / PAIA	Manufacturing non-existent procedural requirements (e.g. “referral certificate”) to create contradictory official records and delay adjudication.

4. Urgent Relief Sought

- An urgent investigation into the OCJ's data handling and automated notification systems.
- A directive for preservation of evidence (digital audit trails, audio recordings).

-
- A remediation order requiring the OCJ to correct official indices and provide accurate data to the Complainant.
 - Protection from retaliation regarding the Complainant's constitutional obligations to report systemic failures to Parliament.

Formal Declaration in Lieu of Physical Commissioning

To: The Information Regulator (South Africa)

Regarding: Formal Complaint of Systemic Governance Failure

Date: 9 July 2026

I, the undersigned Wilbur William Matthee, do hereby declare as follows:

- The contents of this formal complaint and its accompanying annexures are true, correct, and within my personal knowledge.
- This document is electronically signed and authenticated in terms of Section 13 of the Electronic Communications and Transactions Act, 2002.
- I state under penalty of perjury that this file has not been physically printed or processed before a traditional Commissioner of Oaths due to absolute, severe financial impossibility and physical destitution.
- This destitution is not an organic state of affairs; it is the direct, intended consequence of the unlawful corporate retaliation, systemic UI-19 statutory fraud, and bad-faith litigation attrition documented inside this very complaint.
- The Respondents' ongoing blockade of my statutory safety nets has intentionally stripped me of the financial means to print legal paper or secure transport to a physical station for commissioning.
- To reject this digital, electronically signed submission on the basis of a lack of a physical ink stamp would be to permit the perpetrators of institutional fraud and administrative malfeasance to use the financial ruin they inflicted on a whistleblower as a shield against regulatory oversight.

Signed at Cape Town on this 9th day of July 2026.

**Electronically Signed:**

Detailed Complaints

Complaint 1: Unauthorised Disclosure of Third-Party Special Personal Information (Registrar Tsakani Soundy)

Date of Incident: 10 April 2026 (09:32)

Responsible Official: Registrar Tsakani Soundy (TSoundy@judiciary.org.za)

The Incident:

On 10 April 2026, Registrar Soundy transmitted the complete, stamped court file of a third party — Daniel Armstrong v City of Cape Town (Case No: 2026-080903) — to me via email. The file contained:

- Full name and identity.
- Detailed medical diagnosis (Bipolar II Disorder, early vascular dementia).
- Psychiatric reports and employment disciplinary records.
- Confidential family circumstances.

Aggravating Factor:

On 5 May 2026, Registrar Soundy explicitly assumed manual control of my document uploading process (Case No: 2026-077546). By taking manual control, she accepted operational responsibility for the accuracy, integrity, and security of filings. This makes her simultaneous failure to secure the Armstrong records a direct breach of her duty of care.

Legal Breaches:

- Section 8 & 9: Processing and disclosing personal information without the data subject's consent and without a lawful purpose.
- Section 26: Failure to secure the confidentiality of sensitive (special) personal information.
- Section 74: Interference with the protection of personal information.

Impact:

This disclosure exposed a vulnerable third party (Mr Armstrong) to potential stigma and violated his right to privacy. It also demonstrates a systemic disregard for data security protocols within the registry.

Evidence: Email from Tsakani Soundy (10 April 2026); Attached Armstrong Statement of Claim.

Complaint 2: Systemic Data Integrity Failure – “Ghost Notification” System (Director Ruanne David)

Date of Incident: 18 June 2026 (Admitted by OCJ on 22 June 2026)

Responsible Official: Director Ruanne David (RDavid@judiciary.org.za)

The Incident:

On 18 June 2026 at 10:55, I received an official SMS notification from the OCJ confirming a hearing date. A cross-verification audit of the OCJ Portal and CaseLines confirmed that no such hearing exists in the official court record.

Official Admission:

On 22 June 2026 at 13:53, Director Ruanne David formally admitted:

“the courts are experiencing challenges with the Court online system and our National Office are working on it. This could account for some of the messages you are receiving on your phone and e-mail.”

Legal Breaches:

- Section 19: Failure to maintain the integrity and accuracy of personal information. The automated system processes factually incorrect procedural data.
- Section 22: Failure to notify data subjects of a security compromise affecting their personal information.
- Section 74: Interference with the right to accurate data processing.

Failure to Remediate:

Despite formal acknowledgment of the system defects, the OCJ has taken no corrective action. The “ghost notification” persists, forcing me to constantly cross-verify official correspondence against physical records — creating an unjustifiable administrative burden and causing severe psychological strain. This fundamentally undermines the trust required for a litigant to participate effectively in court proceedings.

Evidence: Screenshot of SMS (18 June 2026); Email from Director David (22 June 2026).

Complaint 3: Denial of Access to Personal Records – Suppression of Audio Evidence (Acting Chief Registrar Nicola Hanekom)

Date of Incident: Formal requests made 26 March 2026 & 03 June 2026 (deemed refusal as of current date).

Responsible Official: Acting Chief Registrar Nicola Hanekom (NHanekom@judiciary.org.za)

The Incident:

I submitted formal, urgent requests for the official digital audio recordings of High Court proceedings in which I was a litigant (Case No: 2026-066952 and 2026-086906). These recordings contain my personal voice, testimony, and representations.

Official Response (or lack thereof):

Acting Chief Registrar Hanekom has acknowledged receipt of these requests (read receipts) but has failed to provide the recordings or even respond substantively. This constitutes a deemed refusal under PAIA.

Mischaracterisation Tactic:

When I followed up, the Registrar's office attempted to reclassify the correspondence as “Labour Court” communications — a demonstrably false assertion — to evade processing the request.

Legal Breaches:

- Section 23 of POPIA (read with PAIA): Failure to provide a data subject with access to their own personal information held by a responsible party.
- Section 74: Obstruction of access to personal information necessary to protect legal interests and prevent misrepresentation.

Impact:

The audio recordings are the sole objective evidence required to verify the mechanics of the 25 March 2026 hearing (where a punitive Scale C costs order was granted) and the misrepresentation to The Speaker of the National Assembly. Withholding this evidence prevents me from challenging that order and prevents accurate reporting to parliamentary oversight committees, thereby facilitating potential misrepresentation of proceedings to external constitutional bodies.

Evidence: Audio Request email (26 March 2026 & 03 June 2026); Read receipts; Escalation correspondence.

Complaint 4: Procedural Obstruction and Misrepresentation of Official Records (Registrar Farzaana Ismail)

Date of Incident: Contradictory positions issued 12 May 2026 vs. 10 June 2026 (ongoing).

Responsible Official: Registrar Farzaana Ismail (Flsmail@judiciary.org.za)

The Incident:

Registrar Ismail has created a contradictory and inaccurate official record regarding the status of my matter (Case No: 2026-077546):

- On 12 May 2026: The Registrar explicitly confirmed that my matter was on the registry “backlog” and awaiting allocation — confirming procedural compliance.
- On 10 June 2026: The Registrar radically pivoted, inventing a non-existent requirement for a “referral certificate” that was never previously required, thereby manufacturing a procedural barrier to adjudication.

Legal Breaches:

- Section 19: Processing and maintaining inaccurate, contradictory personal information. The official file now contains conflicting statuses that prejudice the Complainant.
- Section 23 / PAIA: Denial of access to an accurate, reliable official record, creating administrative uncertainty that prevents the monitoring of legal proceedings.
- Section 74: Interference with administrative due process by exceeding statutory authority to create arbitrary barriers.

Impact:

This shifting narrative is not indicative of administrative error; it constitutes a calculated gatekeeping tactic designed to delay adjudication. The Respondent has exceeded her administrative authority, undermined the principle of access to justice, and willfully obstructed the judicial process.

Evidence: *Correspondence Log (12 May & 10 June 2026); Formal Escalation (EH/JO/2026/003).*

Context of Protected Disclosures & Whistleblower Protection

The Complainant is a Specialist Nurse with 16 years of clinical governance experience and the Founder of EthicHawks Forensic Consultancy.

Pursuant to Section 8 of the Protected Disclosures Act (PDA), the Complainant has made protected disclosures regarding systemic regulatory failures, patient safety risks, and governance gaps affecting 1.9 million medical scheme beneficiaries and the National Health Insurance (NHI) architecture. These disclosures for submission to the Speaker of Parliament and relevant Portfolio Committees — a right expressly protected under Sections 55(2) and 56 of the Constitution.

The OCJ's refusal to release accurate records (audio recordings and accurate case statuses) directly hinders the Complainant's ability to verify factual assertions for these parliamentary submissions. This suppression of data exposes the Complainant to retaliatory litigation (specifically, contempt proceedings instituted by Afrocentric Investment Corporation), which seeks to characterise statutory parliamentary oversight as a breach of a High Court interdict now seeking my imprisonment.

The Complainant formally submits that:

- A court order cannot be weaponised to suppress protected disclosures made in the public interest.
- The Information Regulator is empowered to protect whistleblowers from victimisation arising from the reporting of systemic non-compliance.
- The failure of the OCJ to provide accurate data is directly facilitating this retaliation by depriving the Complainant of the evidentiary foundation required to defend his constitutional rights.

Prayer for Relief (Formal Remedy Sought)

WHEREFORE, the Complainant respectfully requests that the Information Regulator:

- Initiate an Urgent Investigation into the OCJ's data handling, notification systems, and registry practices as outlined in this complaint.
- Issue a Preservation Directive ordering the OCJ to preserve all digital audit trails, electronic correspondence, and audio recordings related to Cases 2026-066952, 2026-086906, 2026-077546, and 2026-083299.
- Direct Immediate Remediation requiring the OCJ to provide the requested audio recordings within 5 working days; confirm in writing the correct, accurate status of Case No: 2026-077546; and rectify the “ghost notification” system to ensure data integrity.
- Facilitate Regulatory Mediation to clarify the OCJ's statutory obligations under POPIA/PAIA, ensuring that civil litigation is not used to silence the reporting of systemic governance failures.
- Exercise Protective Authority to shield the Complainant from retaliation arising from these protected disclosures, ensuring that the constitutional right to engage with Parliament is not unlawfully obstructed.

Dear Ms. Soundy,

Thank you for your email.

Please note that the court document provided appears to be inaccurate, as it refers to a matter involving David Potgieter and the City of Cape Town rather than my own.

I have attached my statement of claim, which I shared with you yesterday morning. I have ensured that this attachment includes the complete bundle of documents required for filing.

Kind regards,

STATEMENT OF CLAIM

IN THE LABOUR COURT OF SOUTH AFRICA (HELD AT CAPE TOWN)

Case Number: _____

In the matter between:

DANIEL ARMSTRONG Applicant

and

CITY OF CAPE TOWN Respondent

1. THE PARTIES

1.1 The Applicant is Daniel Armstrong, an adult male, previously employed as a Senior Clerk in the Recreation and Parks Department, with approximately 15 years of service.

1.2 The Respondent is the City of Cape Town, a municipality and employer.

1. JURISDICTION

2.1 This Honourable Court has jurisdiction in terms of section 50 of the Employment Equity Act and section 157 of the Labour Relations Act.

2.2 The dispute was referred to the CCMA under case number WECT21991-25 and remains unresolved. A Certificate of Outcome was issued on 15 January 2026.

2.3 On 31 October 2025, Commissioner Hanekom issued a ruling under the same case number. Having perused the facts and the Applicant's medical condition, the Commissioner identified that the dispute constitutes a claim of unfair discrimination under the Employment Equity Act, falling within the jurisdiction of the CCMA and this Honourable Court (see Annexure A1).

1. NATURE OF THE DISPUTE

3.1 This is a claim for unfair discrimination on the basis of disability.

3.2 The Respondent:

3.2.1 Failed to accommodate the Applicant's disability;

3.2.2 Treated medical incapacity as misconduct;

3.2.3 Created a hostile and humiliating work environment;

3.2.4 Ignored medical evidence, including confirmation from the Respondent's Occupational Medical Practitioner that sufficient information existed to initiate an incapacity process (Annexure B1), thereby worsening the Applicant's condition;

3.2.5 Disregarded medical advice that the Applicant's condition would deteriorate without a transfer.

3.3 The Applicant submits that the Respondent's conduct, including disciplining the Applicant instead of following an incapacity process, was directly linked to the Applicant's disability. The Respondent failed to reasonably accommodate the Applicant's condition and instead treated the consequences of the disability as misconduct, thereby constituting unfair discrimination on the basis of disability.

1. MEDICAL CONDITION AND EMPLOYER KNOWLEDGE

4.1 The Applicant has been under psychiatric care since 2016.

4.2 The Applicant suffers from Bipolar Disorder II and early vascular dementia, confirmed by MRI on 14 May 2024.

4.3 Medical specialists, including Dr Judy Ludwick and Dr Anton Krüger, recommended a transfer to a lower-stress environment (Annexures C1, K1).

4.4 The Respondent was aware of the Applicant's condition through medical reports and correspondence.

4.4.1 The Respondent's knowledge is further evidenced by correspondence and medical documentation submitted by the Applicant (Annexures B1, E1, F1, H1, J1, K1).

4.5 On 7 January 2025, the Respondent's Occupational Medical Practitioner, Dr Wayne Jones, confirmed that sufficient information existed for an incapacity assessment (Annexure B1).

4.6 Despite this, the Respondent failed to follow an incapacity process.

4.7 The Applicant was medically certified unfit for work from 23 December 2024 to 7 January 2025 due to illness, including psychosis (Annexure F1).

4.7.1 During this period, the Applicant experienced severe psychological distress, which was not treated as a medical incapacity but instead resulted in disciplinary action.

4.8 Despite this evidence, the Respondent disciplined the Applicant for absence during this medically certified period.

4.9 The Applicant was further advised by Dr Huwge that he should not return to work due to his condition (Annexure J1).

1. HARASSMENT AND HOSTILE WORK ENVIRONMENT

5.1 On 9 November 2021, the Applicant was publicly humiliated in a workplace WhatsApp group referred to as “Toilet Kakkers” (Annexure D1).

5.2 The Applicant was subjected to derogatory and humiliating conduct, as evidenced in WhatsApp communications (Annexure D1).

5.3 Superintendents engaged in intimidation and isolation, mocking the Applicant’s disability.

5.4 The Applicant’s manager stated that she did not trust him.

5.5 This conduct impaired the Applicant’s dignity and created a hostile working environment.

1. FAILED INTERNAL RESOLUTION

6.1 The Applicant attempted to resolve the matter internally via HR and the Head of Labour Relations, Matthew Le Grange.

6.2 These requests were ignored or not properly addressed (Annexure H1).

6.3 The Applicant’s union also failed to provide necessary assistance (Annexure M1).

1. DISCIPLINARY IRREGULARITIES

7.1 The Respondent pursued disciplinary action instead of incapacity support.

7.1.1 Despite the existence of medical evidence and recommendations supporting incapacity management (Annexures B1, C1, F1, J1, K1), the Respondent proceeded with disciplinary action instead of following an incapacity process.

7.2 The Respondent has failed or refused to provide verbatim minutes of the hearing, severely prejudicing the Applicant.

7.3 The Applicant respectfully requests that the Respondent be directed to provide the full hearing record (Annexure I1).

7.3.1 The Applicant notes that the Respondent referred him to an internal process to obtain the record; however, the Applicant elected to seek the record through external channels to avoid further delay and prejudice, given the Respondent’s prior conduct and lack of cooperation.

7.4 The Applicant was found guilty, received an 8-day unpaid suspension, and was warned not to rely on his medical condition (Annexure G1).

7.5 The Applicant was placed on unpaid sick leave after exhausting his sick leave, followed by authorised unpaid leave, resulting in a complete loss of income for January, further prejudicing the Applicant.

1. FAILURE TO ACCOMMODATE

- 8.1 No reasonable accommodation, transfer, or adjustment of duties was made.
- 8.2 This failure occurred despite repeated disclosures and requests for assistance and accommodation by the Applicant (Annexures E1, H1, L1).
- 8.3 The Respondent refused to assist with obtaining a specialist report, even where the Applicant offered to pay via salary deduction (Annexure E1).

1. FAMILY TRAUMA AND DISREGARD

9.1 On or about the date of an incident involving the Applicant's 15-year-old daughter being a victim of a violent mugging, the Applicant requested emergency leave or, alternatively, permission to work from home (Annexure L1).

- 9.2 The Respondent's manager refused this request, demanding an EAP reference number instead of providing support.
- 9.3 The Applicant escalated the matter to the Head of Labour Relations, Matthew Le Grange, seeking a reasonable solution.
- 9.4 No response was received.
- 9.5 This conduct worsened the Applicant's medical condition and impaired his dignity.

1. SELF-REPRESENTED LITIGANT STATUS

- 10.1 The Applicant appears in person, having been unable to secure pro bono legal assistance.
- 10.2 The Applicant has prepared these documents to the best of his ability, without the benefit of formal legal training.

1. RELIEF SOUGHT

- 11.1 Compensation equivalent to 12 months' remuneration, being R332,774.00.
- 11.2 Damages for impairment of dignity and emotional harm arising from the Respondent's conduct.
- 11.3 Repayment of the 8-day unpaid suspension (approximately R911.71 per day).
- 11.4 Payment of remuneration lost during the period of unpaid sick leave and authorised unpaid leave.
- 11.5 Further and/or alternative relief as this Honourable Court deems fair and equitable.
- 11.6 Costs of suit, in the event that the Respondent opposes this claim.

Good day Sir

From what I have seen from the correspondence and my conversation with the Registrar at the Labour Court.

It seems you have not followed the correct court process. The registrar indicates that she has informed you that you should have done a referral and not an application.

The Registrar shall however, refer your matter to a Judge for a directive, in light of the fact that you are not willing to accept her procedural explanation.

Kindly note the courts are on recess, so a response from the Judiciary may be delayed.

Please note that the courts are experiencing challenges with the Court online system and our National Office are working on it. This could account for some of the messages you are receiving on your phone and e-mail.

NB. The High Court and Labour Court have different jurisdictions. This matter is not as far as I can tell for the Judge President of the High Court.

Thanking you.

Attention:

The Honourable Judge President, Labour Court of South Africa (Cape Town)

The Honourable Judge President, High Court of South Africa (Western Cape Division)

Dear Director David / Honourable Judge Presidents,

This email serves as formal notice of continued administrative malfeasance regarding my Cases.

This notice follows my previous formal escalation, EH_JO_2026_003_FormalEscalation, which detailed the systemic administrative obstruction and registry malfeasance currently impacting this matter.

Despite being on formal notice, the registry has engaged in further procedural irregularity.

On Thursday at 10:55 the 18 of June 2026, I received an SMS notification regarding a hearing date. A cross-verification audit of the OCJ Portal and CaseLines confirms that no such notification or hearing schedule exists within the official record.

This constitutes a "ghost notification" designed to create operational uncertainty and appears to be a continuation of the deceptive practices previously reported to your offices.

Notice of Intent:

Given that the grace period for rectification regarding the matters raised in EH_JO_2026_003_FormalEscalation has expired, I am currently finalizing the formal complaint for submission to the Information Regulator. This complaint will formally implicate this office for:

Persistent breach of administrative due process.

Data integrity failures and the transmission of unauthorized documentation.

Willful negligence in failing to rectify known registry irregularities.

This notice is provided to ensure the record reflects that administrative accountability rests with the heads of these jurisdictions.

Govern yourselves accordingly.

DATE: 09 June 2026

REF: EH/JO/2026/003 – FORMAL ESCALATION: SYSTEMIC ADMINISTRATIVE OBSTRUCTION, REGISTRY MALFEASANCE, AND JUDICIAL CONDUCT

1. PURPOSE

This memorandum serves as a formal escalation to the Judge Presidents regarding a systemic breakdown of administrative compliance and judicial conduct within your respective divisions. Because the offices of the Registrars have completely and utterly failed to execute their statutory duties, administrative accountability now vests directly with the heads of these jurisdictions. As a self-represented whistleblower in a state of documented financial destitution, I am holding this office accountable for a coordinated "litigation by attrition" strategy that has brought my well-being to a state of near-total collapse.

2. THE CAUSAL NEXUS OF INSTITUTIONAL FAILURE

It is imperative to review this matter not as isolated grievances, but as a linear progression of institutional harm where the failures of one court directly forced the crisis in the next. There is a direct causal nexus between the Labour Court's initial obstruction and my subsequent appearance before Judge Anderson in the High Court. Because the Labour Court registry remained institutionally silent and failed to allocate a case number for 28 days during a documented destitution emergency, I was left stripped of the urgent protection the law provides. This administrative refusal to perform a statutory duty was the proximate cause that forced me, under conditions of extreme psychological duress and medical vulnerability, to seek emergency relief before the High Court (Case No: 2026-066952).

3. JUDICIAL CONDUCT AND THE "AMBULANCE AT THE COURTHOUSE" PRINCIPLE

My forced appearance before the High Court resulted in a profound experience of institutional betrayal, characterized by an adversarial temperament and a failure to protect a vulnerable litigant:

The "Ambulance at the Courthouse" (25 March 2026):

During the hearing before Judge Anderson, the presiding Judge expressed an on-record frustration with my Practice Note, stating her patience had "deteriorated." Concurrently, the Court allowed an advocate to intrude upon my representation without a mandate, despite my disclosed PTSD. This individual's conduct was visibly consistent with an acute mental health crisis, and she was admitted for 72-hour involuntary psychiatric observation at Somerset Hospital immediately following the hearing — an outcome the Court witnessed in real-time directly from chambers. Despite the evident invalidity of this representative's conduct, the Court issued a Scale C punitive costs order against

me. This outcome — derived from an institutional failure to recognize a medical emergency — functioned as a weaponized financial barrier exceeding 100% assurance of destitution: a tax bill of above R100 000,00 to an already destitute litigant.

Performative Benevolence (April 2026 Anticipation Hearing):

Following the 25 March proceedings, I appeared for a 24-hour notice of anticipation in April 2026. During this hearing, the presiding Judge adopted a tone of performative benevolence, publicly remarking that the Court should be "lenient" and "provide a helping hand" to me as a destitute litigant. This statement — which functioned as a mockery of the Court's duty to assist — was immediately followed by a judicial outcome based on a document already before the court but not in my file, that resulted in the summary dismissal of my matter.

4. ADMINISTRATIVE OBSTRUCTION AND SYSTEMIC GOVERNANCE BREACHES

The administrative failures within both registries have escalated from structural incompetence into a deliberate compromise of institutional governance and data integrity:

Labour Court Obstruction:

My matter (Case No: 2026-077546) has been ripe for adjudication since 29 April 2026, yet Registrar Farzaana Ismail maintains a policy of absolute administrative silence. Electronic read receipts confirm that my "URGENT SECOND FOLLOW-UP" was read by Registrar Ismail on 09 June 2026 at 14:36, yet she continues to withhold necessary administrative action.

High Court Record Suppression:

Acting Chief Registrar Nicola Hanekom has failed to provide essential audio evidence for Case No: 2026-066952 and Case No: 2026-086906, effectively suppressing the primary record required to move forward with my Rule 42 Rescission application and for the evidence record.

Misrepresentation of Official Records:

Crucially, these failures are compounded by a severe governance breach: the deliberate misrepresentation of my official filing records to the Director of Court Operations, Mrs. Ruanne David. By misreporting the timeline and status of my filing to executive leadership, the administrative staff have actively manipulated the court's official indices to shield the registry from accountability, creating a false impression of non-compliance on my part.

Statutory Data Breach (POPIA):

This administrative lawlessness is further evidenced by a severe privacy violation, wherein the registry committed a documented POPIA breach by transmitting unauthorized, third-party *Armstrong v City of Cape Town* documentation to me.

5. NOTICE OF OVERSIGHT

This escalation is simultaneously transmitted to the Parliamentary Portfolio Committee on Justice and Correctional Services (Attn: Adv. Vamaano / Mr. Mthonjeni). This oversight body is already in possession of the extensive chain of correspondence detailing these administrative mutations, the failures of the court's service provider (Inlexso), and the ongoing erosion of statutory compliance within these jurisdictions.

6. FORMAL REMEDY AND REGULATORY NOTICE

Because the Registrars have completely defaulted on their responsibilities, I respectfully demand the immediate intervention of the Judge Presidents to ensure:

Administrative Compliance:

An immediate directive to the Registrars to accurately update the court indices and provide the long-overdue administrative outcomes.

Forensic Investigation:

An independent forensic review into the misrepresentation of records to the Director of Court Operations, Mrs. Ruanne David, and the tracking failures of the registry.

Procedural Rectification:

That I be afforded the full procedural latitude mandated by the Biowatch framework for self-represented, vulnerable litigants, ensuring I am no longer penalized for administrative failures entirely attributable to the state.

7. POPIA REMEDIATION AND REGULATORY ESCALATION

Given the documented POPIA breach involving the Court's unauthorized transmission of third-party *Armstrong v City of Cape Town* documentation to me, I formally request a written explanation regarding this data compromise. Please be advised that unless this administrative breach is rectified and a formal remediation plan is provided, I will escalate this matter directly to the Information Regulator for a full statutory investigation into the Court's information security and privacy compliance.

Yours Faithfully,

1. EXECUTIVE SUMMARY

This report constitutes the final administrative closure notice regarding all matters between the Applicant and the Office of the Chief Justice. The record is complete. The evidence is immutable. This is the final interaction between the Applicant and the OCJ on these matters.

The facts are undisputed and proven by primary-source documents:

Finding	Evidence
Registrar Soundy personally uploaded the Applicant's Statement of Claim and BCEA application due to portal failures	Email: TSoundy@judiciary.org.za, 05 May 2026, 12:14
Registrar Ismail first acknowledged the matter was on the backlog (12 May 2026), then weeks later invented a procedural defect (10 June 2026)	Emails: FIsmail@judiciary.org.za, 12 May & 10 June 2026
Director David admitted the court's system failures cause erroneous notifications	Email: RDavid@judiciary.org.za, 22 June 2026, 13:53
The Applicant received a "ghost notification" for a non-existent hearing	Applicant's sworn affidavit, 18 June 2026
Acting Chief Registrar Nicola Hanekom has remained silent on the Applicant's urgent audio request (03 June 2026) – a request vital to prevent misrepresentation to the National Speaker of Parliament	Email: info@ethichawks.co.za to NHanekom, 03 June 2026; NO RESPONSE – read receipt
The Applicant filed a Unilateral Pre-Trial Minute in Case No: 2026-083299, which remains unacknowledged	Filing record; NO ACKNOWLEDGMENT – read receipt
The Judge Presidents of both the High Court and Labour Court have provided NO RESPONSE to the formal escalation (EH/JO/2026/003) transmitted on 09 June 2026	Email: RDavid@judiciary.org.za, 09 June 2026, 21:40; NO RESPONSE FROM JUDGE PRESIDENTS

The legal position is clear and unassailable:

- Labour Court Rule 16(1) mandates the Registrar to enrol unopposed default judgments. The Registrar's duty is non-discretionary.

- Administrative errors originating from the Registrar's office cannot prejudice the litigant (Munozohamba v Onelogix Linehaul, LC 2021).
- The Registrar's assistance in uploading documents shifts the onus entirely to the court.
- The High Court's silence on the audio request constitutes a functional denial of access to justice and a breach of Section 34 of the Constitution.
- The Judge Presidents' silence on the formal escalation constitutes a failure of judicial oversight and a dereliction of their constitutional duties.

This report closes all administrative engagement. The matter is now referred to:

- Parliamentary Oversight Committees – for oversight failure and misrepresentation to the National Speaker.
- The Information Regulator – for POPIA breaches.
- The Judicial Service Commission – for administrative malfeasance and judicial conduct.
- The South African Human Rights Commission – for constitutional violations.
- The Legal Practice Council – for opposing counsel's conduct (Denyes Reitz Inc.).

The record is complete. The evidence is immutable. The attrition ends here.

---------	---	---------------------------	----------------------------------

3. THE REGISTRAR'S CONTRADICTION – EVIDENCE OF MALFEASANCE

The Contradiction is Fatal to Her Defence

Registrar Ismail's First Position (12 May 2026)	Registrar Ismail's Second Position (10 June 2026)
"I have added your matter to the backlog"	"Your matter seems to be an application and not a referral"
"I will let you know if a date has been allocated"	"Do you perhaps have an outcome?"
No procedural objection raised	Procedural defect invented weeks later

Forensic Implication – The Questions That Cannot Be Answered

- If the matter was procedurally defective, why did she place it on the backlog for allocation on 12 May?
- If a referral certificate was required, why did she not raise this on 12 May when she first reviewed the file?
- If the matter was not properly before the Court, why did she not reject it immediately?

The Only Logical Conclusion

The procedural objection was manufactured after the fact to justify a delay that had already occurred. This is prima facie evidence of administrative malfeasance – a deliberate obstruction designed to delay a self-represented litigant's access to justice.

4. REGISTRAR SOUNDY'S UPLOAD – THE ONUS SHIFTS

The Undisputed Fact

On 5 May 2026 at 12:14, Registrar Tsakani Soundy wrote:

“Please send your login details and the documents, I will upload.”

The Applicant provided his login credentials. Registrar Soundy personally uploaded both the Statement of Claim and the BCEA application.

Legal Consequence

- The Registrar assumed responsibility for ensuring the documents were properly filed.
- Any filing deficiency or procedural confusion now rests squarely with the Registrar's office – not with the litigant.
- The Court cannot weaponise its own administrative intervention against the Applicant.

Case Law Support

“As a result of an administrative filing error at the office of the Registrar the opposing papers were not brought to my attention.”

– Munozohamba v Onelogix Linehaul (Labour Court, 2021)

If systemic failures are acknowledged by the Court, they cannot be used to prejudice a self-represented litigant who has complied with all procedural requirements.

The Inescapable Conclusion

The Registrar's personal intervention and subsequent failure to process the matter constitutes a breach of trust and a dereliction of duty. The onus is on the Court, not the litigant.

5. THE “GHOST NOTIFICATION” – OFFICIAL ADMISSION

The Undisputed Fact

On 18 June 2026 at 10:55, the Applicant received an SMS notification regarding a hearing date. A cross-verification audit of the OCJ Portal and CaseLines confirms that no such notification or hearing schedule exists within the official record.

Director David's Admission

On 22 June 2026 at 13:53, Director Ruanne David wrote:

“the courts are experiencing challenges with the Court online system and our National Office are working on it. This could account for some of the messages you are receiving on your phone and e-mail.”

Forensic Implication

- Official admission that the Court's electronic notification system is generating unauthorised and procedurally invalid communications.
 - This constitutes a “ghost notification” that creates operational uncertainty.
 - This is a breach of administrative due process and a data integrity failure under POPIA.
 - This is a breach of Section 34 of the Constitution – the right of access to courts.
-

6. ACTING CHIEF REGISTRAR HANEKOM'S SILENCE – COMPLICITY IN MISREPRESENTATION TO PARLIAMENT

The Undisputed Fact

On 3 June 2026 at 12:47, the Applicant submitted an urgent request to Acting Chief Registrar Nicola Hanekom for the official digital audio recording of the urgent motion court proceedings held before Acting Justice Mphego in Court 5 on 16 April 2026 (High Court Case No: 2026-086906).

As of the date of this report – 19 days later – Acting Chief Registrar Hanekom has not responded.

The Reason for the Request – Preventing Misrepresentation to Parliament

The Applicant's legal representatives, Deneys Reitz Inc., made specific factual assertions regarding the mechanics of that hearing in correspondence addressed to:

- The Honourable Speaker of the National Assembly – titled "AFR1282 Letter to Parliament 03.06.2026.PDF"
- The Applicant directly – titled "AFR1282 Letter to Matthee 03.06.2026.PDF"

The firm asserts that:

- At approximately 12:31 on 16 April 2026, the Applicant's signed and commissioned Answering Affidavit was transmitted to the court.
- Acting Justice Mphego formally adjourned the court proceedings specifically to read and consider the Applicant's Answering Affidavit prior to granting the interim rule nisi order.

Forensic Implication

- The audio recording is the sole objective mechanism available to confirm the exact timeline, judicial commentary, and statements made by the Applicant's counsel on that day.
- Hanekom's silence is a functional denial of the Applicant's right to access evidence vital to his defence and to prevent misrepresentation to external constitutional oversight bodies.
- This silence constitutes complicity in any misrepresentation that may occur to Parliament.
- This is a breach of Section 34 of the Constitution – the right of access to courts and to a fair hearing.

7. THE HIGH COURT AUDIO REQUEST – MISREPRESENTATION TO THE NATIONAL SPEAKER

The Constitutional Imperative

The Applicant's request for the audio recording is not a mere procedural formality. It is a constitutional imperative to:

- Protect the absolute integrity of the judicial record.
- Prevent any misrepresentation to external constitutional oversight bodies – specifically, the National Speaker of Parliament and the Portfolio Committee on Justice.
- Determine whether a material non-disclosure or procedural irregularity occurred.
- Verify the factual assertions made by Deneys Reitz Inc. to Parliament.

The Consequences of Silence

Acting Chief Registrar Hanekom's silence:

- Facilitates potential misrepresentation to Parliament.
- Denies the Applicant the opportunity to correct the record.
- Undermines the constitutional oversight function of Parliament.
- Constitutes a breach of the Applicant's Section 34 rights.

The Inescapable Conclusion

Hanekom's silence is not administrative delay – it is complicity in the suppression of evidence vital to parliamentary oversight. The National Speaker of Parliament must be informed of this suppression.

8. THE UNILATERAL PRE-TRIAL MINUTE – FILING & REQUEST

The Undisputed Fact

The Applicant has filed a Unilateral Pre-Trial Minute in Labour Court Case No: 2026-083299 (W.W. Matthee v Afrocentric Health (RF) (PTY) LTD & Another).

The filing requests that the matter be placed before a Judge for:

- Case management directives.
- Allocation of a hearing date.
- Determination of the merits of the Applicant's claim.

The Current Status

As of the date of this report, the Unilateral Pre-Trial Minute has not been acknowledged by the Registrar's office. Read receipt confirmed.

Forensic Implication

- The Respondent has failed to file any response.
 - The matter is ripe for judicial intervention.
 - The Registrar's failure to acknowledge the filing is further evidence of systemic administrative obstruction.
 - This is a breach of Section 34 of the Constitution.
-

9. THE FORMAL ESCALATION TO JUDGE PRESIDENTS (09 JUNE 2026) – JUDICIAL OVERSIGHT FAILURE

On 09 June 2026, the Applicant transmitted a Formal Escalation (EH/JO/2026/003) to:

- The Honourable Judge President, Labour Court of South Africa (Cape Town)
- The Honourable Judge President, High Court of South Africa (Western Cape Division)

The Escalation Documented:

- Systemic Administrative Obstruction: The Registrars' complete failure to execute statutory duties.
- Registry Malfeasance: Misrepresentation of official records to Director David.
- POPIA Breach: Unauthorised transmission of third-party documents.
- Judicial Conduct: The "Ambulance at the Courthouse" principle and the 25 March 2026 hearing.

Director David's Confirmation

On 09 June 2026 at 21:40, Director Ruanne David confirmed:

"Kindly note that your correspondence has been submitted to the respective Judge Presidents as requested."

Forensic Implication

The Judge Presidents were placed on formal notice on 09 June 2026. As of the date of this report – 13 days later – NO RESPONSE HAS BEEN RECEIVED.

This constitutes a failure of judicial oversight and a dereliction of constitutional duties by the heads of these jurisdictions.

10. LEGAL FRAMEWORK – THE REGISTRAR'S MANDATORY DUTY

Labour Court Rule 16(1)

“If no response has been delivered within the prescribed time period... the registrar must, on notice to the applicant(s), enrol a matter for judgment by default.”

Judicial Interpretation

“In terms of the Rules of the Labour Court it is the Registrar who enrolls matters. The Registrar is enjoined to do so as expeditiously as possible.”

– Mthembu v Unique Air (Labour Court)

The Registrar’s Duty is Non-Discretionary

The Registrar is not authorised to substitute procedural preference for the mandatory wording of the Rules. The insistence on a “referral” for a BCEA section 77A application is procedurally incorrect and constitutes a misrepresentation of the Rules.

11. THE “APPLICATION VS. REFERRAL” FALLACY – PROCEDURAL MISREPRESENTATION

Registrar Ismail’s Position (10 June 2026)

“Your matter seems to be an application and not a referral. An application for default judgment is done in the case of a referral (when you have a referral certificate).”

The Correct Legal Position

- The BCEA section 77A claim is a statutory application brought directly to the Labour Court.
- It does not require a CCMA referral certificate.
- The Applicant is entitled to default judgment under Rule 16(1) where no opposition has been filed.

The Registrar’s Error

The Registrar is conflating two distinct procedural mechanisms:

Mechanism	Requirement
LRA referrals	Require a CCMA certificate of non-resolution
BCEA statutory applications	Do not require a CCMA certificate

The Applicant's claim is brought under Section 77A of the BCEA, which is a direct application to the Labour Court. The Registrar's insistence on a referral certificate is procedurally incorrect and constitutes maladministration.

12. CONSTITUTIONAL VIOLATIONS – SECTIONS 9, 34, 195

Section 9 – Equality

"Everyone is equal before the law and has the right to equal protection and benefit of the law."

The Applicant, as a self-represented, destitute litigant with a documented disability (PTSD), has been treated differently from represented, financially resourced litigants. No reasonable accommodation has been made for his destitution or his status as an unrepresented person with a documented mental health condition.

Section 34 – Right of Access to Courts

"Everyone has the right to have any dispute that can be resolved by the application of law decided in a fair public hearing before a court or, where appropriate, another independent and impartial tribunal or forum."

The Registrar's obstruction – the manufactured procedural defect, the "ghost notification," the systemic delay, Hanekom's silence on the audio request, the failure to acknowledge the Unilateral Pre-Trial Minute, and the Judge Presidents' silence – constitutes a functional denial of this constitutional right.

Section 195 – Public Administration

"Public administration must be governed by the democratic values and principles enshrined in the Constitution, including: (a) A high standard of professional ethics must be promoted and maintained. (b) Efficient, economic and effective use of resources must be promoted. (c) Public administration must be development-oriented. (d) Services must be provided impartially, fairly, equitably and without bias."

The Registrar's conduct, Hanekom's silence, and the Judge Presidents' inaction violate every one of these principles.

13. POPIA BREACH – ARMSTRONG v CITY OF CAPE TOWN DATA LEAK

The Undisputed Fact

On 10 April 2026 at 09:32, Registrar Tsakani Soundy transmitted the stamped court documents of a third party – Peter Armstrong v City of Cape Town – to the Applicant as purported "proof" of his own filing.

Legal Position – Section 8 of POPIA

“A responsible party must, prior to processing the personal information of a data subject, ensure that the data subject is aware of: (a) the information being collected; (b) the purpose for which it is being collected; (c) whether the supply of the information is voluntary or mandatory; (d) the consequences of failure to provide the information; (e) the recipients of the information; (f) the right of access to and correction of the information; (g) the right to object to the processing of the information.”

The Breach

- Unauthorised disclosure of another litigant’s confidential judicial records.
- Provision of false confirmation of filing.
- Exposure of the third party’s identity without consent.

Forensic Implication

This was not a technical error. This was a direct violation of Section 8 of POPIA. The Information Regulator must be notified and must investigate.

14. JUDICIAL CONDUCT – THE “AMBULANCE AT THE COURTHOUSE” PRINCIPLE

The 25 March 2026 High Court Hearing

The Applicant appeared before Judge Anderson in Case No: 2026-066952 under conditions of documented extreme psychological duress.

The Unauthorized Representative

An Advocate attended the proceedings without the Applicant’s mandate and unilaterally assumed conduct of the matter. The direct consequence of this unauthorized intervention was that the matter was struck from the roll with a punitive Scale C costs order against the Applicant. This same Advocate was thereafter removed from the Judge’s chambers and placed under 72-hour involuntary psychiatric observation – an outcome the Court witnessed in real time.

The “Ambulance at the Courthouse” Principle

A court of law may not base a punitive order upon the conduct of a party’s purported representative when that representative was, at the material time, in an acute state of psychiatric crisis – a crisis the Court itself witnessed and was thereby placed on legal notice of.

The Applicant’s Position

The Applicant is a specialist registered nurse with 16 years of clinical governance experience. He identifies the Advocate's conduct on 25 March as consistent with acute mental decompensation. The resulting costs order was therefore granted on the basis of legally tainted conduct and is voidable on that ground alone.

Forensic Implication

The punitive costs order (Scale C) was granted based on the conduct of a representative who was in a state of psychiatric crisis – a fact the Court witnessed. The order is voidable. The audio recording is essential to establish this fact.

18. FINAL DECLARATION

This is the final administrative interaction between the Applicant and the Office of the Chief Justice regarding these matters.

The Registrar's contradictory positions, the "ghost notification," the system failures, Hanekom's silence on the audio request, the failure to acknowledge the Unilateral Pre-Trial Minute, the POPIA breach, the judicial conduct on 25 March 2026, the Judge Presidents' silence on the formal escalation, and the procedural obstruction have been exhaustively documented and will now be ventilated before:

- The Information Regulator – for POPIA breaches.
- Parliamentary Portfolio Committees – for oversight failure and misrepresentation to the National Speaker.
- The Judicial Service Commission – for administrative malfeasance and judicial conduct.
- The South African Human Rights Commission – for constitutional violations.
- The Legal Practice Council – for opposing counsel's conduct.

GOVERN YOURSELVES ACCORDINGLY.

NOTICE OF ADMINISTRATIVE DEFAULT AND FINAL DEMAND

Ref: EH/JO/2026/003 | 01 July 2026

TO:

The Honourable Judge President, Labour Court of South Africa (Cape Town)

The Honourable Judge President, High Court of South Africa (Western Cape Division)

Director Ruanne David, Office of the Chief Justice (Director of Court Operations)

The Registrar(s), Labour Court & High Court (Western Cape)

DATE: 01 July 2026
FROM: Wilbur William Matthee | EthicHawks Forensic Governance & Compliance Consultancy
REF: EH/JO/2026/003 | EthicHawks Final Closure Report (23 June 2026)
SUBJECT: **FORMAL NOTICE OF ADMINISTRATIVE DEFAULT AND FINAL DEMAND – SYSTEMIC FAILURE TO EXECUTE STATUTORY DUTIES**

1. INTRODUCTION

This notice serves as a formal declaration of administrative default. Despite prior escalations, specifically the Formal Escalation (Ref: EH/JO/2026/003), this office remains in receipt of zero substantive responses from the respective Registrars or the offices of the Judge Presidents regarding the matters enumerated in the EthicHawks Final Closure Report (23 June 2026).

2. THE DEFAULT

The Registry's failure to acknowledge filings, specifically the Unilateral Pre-Trial Minute in Case No: 2026-083299, and the failure to provide the requested audio recordings, constitutes a functional denial of the right of access to courts as guaranteed under Section 34 of the Constitution of the Republic of South Africa.

NON-DISCRETIONARY DUTY	Under Labour Court Rule 16(1), the Registrar's duty to enrol matters is mandatory and non-discretionary. The Registrar has no authority to substitute procedural preference for the imperative wording of the Rules.
SYSTEMIC FAILURE	The "ghost notifications" and admitted system challenges, as acknowledged by Director Ruanne David on 22 June 2026, do not absolve the Registry of its constitutional duty to ensure a functional, fair, and accessible judicial process.

3. FINAL DEMANDS

Given the ongoing silence and the absence of any substantive engagement, this notice provides a final period of five (5) court days from the date of receipt for the following actions to be completed:

1. **ENROLMENT:** Immediate enrolment of Case No: 2026-077546 on the Unopposed Roll for default judgment in terms of Labour Court Rule 16(1).
2. **ACKNOWLEDGMENT:** Written confirmation of receipt and placement of the Unilateral Pre-Trial Minute (Case No: 2026-083299) before a Judge for case management directives.
3. **DISCLOSURE:** Provision of the official audio recordings for the High Court proceedings of 25 March 2026 (Case No: 2026-066952) and 16 April 2026 (Case No: 2026-086906), as requested on 26 March 2026 and 03 June 2026 respectively.
4. **RECTIFICATION:** Substantive written response to the Formal Escalation (EH/JO/2026/003) from the offices of the respective Judge Presidents.

⚠ FIVE-DAY DEADLINE

All demands must be fulfilled within five (5) court days of receipt of this notice.
Non-compliance will be treated as an admission of institutional obstruction.

4. CONSEQUENCES OF NON-COMPLIANCE

Failure to rectify these administrative defaults within the stipulated five-day period will be treated as an admission of institutional obstruction. The following escalations will proceed immediately and without further notice:

- **JUDICIAL SERVICE COMMISSION (JSC):** Formal complaint regarding the dereliction of administrative and judicial oversight duties by court officials and the Judge Presidents of both the Labour Court and High Court (Western Cape Division).
- **PARLIAMENTARY PORTFOLIO COMMITTEES:** Presentation of the Consolidated Forensic Oversight Report to the Portfolio Committee on Justice and Constitutional Development, the Portfolio Committee on Employment and Labour, and the National Speaker of Parliament, documenting the failure of the justice system to provide basic administrative due process to a self-represented litigant.
- **INFORMATION REGULATOR:** Formal complaint reporting the POPIA breaches and data integrity failures, including the unauthorised disclosure of third-party judicial documents (Armstrong v City of Cape Town) and the "ghost notification" system failures, as documented in the Final Closure Report.

This list of escalations is not exhaustive. Further referrals to the South African Human Rights Commission (Section 9 and Section 34 violations) and the Legal Practice Council (conduct of Deneys Reitz Inc.) will proceed in parallel.

GOVERN YOURSELVES ACCORDINGLY.

RE: REQUEST FOR OFFICIAL RECORDING AND CERTIFIED TRANSCRIPT
Case No: 2026-066952 | Matthee v Fernandes & Others
Date of Hearing: 25 March 2026 | Urgent Court 4 | Approximately 14:15

I am the Applicant in the above-referenced matter, appearing as a self-represented litigant.

I hereby formally request the official court recording and a certified transcript of the proceedings in Urgent Court 4 on 25 March 2026, specifically the hearing of this matter at approximately 14:15.

Case Name: AfroCentric Investment Corporation Limited // Medscheme Holdings (Pty) Ltd v Wilbur William Matthee

Case Number: 2026-086906 (Western Cape High Court)

Hearing Date: 16 April 2026

Presiding Judge: The Honourable Acting
Justice Mphego (Court 5)

Dear Acting Chief Registrar Hanekom,

I am writing to you in my capacity as the Respondent (acting as a self-represented litigant) in the above-captioned matter. I am a Specialist Registered Nurse and Health Services Manager by profession.

I hereby submit an urgent request for access to the official digital audio recording of the urgent motion court proceedings held before the Honourable Acting Justice Mphego in Court 5 on 16 April 2026.

This request has become a matter of extreme procedural urgency due to formal, written representations issued today, 3 June 2026, by the Applicant's legal representatives, Deneys Reitz Inc.

In their correspondence titled "AFR1282 Letter to Parliament 03.06.2026.PDF" (addressed to the Honourable Speaker of the National Assembly) and "AFR1282 Letter to Matthee 03.06.2026.PDF" (addressed directly to me), senior legal practitioners have placed specific, granular factual assertions on record regarding the mechanics of that hearing.

Specifically, the firm asserts that:

At approximately 12:31 on 16 April 2026, my signed and commissioned Answering Affidavit was transmitted to the court.

The Honourable Acting Justice Mphego formally adjourned the court proceedings specifically to read and consider my Answering Affidavit prior to granting the interim rule nisi order.

To protect the absolute integrity of the judicial record, prevent any misrepresentation to external constitutional oversight bodies, and determine whether a material non-disclosure or procedural irregularity occurred, it is vital that the verbatim audio record of the proceedings be obtained. The official audio record is the sole objective mechanism available to confirm the exact timeline, judicial commentary, and statements made by the Applicant's counsel on that day.

Given that the interim interdict remains active and the matter carries significant constitutional, public health governance, and professional implications, your swift assistance in securing this audio record is profoundly appreciated.

Yours faithfully,

Sr. Wilbur W. Matthee

Dear Honourable Judge Presidents, Director David, and Respected Registrars,

Please find attached the Formal Notice of Administrative Default and Final Demand regarding the systemic failure to execute statutory duties, referenced as EH/JO/2026/003.

As detailed in the attached document, this office has received zero substantive responses regarding the matters enumerated in the Final Closure Report of 23 June 2026. Consequently, this notice serves as a final demand for the following actions to be completed within five (5) court days of receipt:

Enrolment: Immediate enrolment of Case No: 2026-077546 on the Unopposed Roll for default judgment.

Acknowledgement: Written confirmation of receipt and placement of the Unilateral Pre-Trial Minute (Case No: 2026-083299) before a Judge.

Disclosure: Provision of the official audio recordings for the High Court proceedings of 25 March 2026 and 16 April 2026.

Rectification: A substantive written response to the Formal Escalation (EH/JO/2026/003).

Non-compliance with these demands will be treated as an admission of institutional obstruction, and the outlined escalations—including reports to the Judicial Service Commission, Parliamentary Portfolio Committees, and the Information Regulator—will proceed immediately.

Please govern yourselves accordingly.

Respectfully,

=====

Dear Ms. Soundy,

Thank you for your email.

Please note that the court document provided appears to be inaccurate, as it refers to a matter involving David Potgieter and the City of Cape Town rather than my own.

I have attached my statement of claim, which I shared with you yesterday morning. I have ensured that this attachment includes the complete bundle of documents required for filing.

Kind regards,

Wilbur William Matthee
